18. SITE INSTRUCTION BOOK AND SITE DIARY

Prasa will provide a site instruction book for any instructions that need to be issued to the Contractor. The Contractor will have to sign for all instructions issued and will be issued with copies of the instructions.

The contractor will be responsible for keeping a site diary with all information related to the contract. This diary will have to be kept making record of rain delays, production for

the day, visitors to the site, expected date of material delivery, material delivered daily, labour and plant on site each day, etc. This will have to be filled in daily and be signed and submitted to Prasa representative on site.

19. HOURS OF WORK

No work will be permitted outside normal working hours, on Sundays, Saturdays Public Holidays, unless the permission of the Engineer has been obtained in writing.

The permission will only be granted to suit occupation periods granted or in other exceptional circumstances and under such conditions the Engineer may decide.

Normal working hours shall mean the period from 09:00 to 15:00 on normal weekdays.

20. FORM OF CONTRACT

The standard PRASA GCC contract agreement will be used.

21. SPECIFICATION OF THE WORK OR PRODUCTS OR SERVICES REQUIRED

This specification covers the work necessary for the maintenance of the Permanent way including Sets and Track Welding by the Contractor on a day-to-day basis and or emergency work in the Prasa KZN area.

This specification covers the work necessary for the maintenance of sets (turnouts, slips and diamond crossings).

The work includes: -

FETTLING

Fettling shall include the following tasks:

- (i) All screws and bolts on a set are to be fastened.
- (ii) All missing screws and bolts are to be replaced.
- (iii) All lubrication is to be carried out.
- (iv) All ballast is to be boxed in correctly and a clearance of 50mm from the underside of the point's blade to the ballast is to be provided throughout the sweep of the blade.

RE-GAUGING, GEOMETRY RECTIFICATION AND MATERIAL REPLACEMENTS

These tasks shall be performed for each set under dayworks:

- (i) All re-gauging required.
- (ii) All geometry rectification required (cant, lining and top).
- (iii) Replacement of all worn or missing material.
- (iv) Replacement of stock and switches.

PRODUCTION

It is a requirement of the contract that the Contractor shall perform complete maintenance upon a minimum of 25 to 30 sets in any 30-day period.

WELDING SPECIFICATIONS

This specification covers all the necessary work relating to track welding, (skidmarks, battered ends, grinding and welding of crossings, stock and switches and exothermic joints) at various locations on the Prasa KZN Region, and any other work arising out of, or incidental to the above or required from the Contractor for the proper completion of the WORKS in accordance with the true meaning and intent of the contract documents.

DEFINITION OF SKIDMARKS TO BE GRINDED AND WELDED

A Prasa representative will mark and measure the workload in advance.

All skidmarks shall be ground to the SSS specification to remove martinsite and cracks.

All skidmarks shall be welded and then be ground, all to the SSS specification.

It shall be left to the sole discretion of an authorized Prasa's representative which skidmarks shall be ground and welded.

Skidmarks that are to be welded will be measured in unit lengths of 240mm. Thus, if two or more skidmarks are less than 240mm apart it shall be taken as one repair unit.

The Engineer and Contractor will, at two weekly intervals, jointly inspect the previous two weeks completed work and the Engineer shall then accept or reject the work.

PREPARATION OF WORK AREAS

All related track work to enable quality grinding and welding work shall be done according to the specification of the Manual for track maintenance (2000)

Rubber and/or HDPE pads must be removed before the welding commences in order to avoid heat damage.

All rail fastening clips and springs must be removed on both sides of the skidmark to ensure the correct movement of the rail when heated and this shall be done according to the SSS specification.

Damaged sleepers and/or rail fastenings must be replaced when encountered. Material will be made available from Springfield material store.

All grinding and welding places must be thoroughly tamped with hand-held mechanical ballast tampers to ensure a smooth-running top of the railway track.

GRINDING AND WELDING PROCESS

Grinding and welding processes will be done according to the specifications SSS5, SSS6, SSS7, SSS8, SSS9, SSS10, SSS11, SSS12.

QUALITY CONTROL

The Engineer shall be responsible for the measurement of work to be done and work completed and will also be responsible for the measurement of the quality of work produced by the Contractor. Penalties, as set out in clause 4.10 of the General -Specifications of this contract, shall be claimed from the Contractor for any work that has not been completed by the end of the occupation time and thus results in delays to the train service.

