## C1.1 Form of Offer & Acceptance

### Offer

The Purchaser, identified in the Acceptance signature block, has solicited offers to enter into a contract for the procurement of:

**Supply and delivery of Coal Reference materials for a period of five (5) years on an "as and when required" basis, at Lethabo Power Station.**

The tenderer, identified in the Offer signature block, has

|               |                                                                                                                                                                                 |
|---------------|---------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| <i>either</i> | examined the documents listed in the Tender Data and addenda thereto as listed in the Returnable Schedules, and by submitting this Offer has accepted the Conditions of Tender. |
| <i>or</i>     | examined the draft contract as listed in the Acceptance section and agreed to provide this Offer.                                                                               |

By the representative of the tenderer, deemed to be duly authorised, signing this part of this Form of Offer and Acceptance the tenderer offers to perform all of the obligations and liabilities of the *Supplier* under the contract including compliance with all its terms and conditions according to their true intent and meaning for an amount to be determined in accordance with the *conditions of contract* identified in the Contract Data.

|  |                                                                      |          |
|--|----------------------------------------------------------------------|----------|
|  | The offered total of the Prices exclusive of VAT is                  | <b>R</b> |
|  | Value Added Tax @ 15% is                                             | <b>R</b> |
|  | The offered total of the amount due inclusive of VAT is <sup>1</sup> | <b>R</b> |
|  | (in words)                                                           |          |

This Offer may be accepted by the Purchaser by signing the Acceptance part of this Form of Offer and Acceptance and returning one copy of this document including the Schedule of Deviations (if any) to the tenderer before the end of the period of validity stated in the Tender Data, or other period as agreed, whereupon the tenderer becomes the party named as the *Supplier* in the *conditions of contract* identified in the Contract Data.

<sup>1</sup> This total is required by the *Purchaser* for budgeting purposes only. Actual amounts due will be assessed in terms of the *conditions of contract*.

## Acceptance

By signing this part of this Form of Offer and Acceptance, the Purchaser identified below accepts the tenderer's Offer. In consideration thereof, the Purchaser shall pay the Supplier the amount due in accordance with the *conditions of contract* identified in the Contract Data. Acceptance of the tenderer's Offer shall form an agreement between the Purchaser and the tenderer upon the terms and conditions contained in this agreement and in the contract that is the subject of this agreement.

The terms of the contract, are contained in:

|         |                                                                                  |
|---------|----------------------------------------------------------------------------------|
| Part C1 | Agreements and Contract Data, (which includes this Form of Offer and Acceptance) |
| Part C2 | Pricing Data                                                                     |
| Part C3 | Scope of Work: Goods Information including Supply Requirements                   |

and drawings and documents (or parts thereof), which may be incorporated by reference into the above listed Parts.

Deviations from and amendments to the documents listed in the Tender Data and any addenda thereto listed in the Returnable Schedules as well as any changes to the terms of the Offer agreed by the tenderer and the Purchaser during this process of offer and acceptance, are contained in the Schedule of Deviations attached to and forming part of this Form of Offer and Acceptance. No amendments to or deviations from said documents are valid unless contained in this Schedule.

The tenderer shall within two weeks of receiving a completed copy of this agreement, including the Schedule of Deviations (if any), contact the Purchaser's agent (whose details are given in the Contract Data) to arrange the delivery of any securities, bonds, guarantees, proof of insurance and any other documentation to be provided in terms of the *conditions of contract* identified in the Contract Data at, or just after, the date this agreement comes into effect. Failure to fulfil any of these obligations in accordance with those terms shall constitute a repudiation of this agreement.

Notwithstanding anything contained herein, this agreement comes into effect on the date when the tenderer receives one fully completed and signed original copy of this document, including the Schedule of Deviations (if any).

