

No.	Mandatory Requirement	Returnable documents		
1	Proof of SANS 10087 (Handling, storing and Installation of LP Gas)	A bidder must be provide a certificate to verify compliance.		
TECHNICAL REQUIREMENTS				
Evaluation Criteria Supply of Industrial Gas				
No.	Technical Criteria Description	Weight	Returnable documents	Notes
1	Driver License PrDP-d			
(i)	Driver License PrDP-d			
	PrDP-d license attached (Minimum of two(2) drivers)= 15%	15%	Attach drivers's PrDP-d license (Valid)	
	No PrDP-d license = 0%			
(ii)	Previous company experience on similar scope			
	More than 5 years of experience = 20%	20%	Reference letters from the referring company / Copy of signed contract(s)for similar projects successfully completed Evidence to be in client letterhead, reflect period i.e. start and end dates	
	More than 3 years of experience = 10%			
	1-3 years of experience = 5%			
2	Lead Time Commitment			
	Within Twenty Four hours =30 % > Twenty Four (24) hours= 0%	30%	Attach a letter confirming lead time of 24 Hours after receiving the official purchase order.	
3	Delivery Vehicle			
	Proof of Ownership of the delivery vehicle	15%	Attach proof of registration/ Log-book (Certified Copies) & Picture of the delivery Truck	
	Proof of Ownership of the delivery vehicle = 15%			
	No Proof = 0%			
4	Handling & Transportation of Dangerous Goods			
	Proof of compliance = 20%	20%	Proof of Certification to handle and transport hazardous goods (Supplier & Driver training)	
	No Proof = 0%			
Total Technical evaluation threshold		100%		
Minimum technical evaluation threshold is 70%		70%
