

Addendum

Amendment to E3480DXKZNOU Technical Evaluation Criteria for Maqhashiya PV Project – Provision and allowance for sub-contracting specialised resources

This addendum outlines an amendment introduced to the technical evaluation criteria that Eskom will use to assess tender submissions for the supply, installation, commissioning and maintenance for E3480DXKZNOU Maqhashiya PV Project. The amendment in the criteria relate specifically to the Tenderer's Resource List. The criteria for evaluating the proposed project remains covered under the original Technical Evaluation Criteria E3480DXKZNOU.

The amended Annexure now provides the Tenderer with the option to indicate whether specialised resources are employed by, or sub-contracted to, the Tendering company. The specialised work resources are limited to: the Project Manager for the site, the Civil Technician and the Quantity Surveyor. The compliance criteria applicable for the specialised work resources that may be sub-contracted are exactly the same criteria as for those resources employed by the company. For those specialised resources that are sub-contracted by the Tendering Company, a formal Letter of Agreement shall be submitted as evidence stating explicitly that the resources are contracted to the Tendering Company to provide the services required in respect of the Maqhashiya project and that these resources shall be available to execute responsibilities for the entire duration of the project. The Tenderer's Resource List is a returnable document for the Mandatory Criteria evaluation.

TABLE 1: MANDATORY CRITERIA AND RETURNABLE DOCUMENTS					
No.	Criteria	Returnable	Further Notes	Minimum / Quantity	Compliance
1.	Tenderer's Resource List	1 x <u>Complete and signed</u> Tenderer's Resource List page 1-2 For Resources to be Used on this Contract of the Technical Team signed by the Managing Director/CEO/Owner in the presence of a commissioner of Oaths. "Completed" means that the company name and other relevant information as per Note1 below are filled in, AND the Tenderer's Resource List is not left blank. – Annexure E page 1- 2	Refer to Note 1 below.	1 x <u>Complete and signed</u> Tenderer's Resource List of the Technical Team	Yes

The Project Manager, Civil Technician and Quantity Surveyor shall comply with the minimum academic, experience and professional requirements stipulated in the TEC. Should the Tenderer submit an externally contracted resource then the same requirements shall apply as per the table below.

End of Addendum

This addendum forms an integral part of the Technical Evaluation Criteria for Maqhashiya PV Project and shall be read in conjunction with the original document.