**Schedule of Deviations to be completed by the *Purchaser* prior to contract award**

Note:

1. This part of the Offer & Acceptance would not be required if the contract has been developed by negotiation between the Parties and is not the result of a process of competitive tendering.
2. The extent of deviations from the tender documents issued by the Purchaser prior to the tender closing date is limited to those permitted in terms of the Conditions of Tender.
3. A tenderer's covering letter must not be included in the final contract document. Should any matter in such letter, which constitutes a deviation as aforesaid be the subject of agreement reached during the process of Offer and Acceptance, the outcome of such agreement shall be recorded here and the final draft of the contract documents shall be revised to incorporate the effect of it.

## **Z1 Cession delegation and assignment**

- Z1.1 The *Supplier* does not cede, delegate or assign any of its rights or obligations to any person without the written consent of the *Purchaser*.
- Z1.2 Notwithstanding the above, the *Purchaser* may on written notice to the *Supplier* cede and delegate its rights and obligations under this contract to any of its subsidiaries or any of its present divisions or operations which may be converted into separate legal entities as a result of the restructuring of the Electricity Supply Industry.

## **Z2 Joint ventures**

- Z2.1 If the *Supplier* constitutes a joint venture, consortium or other unincorporated grouping of two or more persons or organisations then these persons or organisations are deemed to be jointly and severally liable to the *Purchaser* for the performance of this contract.
- Z2.2 Unless already notified to the *Purchaser*, the persons or organisations notify the *Supply Manager* within two weeks of the Contract Date of the key person who has the authority to bind the *Supplier* on their behalf.
- Z2.3 The *Supplier* does not alter the composition of the joint venture, consortium or other unincorporated grouping of two or more persons without the consent of the *Purchaser* having been given to the *Supplier* in writing.

## **Z3 Change of Broad Based Black Economic Empowerment (B-BBEE) status**

- Z3.1 Where a change in the *Supplier's* legal status, ownership or any other change to his business composition or business dealings results in a change to the *Supplier's* B-BBEE status, the *Supplier* notifies the *Purchaser* within seven days of the change.
- Z3.2 The *Supplier* is required to submit an updated verification certificate and necessary supporting documentation confirming the change in his B-BBEE status to the *Supply Manager* within thirty days of the notification or as otherwise instructed by the *Supply Manager*.
- Z3.3 Where, as a result, the *Supplier's* B-BBEE status has decreased since the Contract Date the *Purchaser* may either re-negotiate this contract or alternatively, terminate the *Supplier's* obligation to Provide the Goods and Services.

- Z3.4 Failure by the *Supplier* to notify the *Purchaser* of a change in its B-BBEE status may constitute a reason for termination. If the *Purchaser* terminates in terms of this clause, the procedures on termination are P1, P2 and P3 as stated in clause 92, and the amount due is A1 and A3 as stated in clause 93.

## **Z4 Confidentiality**

- Z4.1 The *Supplier* does not disclose or make any information arising from or in connection with this contract available to Others. This undertaking does not, however, apply to information which at the time of disclosure or thereafter, without default on the part of the *Supplier*, enters the public domain or to information which was already in the possession of the *Supplier* at the time of disclosure (evidenced by written records in existence at that time). Should the *Supplier* disclose information to Others in terms of clause 23.1, the *Supplier* ensures that the provisions of this clause are complied with by the recipient.
- Z4.2 If the *Supplier* is uncertain about whether any such information is confidential, it is to be regarded as such until notified otherwise by the *Supply Manager*.
- Z4.3 In the event that the *Supplier* is, at any time, required by law to disclose any such information which is required to be kept confidential, the *Supplier*, to the extent permitted by law prior to disclosure, notifies the *Purchaser* so that an appropriate protection order and/or any other action can be taken if possible, prior to any disclosure. In the event that such protective order is not, or cannot, be obtained, then the *Supplier* may disclose that portion of the information which it is required to be disclosed by law and uses reasonable efforts to obtain assurances that confidential treatment will be afforded to the information so disclosed.
- Z4.4 The taking of images (whether photographs, video footage or otherwise) of the *goods* or any portion thereof, in the course of Providing the Goods and Services and after Delivery, requires the prior written consent of the *Supply Manager*. All rights in and to all such images vests exclusively in the *Purchaser*.
- Z4.5 The *Supplier* ensures that all his subcontractors abide by the undertakings in this clause.