The contractor shall ensure that loose and cracked steel (Martinsite) is ground out as specified in clause SSS 6.1- 6.3. Welders must be properly trained to ensure this. If found that this requirement is not adhered to, severe penalties will be levied as specified in clause 4.10.

Work not conforming to the relevant specifications will be rejected and recorded in the site instruction book. Repair of such work shall be for the account of the Contractor. The Contractor shall indicate in the site instruction book when these works shall be repaired in order for the necessary occupations to be arranged by the Engineer.

All welders will be tested and certified by Prasa to be competent to perform grinding, welding and related duties on commencement of the contract. These personnel must pass the evaluation before the Contractor may use these personnel on site. The evaluation shall take place on the day the contract commences and at the site as indicated on the Works program for the first day's work. Any work completed according to the specifications of this contract shall be accepted for payment and any work not completed according to the specifications of this contract shall be rejected for payment.

Prasa will issue a certificate or endorse the site instruction book to confirm the competencies of the welders.

No basic training will be permitted on the track. If required training can be provided and arranged at School of Rail. Such training shall be for the account of the Contractor.

22. DURATION

If, in the opinion of the Technical Officer, any person employed by the Contractor is inefficient, negligent, disrespectful, or objectionable, the Technical Officer may, after consultation with the Contractor, instruct that such person be removed from the WORKS.

During the currency of the Contract, the Contractor shall not approach any employee of PRASA with a view to offering them employment in any capacity whatsoever.

The Contractor shall ensure that all staff transported from Contractor's depot to the area of work/site.

The attention of the Contractor is directed to the requirements of safety legislation and regulations about storage and transport of dangerous substances, accommodation, and transport of people.

Staff shall only be allowed to travel in approved accommodation or cabin facilities.

28. HOURS OF WORK

The Contractor shall conform to the hours of duty laid down by the Technical Officer.

When required, the Contractor shall work either overtime, on paid public holidays, Saturdays, or Sundays.

Work shall not be suspended for rain or inclement weather unless otherwise agreed by the Technical Officer.

29. COMPLIANCE WITH STATUTES AND SAFETY RULES

The Contractor shall comply with all applicable legislation and PRASA safety requirements. The costs of such compliance shall be borne by the Contractor and shall be deemed to have been allowed for in the rates and prices in the Contract.

The Contractor shall comply with the following Acts: -

- (i) The Compensation for Occupational Injuries and Diseases Act, (Act 130 of 1993); The Contractor shall produce proof of his/her registration and good standing with the Compensation Commissioner in terms of the Act.
- (ii) The Occupational Health and Safety Act (Act 85 of 1993); The Contractor is in terms of section 37(2) of the Occupational Health and Safety Act 85 of 1993, deemed to be an employer in his/her own right with duties as prescribed in the Act, and agrees to ensure that all work will be performed or machinery and plant used in accordance with the provisions of the Act in respect of all persons in his/her employment, other persons on the premises or the site or place of the works or on the works to be executed by the contractor and under his/her control in terms of the Contract. The agreements in this Contract and all documents attached or referred to, form an integral part of the arrangements and procedures mentioned in the aforementioned section.
- (iii) The Explosives Act (Act. 15 of 2003) as amended; The Contractor shall when applicable, furnish the Project Manager with copies of the permits authorizing him or his employee, to establish an explosives magazine on or near the site and to undertake blasting operations in compliance with the Act.
- (iv) The Labour Relations Act, 1995 (Act No. 66 of 1995);
- (v) The Basic Conditions of Employment Act, 1997 (Act No. 75 of 1997);
- (vi) The Employment Equity Act, 1998 (Act No. 55 of 1998);
- (vii) Value-added Tax Act, 1991 (Act. No. 89 of 1991);
- (viii) Income Tax Act, 1962 (Act No. 58 of 1962);
- (ix) National Railway Safety Regulator Act, 2002 (Act No. 16 of 2002); and
- (x) Provincial Ordinances and Local Authority By laws, and all relevant Regulations framed there under having an effect on his/her business or the operator provided in terms of this agreement.

The Contractor shall comply with the current PRASA Specification E.4E, Safety Arrangements and Procedural Compliance with the Occupational Health and Safety Act, Act 85 of 1993 and Regulations, and shall, before commencement with the execution of the Contract, which shall

include site establishment and delivery of construction plant, equipment or materials, submit to the Technical Officer,

- documentary proof of his/her procedural compliance with the Act and
- particulars of the Health and Safety Program to be implemented on the site in accordance with the Specification E.4E.

