

1. TECHNICAL EVALUATION CRITERIA FOR: CLAMSHELL GATES

1.1 TECHNICAL EVALUATION CRITERIA

	Qualitative Technical Criteria Description		Tender Returnable	Criteria Weighting (%)	Score	Sub Criteria Weighting (%)
1.	Relevant Experience			40%		
	1.1	Foundry to manufacture the clamshell gates record of accomplishment of not less than five related products of a similar nature (i.e., products that include casting and machining of cast products. The portfolio of evidence and references must be verifiable.	Reference list of similar types of completion/delivery certificates, including name of customer, brief description of product, value and contact details.	10 relevant Products	25	25
				Between 5 and 9 relevant Products	15	
				Less than 5 relevant Products	0	
	1.2	Foundry that will fabricate the product years of operation and registration. Verifiable documents must be submitted. Confirmation letter of partnership.	CIPC registration document	≥ 7 Years	15	15
				≥ 5 Years	10	
				≥ 3 Years	5	
				< 3 Years	0	
				Sub Score:		

2.	Method Statement and Technical Requirements			60%		
	2.1	Method statement with full details on how the clamshell gates will be manufactured. Method statement to clearly demonstrate full understanding of the processes in accordance with the BS EN 1561:2011 Founding. Grey cast irons.	Method statement with all the information	Method statement submitted with all the relevant information.	40	40
				Method statement submitted with 80% information.	20	
				Method statement submitted with less than 80% of the information.	0	
				Sub score:		
	2.2	Proposed project schedule	Delivery schedule	Schedule submitted with key milestones showing the capability to deliver all the quantities within 12 weeks	5	5
				Schedule submitted but do not correlate with the delivery period	0	
				Sub score		
	2.3	Quality Control Plans (QCPs) Includes valid ISO 9001:2015 Quality Management System -Requirements certificate.	Relevant and informative QCPs	All necessary Quality controls with detailed information.	15	15
				Quality controls submitted but missing some relevant and detailed information.	10	
No QCPs				0		
Sub score						
				TOTAL		100
MINIMUM THRESHOLD REQUIRED IS 80%