## **Z5 Waiver and estoppel: Add to core clause 12.3:**

- Z5.1 Any extension, concession, waiver or relaxation of any action stated in this contract by the Parties, the *Supply Manager* or the *Adjudicator* does not constitute a waiver of rights, and does not give rise to an estoppel unless the Parties agree otherwise and confirm such agreement in writing.

## **Z6 Health, safety and the environment: Add to core clause 25.4**

- Z6.1 The *Supplier* undertakes to take all reasonable precautions to maintain the health and safety of persons in and about the provision of the *goods* and execution of the *services*.

Without limitation the *Supplier*:

- warrants that the total of the Prices as at the Contract Date includes a sufficient amount for proper compliance with all applicable health & safety laws and regulations and the health and safety rules, guidelines and procedures provided for in this contract and generally for the proper maintenance of health & safety in and about the execution of supply and
- undertakes, in and about the execution of the supply, to comply with all applicable health & safety laws and regulations and rules, guidelines and procedures otherwise provided for under this contract and ensures that his Subcontractors, employees and others under the *Supplier's* direction and control, likewise observe and comply with the foregoing.

- Z6.2 The *Supplier*, in and about the execution of the supply, complies with all applicable

environmental laws and regulations and rules, guidelines and procedures otherwise provided for under this contract and ensures that his Subcontractors, employees and others under the *Supplier's* direction and control, likewise observe and comply with the foregoing.

**Z7 Provision of a Tax Invoice and interest. Add to core clause 51**

- Z7.1 Within one week of receiving a payment certificate from the *Supply Manager* in terms of core clause 51.1, the *Supplier* provides the *Purchaser* with a tax invoice in accordance with the *Purchaser's* procedures stated in the Goods Information, showing the amount due for payment equal to that stated in the payment certificate.
- Z7.2 If the *Supplier* does not provide a tax invoice in the form and by the time required by this contract, the time by when the *Purchaser* is to make a payment is extended by a period equal in time to the delayed submission of the correct tax invoice. Interest due by the *Purchaser* in terms of core clause 51.2 is then calculated from the delayed date by when payment is to be made.
- Z7.3 The *Supplier* (if registered in South Africa in terms of the companies Act) is required to comply with the requirements of the Value Added Tax Act, no 89 of 1991 (as amended) and to include the *Purchaser's* VAT number 4740101508 on each invoice he submits for payment.

**Z8 Notifying compensation events**

- Z8.1 Delete from the last sentence in core clause 61.3 the words, "unless the event arises from the *Supply Manager* giving an instruction, changing an earlier decision or correcting an assumption".

**Z9 Purchaser's limitation of liability**

- Z9.1 The *Purchaser's* liability to the *Supplier* for the *Supplier's* indirect or consequential loss is limited to R0.00 (zero Rand)
- Z9.2 The *Supplier's* entitlement under the indemnity in 83.1 is provided for in 60.1(12) and the *Purchaser's* liability under the indemnity is limited.

**Z10 Termination: Add to core clause 91.1, at the second main bullet point, fourth sub-bullet point, after the words "against it":**

- Z10.1 or had a business rescue order granted against it.

**Z11 Addition to secondary Option X7 Delay damages (if applicable in this contract)**

- Z11.1 If the amount due for the *Supplier's* payment of delay damages reaches the limits stated in this Contract Data for Option X7, the *Purchaser* may terminate the *Supplier's* obligation to Provide the Goods and Services using the same procedures and payment on termination as those applied for reasons R1 to R15 or R18 stated in the Termination Table.