The Contractor's Health and Safety Program will be subject to agreement by the Technical Officer, who may order supplementary and/or additional safety arrangements and/or different safe working methods to ensure full compliance by the Contractor with his/her obligations as an employer in terms of the Act.

The Contractor shall comply with the current Specification for Works On, Over, Under or Adjacent to Railway Lines and near High Voltage Equipment – E7/1, if applicable, and shall take particular care of the safety of his/her employees working on or in close proximity to a railway line during track occupations as well as under normal operational conditions. They shall also comply with all other safety requirements, regulations, and guidelines of PRASA applicable to the nature of WORKS carried out under the Contract, and as instructed by the Technical Officer from time to time.

In addition to compliance with clause 5.8.2 hereof, the Contractor shall report all incidents contemplated by Section 24 of Act. 85 of 1993, as well

The term "safety rules" in clauses 5.8.1 and 5.8.2 is used in a generic sense and refers to all PRASA arrangements, procedures, and requirements, pertaining to safety, specified, or incorporated by reference in the contract documents, such as the Specification for Work On, Over, Under or Adjacent to Railway Lines and near High Voltage Equipment, E7/1, the Electrical Safety Instructions - High Voltage Equipment. (Copies of these documents are available for inspection at the offices of PRASA.)

30. PLACE OF WORK

The Track Manager shall determine where the Work shall be performed.

The Contractor shall make the necessary arrangements to move the material issued by Prasa by truck from Perway Stores to site and tendered rates shall include this activity.

31. RECORDS AND INSTRUCTION BOOKS

The Contractor shall submit such returns as may be required by the Technical Officer. He shall also provide and keep on each team a duplicate carbon copy book, A4 size, the Workbook, in which instructions and events concerning the contract work shall be recorded, signed, and dated by the Technical Officer or his/her deputy, and the Contractor.

32. CARE OF MATERIAL SUPPLIED BY PRASA

Any material supplied by PRASA shall be used in the most economical way, and the Contractor shall take all reasonable care to prevent loss or damage thereof. Any material lost or damaged through negligence on the part of the Contractor or his/her employees shall either be made good by the Contractor or PRASA will replace it. The

value of the material replaced by PRASA, including the cost of transport at normal tariffs applicable to the public, will be deducted from any money due to the Contractor or recovered in any other way.

PRICING, BOQ/BOM AND DELIVERY SCHEDULE

Respondents are required to complete the attached Pricing Schedule **Annexure:**

- 1 Prices must be quoted in South African Rand, inclusive of all applicable taxes.
- 2 Price offer is firm and clearly indicate the basis thereof.
- 3 Pricing Bill of Quantity is completed in line with schedule if applicable.
- 4 Cost breakdown must be indicated.
- 5 Price escalation basis and formula must be indicated.
- 6 To facilitate like-for like comparison bidders must submit pricing strictly in accordance with this price schedule and not utilize a different format. Deviation from this pricing schedule could result in a bid being declared non-responsive.
- 7 Please note that should you have offered a discounted price(s), PRASA will only consider such price discount(s) in the final evaluation stage on an unconditional basis.
- 8 Respondents are to note that if price offered by the highest scoring bidder is not market related, PRASA may not award the contract to the Respondent. PRASA may:
 - 8.1 Negotiate a market-related price with the Respondent scoring the highest points;
 - 8.2 If that Respondent does not agree to a market-related price, negotiate a market-related price with the Respondent scoring the second highest points;
 - 8.3 If the Respondent scoring the second highest points does not agree to a market-related price, negotiate a market-related price with the Respondent scoring the third highest points;
 - 8.4 If a market-related price is not agreed with the Respondent scoring the third highest points, PRASA must cancel the RFQ.

SECTION 6.

PRASA GENERAL CONDITIONS OF PURCHASE

General

PRASA and the Supplier enter into an order/contract on these conditions to supply the items (goods/services/works) as described in the order/contract.

Conditions

These conditions form the basis of the contract between PRASA and the Supplier. Notwithstanding anything to the contrary in any document issued or sent by the Supplier, these conditions apply except as expressly agreed in writing by PRASA.