**Z12 Ethics**

For the purposes of this Z-clause, the following definitions apply:

**Affected Party** means, as the context requires, any party, irrespective of whether it is the *Supplier* or a third party, such party's employees, agents, or Subcontractors or Subcontractor's

employees, or any one or more of all of these parties' relatives or friends,

|                           |                                                                                                                                                                                                                               |
|---------------------------|-------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| <b>Coercive Action</b>    | means to harm or threaten to harm, directly or indirectly, an Affected Party or the property of an Affected Party, or to otherwise influence or attempt to influence an Affected Party to act unlawfully or illegally,        |
| <b>Collusive Action</b>   | means where two or more parties co-operate to achieve an unlawful or illegal purpose, including to influence an Affected Party to act unlawfully or illegally,                                                                |
| <b>Committing Party</b>   | means, as the context requires, the <i>Supplier</i> , or any member thereof in the case of a joint venture, or its employees, agents, or Subcontractors or the Subcontractor's employees,                                     |
| <b>Corrupt Action</b>     | means the offering, giving, taking, or soliciting, directly or indirectly, of a good or service to unlawfully or illegally influence the actions of an Affected Party,                                                        |
| <b>Fraudulent Action</b>  | means any unlawfully or illegally intentional act or omission that misleads, or attempts to mislead, an Affected Party, in order to obtain a financial or other benefit or to avoid an obligation or incurring an obligation, |
| <b>Obstructive Action</b> | means a Committing Party unlawfully or illegally destroying, falsifying, altering or concealing information or making false statements to materially impede an investigation into allegations of Prohibited Action, and       |
| <b>Prohibited Action</b>  | means any one or more of a Coercive Action, Collusive Action Corrupt Action, Fraudulent Action or Obstructive Action.                                                                                                         |

- Z12.1 A Committing Party may not take any Prohibited Action during the course of the procurement of this contract or in execution thereof.
- Z12.2 The *Purchaser* may terminate the *Supplier's* obligation to Provide the Services if a Committing Party has taken such Prohibited Action and the *Supplier* did not take timely and appropriate action to prevent or remedy the situation, without limiting any other rights or remedies the *Purchaser* has. It is not required that the Committing Party had to have been found guilty, in court or in any other similar process, of such Prohibited Action before the *Purchaser* can terminate the *Supplier's* obligation to Provide the Services for this reason.
- Z12.3 If the *Purchaser* terminates the *Supplier's* obligation to Provide the Services for this reason, the amounts due on termination are those intended in core clauses 92.1 and 92.2.
- Z12.4 A Committing Party co-operates fully with any investigation pursuant to alleged Prohibited Action. Where the *Purchaser* does not have a contractual bond with the Committing Party, the *Supplier* ensures that the Committing Party co-operates fully with an investigation.

## Z13Insurance

### Z 13.1 Replace core clause 84 with the following:

|                        |             |                                                                                                                                                                                                                                               |
|------------------------|-------------|-----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| <b>Insurance cover</b> | <b>84</b>   |                                                                                                                                                                                                                                               |
|                        | <b>84.1</b> | When requested by a Party, the other Party provides certificates from his insurer or broker stating that the insurances required by this contract are in force.                                                                               |
|                        | <b>84.2</b> | The <i>Supplier</i> provides the insurances stated in the Insurance Table A for events which are at the <i>Supplier's</i> risk from the <i>starting date</i> until the last <i>defects date</i> or a termination certificate has been issued. |

**INSURANCE TABLE A**

| <b>Insurance against</b>                                                                                                                                                                                                                                        | <b>Minimum amount of cover or minimum limit of indemnity</b>                                                                                                                                                                                                                                                                                                                                                                                      |
|-----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|---------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Loss of or damage to the <i>goods</i> , plant and materials                                                                                                                                                                                                     | The replacement cost where not covered by the <i>Purchaser's</i> insurance.<br><br>The <i>Purchaser's</i> policy deductible as at Contract Date, where covered by the <i>Purchaser's</i> insurance.                                                                                                                                                                                                                                               |
| Liability for loss of or damage to property (except the <i>goods</i> , plant and materials and equipment) and liability for bodily injury to or death of a person (not an employee of the <i>Supplier</i> ) caused by activity in connection with this contract | <b><u>Loss of or damage to property</u></b><br><b><u>Purchaser's property</u></b><br>The replacement cost where not covered by the <i>Purchaser's</i> insurance.<br><br>The <i>Purchaser's</i> policy deductible as at Contract Date, where covered by the <i>Purchaser's</i> insurance.<br><br><b><u>Other property</u></b><br>The replacement cost<br><br><b><u>Death of or bodily injury</u></b><br>The amount required by the applicable law. |
| Liability for death of or bodily injury to employees of the <i>Supplier</i> arising out of and in the course of their employment in connection with this contract                                                                                               | The amount required by the applicable law                                                                                                                                                                                                                                                                                                                                                                                                         |