No servant or agent of PRASA has authority to vary these conditions orally. These general conditions of purchase are subject to such further special conditions as may be prescribed in writing by PRASA in the order/contract.

Price and payment

The price or rates for the items stated in the order/contract may include an amount for price adjustment, which is calculated in accordance with the formula stated in the order/contract.

The Supplier may be paid in one currency other than South African Rand. Only one exchange rate is used to convert from this currency to South African Rand. Payment to the Supplier in this currency other than South African Rand, does not exceed the amounts stated in the order/contract. PRASA pays for the item within 30 days of receipt of the Suppliers correct tax invoice.

Delivery and documents

The Supplier's obligation is to deliver the items on or before the date stated in the order/contract. Late deliveries or late completion of the items may be subject to a penalty if this is imposed in the order/contract. No payment is made if the Supplier does not provide the item as stated in order/contract.

Where items are to be delivered the Supplier:

Clearly marks the outside of each consignment or package with the Supplier's name and full details of the destination in accordance with the order and includes a packing note stating the contents thereof; On dispatch of each consignment, sends to PRASA at the address for delivery of the items, an advice note specifying the means of transport, weight, number of volume as appropriate and the point and date of dispatch; Sends to PRASA a detailed priced invoice as soon as is reasonably

practical after dispatch of the items, and states on all communications in respect of the order the order number and code number (if any).

Containers / packing material

Unless otherwise stated in the order/contract, no payment is made for containers or packing materials or return to the Supplier.

Title and risk

Without prejudice to rights of rejection under these conditions, title to and risk in the items passes to PRASA when accepted by PRASA.

Rejection

If the Supplier fails to comply with his obligations under the order/contract, PRASA may reject any part of the items by giving written notice to the Supplier specifying the reason for rejection and whether and within what period replacement of items or re-work are required.

In the case of items delivered, PRASA may return the rejected items to the Supplier at the Supplier's risk and expense. Any money paid to the Supplier in respect of the items not replaced within the time required, together with the costs of returning rejected items to the Supplier and obtaining replacement items from a third party, are paid by the Supplier to PRASA.

In the case of service, the Supplier corrects non-conformances as indicated by PRASA.

Warranty

Without prejudice to any other rights of PRASA under these conditions, the Supplier warrants that the items are in accordance with PRASA's requirements and fit for the purpose for which they are intended, and will remain free from defects for a period of one year (unless another period is stated in the Order) from acceptance of the items by PRASA.

Indemnity

The Supplier indemnifies PRASA against all actions, suits, claims, demands, costs, charges and expenses arising in connection therewith arising from the negligence, infringement of intellectual or legal rights or breach of statutory duty of the Supplier, his subcontractors, agents or servants, or from the Supplier's defective design, materials or workmanship.

The Supplier indemnifies PRASA against claims, proceedings, compensation and costs payable arising out of infringement by the Supplier of the rights of others, except an infringement which arose out of the use by the Supplier of things provided by PRASA.

Assignment and sub-contracting

The successful Respondent awarded the contract may only enter into a subcontracting arrangement with PRASA's prior approval. The contract will be concluded between the successful Respondent and PRASA, therefore, the successful Respondent and not the sub-contractor will be held liable for performance in terms of its contractual obligations.

Governing law

The order/contract is governed by the law of the Republic of South Africa and the parties hereby submit to the non-exclusive jurisdiction of the South African courts.

PREFERENCE POINTS CLAIM FORM IN TERMS OF THE PREFERENTIAL PROCUREMENT REGULATIONS 2022

This preference form must form part of all tenders invited. It contains general information and serves as a claim form for preference points for specific goals.

NB: BEFORE COMPLETING THIS FORM, TENDERERS MUST STUDY THE GENERAL CONDITIONS, DEFINITIONS AND DIRECTIVES APPLICABLE IN RESPECT OF THE TENDER AND PREFERENTIAL PROCUREMENT REGULATIONS, 2022

1. GENERAL CONDITIONS

1.1 The following preference point systems are applicable to invitations to tender:

- the 80/20 system for requirements with a Rand value of up to R50 000 000 (all applicable taxes included).

1.2 The applicable preference point system for this tender is the 80/20 preference point system.

- (a) The lowest acceptable tender will be used to determine the accurate system once tenders are received.