**Z 13.2 Replace core clause 87 with the following:**

**Insurance by  
the *Purchaser***

87

87.1 The *Purchaser* provides the insurances stated in the Insurance Table B

**INSURANCE TABLE B**

| <b>Insurance against or name of policy</b>        | <b>Minimum amount of cover or minimum of indemnity</b> |
|---------------------------------------------------|--------------------------------------------------------|
| Assets All Risk                                   | Per the insurance policy document                      |
| Contract Works insurance                          | Per the insurance policy document                      |
| Environmental Liability                           | Per the insurance policy document                      |
| General and Public Liability                      | Per the insurance policy document                      |
| Transportation (Marine)                           | Per the insurance policy document                      |
| Motor Fleet and Mobile Plant                      | Per the insurance policy document                      |
| Terrorism                                         | Per the insurance policy document                      |
| Cyber Liability                                   | Per the insurance policy document                      |
| Nuclear Material Damage and Business Interruption | Per the insurance policy document                      |

|                                      |                                   |
|--------------------------------------|-----------------------------------|
| Nuclear Material Damage<br>Terrorism | Per the insurance policy document |
|--------------------------------------|-----------------------------------|

## **Z14 Nuclear Liability**

- Z14.1 The *Purchaser* is the operator of the Koeberg Nuclear Power Station (KNPS), a nuclear installation, as designated by the National Nuclear Regulator of the Republic of South Africa, and is the holder of a nuclear licence in respect of the KNPS.
- Z14.2 The *Purchaser* is solely responsible for and indemnifies the *Supplier* or any other person against any and all liabilities which the *Supplier* or any person may incur arising out of or resulting from nuclear damage, as defined in Act 47 of 1999, save to the extent that any liabilities are incurred due to the unlawful intent of the *Supplier* or any other person or the presence of the *Supplier* or that person or any property of the *Supplier* or such person at or in the KNPS or on the KNPS site, without the permission of the *Purchaser* or of a person acting on behalf of the *Purchaser*.
- Z14.3 Subject to clause Z14.4 below, the *Purchaser* waives all rights of recourse, arising from the aforesaid, save to the extent that any claims arise or liability is incurred due or attributable to the unlawful intent of the *Supplier* or any other person, or the presence of the *Supplier* or that person or any property of the *Supplier* or such person at or in the KNPS or on the KNPS site, without the permission of the *Purchaser* or of a person acting on behalf of the *Purchaser*.
- Z14.4 The *Purchaser* does not waive its rights provided for in section 30 (7) of Act 47 of 1999, or any replacement section dealing with the same subject matter.
- Z14.5 The protection afforded by the provisions hereof shall be in effect until the KNPS is decommissioned.

## **Z15 Asbestos**

For the purposes of this Z-clause, the following definitions apply:

|                              |                                                                                                                                                                                                                                                                                                              |
|------------------------------|--------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| <b>AAIA</b>                  | means approved asbestos inspection authority.                                                                                                                                                                                                                                                                |
| <b>ACM</b>                   | means asbestos containing materials.                                                                                                                                                                                                                                                                         |
| <b>AL</b>                    | means action level, i.e. a level of 50% of the OEL, i.e. 0.1 regulated asbestos fibres per ml of air measured over a 4 hour period. The value at which proactive actions is required in order to control asbestos exposure to prevent exceeding the OEL.                                                     |
| <b>Ambient Air</b>           | means breathable air in area of work with specific reference to breathing zone, which is defined to be a virtual area within a radius of approximately 30cm from the nose inlet.                                                                                                                             |
| <b>Compliance Monitoring</b> | means compliance sampling used to assess whether or not the personal exposure of workers to regulated asbestos fibres is in compliance with the Standard's requirements for safe processing, handling, storing, disposal and phase-out of asbestos and asbestos containing material, equipment and articles. |
| <b>OEL</b>                   | means occupational exposure limit.                                                                                                                                                                                                                                                                           |
| <b>Parallel Measurements</b> | means measurements performed in parallel, yet separately, to existing measurements to verify validity of results.                                                                                                                                                                                            |

|                    |                                                                                                                                                                                                                        |
|--------------------|------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| <b>Safe Levels</b> | means airborne asbestos exposure levels conforming to the Standard's requirements for safe processing, handling, storing, disposal and phase-out of asbestos and asbestos containing material, equipment and articles. |
| <b>Standard</b>    | means the <i>Purchaser's</i> Asbestos Standard 32-303: Requirements for Safe Processing, Handling, Storing, Disposal and Phase-out of Asbestos and Asbestos Containing Material, Equipment and Articles.               |
| <b>SANAS</b>       | means the South African National Accreditation System.                                                                                                                                                                 |
| <b>TWA</b>         | means the average exposure, within a given workplace, to airborne asbestos fibres, normalised to the baseline of a 4 hour continuous period, also applicable to short term exposures, i.e. 10-minute TWA.              |

- Z15.1 The *Purchaser* ensures that the Ambient Air in the area where the *Supplier* will Provide the Services conforms to the acceptable prescribed South African standard for asbestos, as per the regulations published in GNR 155 of 10 February 2002, under the Occupational Health and Safety Act, 1993 (Act 85 of 1993) ("Asbestos Regulations"). The OEL for asbestos is 0.2 regulated asbestos fibres per millilitre of air as a 4-hour TWA, averaged over any continuous period of four hours, and the short term exposure limit of 0.6 regulated asbestos fibres per millilitre of air as a 10-minute TWA, averaged over any 10 minutes, measured in accordance with HSG248 and monitored according to HSG173 and OESSM.
- Z15.2 Upon written request by the *Supplier*, the *Purchaser* certifies that these conditions prevail. All measurements and reporting are effected by an independent, competent, and certified occupational hygiene inspection body, i.e. a SANAS accredited and Department of Employment and Labour approved AAIA. The *Supplier* may perform Parallel Measurements and related control measures at the *Supplier's* expense. For the purposes of compliance the results generated from Parallel Measurements are evaluated only against South African statutory limits as detailed in clause Z15.1. Control measures conform to the requirements stipulated in the AAIA-approved asbestos work plan.
- Z15.3 The *Purchaser* manages asbestos and ACM according to the Standard.
- Z15.4 In the event that any asbestos is identified while Providing the Services, a risk assessment is conducted and if so required, with reference to possible exposure to an airborne concentration of above the AL for asbestos, immediate control measures are implemented and relevant air monitoring conducted in order to declare the area safe.
- Z15.5 The *Supplier's* personnel are entitled to stop working and leave the contaminated area forthwith until such time that the area of concern is declared safe by either Compliance Monitoring or an AAIA approved control measure intervention, for example, per the emergency asbestos work plan, if applicable.
- Z15.6 The *Supplier* continues to Provide the Services, without additional control measures presented, on presentation of Safe Levels. The contractually agreed dates to Provide the Services, including the Completion Date, are adjusted accordingly. The contractually agreed dates are extended by the notification periods required by regulations 3 and 21 of the Asbestos Regulations.
- Z15.7 Any removal and disposal of asbestos, asbestos containing materials and waste, is done by a registered asbestos contractor, instructed by the *Purchaser* at the *Purchaser's* expense, and conducted in line with South African legislation.