1.3 Points for this tender (even in the case of a tender for income-generating contracts) shall be awarded for:

- (a) Price; and
- (b) Specific Goals.

1.4 The maximum points for this tender are allocated as follows:

	POINTS
PRICE	80
SPECIFIC GOALS	20
Total points for Price and Specific Goals	100

1.5 Failure on the part of a tenderer to submit proof or documentation required in terms of this tender to claim points for specific goals with the tender, will be interpreted to mean that preference points for specific goals are not claimed.

1.6 The organ of state reserves the right to require of a tenderer, either before a tender is adjudicated or at any time subsequently, to substantiate any claim in regard to preferences, in any manner required by the organ of state.

2. DEFINITIONS

(a) **“tender”** means a written offer in the form determined by an organ of state in response to an invitation to provide goods or services through price quotations, competitive tendering process or any other method envisaged in legislation;

(b) **“price”** means an amount of money tendered for goods or services, and includes all applicable taxes less all unconditional discounts;

(c) **“rand value”** means the total estimated value of a contract in Rand, calculated at the time of bid invitation, and includes all applicable taxes;

(d) **“tender for income-generating contracts”** means a written offer in the form determined by an organ of state in response to an invitation for the origination of income-generating contracts through any method envisaged in legislation that will result in a legal agreement between the organ of state and a third party that produces revenue for the organ of state, and includes, but is not limited to, leasing and disposal of assets and concession contracts, excluding direct sales and disposal of assets through public auctions; and

(e) **“the Act”** means the Preferential Procurement Policy Framework Act, 2000 (Act No. 5 of 2000).

3. FORMULAE FOR PROCUREMENT OF GOODS AND SERVICES

POINTS AWARDED FOR PRICE

THE 80/20 OR 90/10 PREFERENCE POINT SYSTEMS

A maximum of 80 or 90 points is allocated for price on the following basis:

80/20

$$P_s = 80 \left(1 - \frac{P_t - P_{min}}{P_{min}} \right)$$

Where:

P_s = Points scored for price of tender under consideration

P_t = Price of tender under consideration

P_{min} = Price of lowest acceptable tender

3. POINTS AWARDED FOR SPECIFIC GOALS

3.1. In terms of Regulation 4(2); 5(2); 6(2) and 7(2) of the Preferential Procurement Regulations, preference points must be awarded for specific goals stated in the tender. For the purposes of this tender the tenderer will be allocated points based on the goals stated in table 1 below as may be supported by proof/ documentation stated in the conditions of this tender:

3.2. In cases where organs of state intend to use Regulation 3(2) of the Regulations, which states that, if it is unclear whether the 80/20 preference point system applies, an organ of state must, in the tender documents, stipulate in the case of—

(b) an invitation for tender for income-generating contracts, that the 80/20 preference point system will apply and that the highest acceptable tender will be used to determine the applicable preference point system; or

(c) any other invitation for tender, that the 80/20 preference point system will apply and that the lowest acceptable tender will be used to determine the applicable preference point system,

then the organ of state must indicate the points allocated for specific goals for 80/20 preference point system.

Table 1: Specific goals for the tender and points claimed are indicated per the table below.

(Note to organs of state: Where the 80/20 preference point system is applicable, corresponding points must also be indicated as such.

Note to tenderers: The tenderer must indicate how they claim points for each preference point system.)

- ii) The preference points claimed are in accordance with the General Conditions as indicated in paragraph 1 of this form;

iii) In the event of a contract being awarded as a result of points claimed as shown in paragraphs 1.4 and 4.2, the contractor may be required to furnish documentary proof to the satisfaction of the organ of state that the claims are correct;

iv) If the specific goals have been claimed or obtained on a fraudulent basis or any of the conditions of contract have not been fulfilled, the organ of state may, in addition to any other remedy it may have –

(a) disqualify the person from the tendering process;

(b) recover costs, losses or damages it has incurred or suffered as a result of that person's conduct;

(c) cancel the contract and claim any damages which it has suffered as a result of having to make less favourable arrangements due to such cancellation;

(d) recommend that the tenderer or contractor, its shareholders and directors, or only the shareholders and directors who acted on a fraudulent basis, be restricted from obtaining business from any organ of state for a period not exceeding 10 years, after the *audi alteram partem* (hear the other side) rule has been applied; and

(e) forward the matter for criminal prosecution, if deemed necessary.