## Annexure A: Supply Requirements

The Supply Requirements for this contract are as follows:

|                                                      |                                                                                                                                                                  |                            |
|------------------------------------------------------|------------------------------------------------------------------------------------------------------------------------------------------------------------------|----------------------------|
| <b>1. The requirements for the supply are</b>        | Supply and delivery of Coal Reference materials for a period of five (5) years on an "as and when required" basis, at Lethabo Power Station.                     |                            |
| <b>2. The requirements for transport are</b>         | Roadworthy delivery vehicle that is appropriate to deliver the material as per the scope of work to Lethabo Power Station                                        |                            |
| <b>3. The delivery place is</b>                      | Lethabo Power Station , Chemical Service , Coal Laboratory                                                                                                       |                            |

## C1.2 Contract Data

### Part two - Data provided by the *Supplier*

#### Notes to a tendering supplier:

1. Please read both the NEC3 Supply Contract (SC3)<sup>3</sup> and the relevant parts of its Guidance Notes (SC3-GN)<sup>4</sup> in order to understand the implications of this Data which the tenderer is required to complete.
2. The number of the clause which requires the data is shown in the left hand column for each statement however other clauses may also use the same data
3. Where a form field like this [ ] appears, data is required to be inserted relevant to the option selected. Click on the form field **once** and type in the data. Otherwise complete by hand and in ink.

Completion of the data in full, according to Options chosen, is essential to create a complete contract.

| Clause                    | Statement                                                                                                    | Data                                                                                                                         |                           |                      |         |     |

## C2.1 Pricing assumptions

### How *goods* and *services* are priced and assessed for payment

Clause 11 in NEC3 Supply Contract, (SC3) core clauses states:

|                                     |      |                                                                                                                                                                                                                                                                                                                                                                                                                                                                         |
|-------------------------------------|------|-------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| <b>Identified and defined terms</b> | 11   |                                                                                                                                                                                                                                                                                                                                                                                                                                                                         |
|                                     | 11.2 | (11) The Prices are the amounts stated in the price column of the Price Schedule. Where a quantity is stated for an item in the Price Schedule, the Price is calculated by multiplying the quantity by the rate.                                                                                                                                                                                                                                                        |
|                                     |      | (12) The Price Schedule is the <i>price schedule</i> unless later changed in accordance with this contract.                                                                                                                                                                                                                                                                                                                                                             |
| <b>Assessing the amount due</b>     | 50.2 | The amount due is                                                                                                                                                                                                                                                                                                                                                                                                                                                       |
|                                     |      | <ul style="list-style-type: none"> <li>the Price for each lump sum item in the Price Schedule which the <i>Supplier</i> has completed,</li> <li>where a quantity is stated for an item in the Price Schedule, an amount calculated by multiplying the quantity which the <i>Supplier</i> has completed by the rate,</li> <li>plus other amounts to be paid to the <i>Supplier</i>,</li> <li>less amounts to be paid by or retained from the <i>Supplier</i>.</li> </ul> |
|                                     |      | Any tax which the law requires the <i>Purchaser</i> to pay to the <i>Supplier</i> is included in the amount due.                                                                                                                                                                                                                                                                                                                                                        |

This confirms that the Supply Contract is a priced contract where the Prices are derived from a list of items of *goods* and *services* which can be priced as lump sums or as expected quantities of *goods* and *services* multiplied by a rate, or a mix of both.

### Function of the Price Schedule

Clause 53.1 states: "Information in the Price Schedule is not Goods Information". This confirms that instructions to do work or how it is to be done are not included in the Price Schedule but in the Goods Information. This is further confirmed by Clause 20.1 which states, "The *Supplier* Provides the Goods and Services in accordance with the Goods Information". Hence the *Supplier* does **not** Provide the Goods and Services in accordance with the Price Schedule. The Price Schedule is only a pricing document.

### Preparing the *price schedule*

Items in the *price schedule* may have been inserted by the *Purchaser* and the tendering supplier should insert any additional items which he considers necessary. Whichever party provides the items in the *price schedule* the total of the Prices is assumed to be fully inclusive of everything necessary to Provide the Goods and Services as described at the time of entering into this contract.

It will be assumed that the tendering supplier has

- Read Pages 8, 11, 12 and Appendix 5 of the SC3 Guidance Notes before preparing the *price schedule*;
- Included in his Prices and rates for correction of Defects (core clause 43.1) as there is no compensation event for this unless the Defect is due to a *Supplier's* risk;
- Spread the cost of doing work he chooses not to list as separate items in the *price schedule* across other Prices and rates in order to fulfil the obligation to Provide the Goods and Services for the tendered total of the Prices;
- Understood that there is no adjustment to lump sum prices in the *price schedule* if the amount, or quantity, of work within that lump sum item later turns out to be different to that which the *Supplier* estimated at time of tender. The only basis for a change to the Prices is as a result of a compensation event per clause 60.1;

- Understood that the *Supplier* does not have to allow in his Prices and rates for matters that may arise as a result of a compensation event.

**Format of the *price schedule***

Entries in the first four columns in the *price schedule* in section C2.2 are made either by the *Purchaser* or the tendering supplier.

If the *Supplier* is to be paid an amount for the item which is not adjusted if the quantity of work in the item changes, the tendering supplier enters the amount in the Price column only, the Unit, Quantity and Rate columns being left blank.

If the *Supplier* is to be paid an amount for the item which is the rate for the item multiplied by the quantity completed, the tendering *Supplier* enters the rate which is then multiplied by the Quantity to produce the Price, which is also entered.

If the *Supplier* is to be paid an amount for an item proportional to the length of time for which the *goods* and *services* are provided, a unit of time is stated in the Unit column and the length of time (as a quantity of the stated units of time) is stated in the Quantity column.

## C2.2 the *price schedule*

| Item Nr | Description                                                                                                        | Unit | Qty | Rate | Amount | Lead Time |
|---------|--------------------------------------------------------------------------------------------------------------------|------|-----|------|--------|-----------|
| 1       | Coal Pulp Reference Material (200g ) for ISO Volatile matter: 20-23%; ISO ASH: 38-42%;CALORIFIC VALUE: 15-18 MJ/kg | ea   | 360 |      |        |           |
| 2       | Coal Reference Material for Abrasiveness Index (10kg) : 450-500mgFe                                                | ea   | 300 |      |        |           |
| 3       | Coal Reference Material for Hardgrove Index (1kg): 60-64 Units                                                     | ea   | 300 |      |        |           |
| 4       | Coal Reference Material for Hardgrove Index (1kg) : 40-42 Units                                                    | ea   | 20  |      |        |           |
| 5       | Coal Reference Material for Hardgrove Index (1kg): 52-60 Units                                                     | ea   | 20  |      |        |           |
| 6       | Coal Reference Material for Hardgrove Index (1kg): 65-80 Units                                                     | ea   | 20  |      |        |           |
| 7       | Coal Reference Material for Hardgrove Index(1kg): 90-110 Units                                                     | ea   | 20  |      |        |           |
| 8       | Courier                                                                                                            | ea   | 60  |      |        |           |

The total of the Prices

## 1. Overview and purpose of the *goods and services*

**Supply and delivery of Coal Reference materials for a period of five (5) years on an "as and when required" basis, at Lethabo Power Station.**

## 2. Specification and description of the *goods*

| Item Nr | Description                                                                                                        | Unit |
|---------|--------------------------------------------------------------------------------------------------------------------|------|
| 1       | Coal Pulp Reference Material (200g ) for ISO Volatile matter: 20-23%; ISO ASH: 38-42%;CALORIFIC VALUE: 15-18 MJ/kg | EA   |
| 2       | Coal Reference Material for Abrasiveness Index (10kg) : 450-500mgFe                                                | EA   |
| 3       | Coal Reference Material for Hardgrove Index (1kg): 60-64 Units                                                     | EA   |
| 4       | Coal Reference Material for Hardgrove Index (1kg) : 40-42 Units                                                    | EA   |
| 5       | Coal Reference Material for Hardgrove Index (1kg): 52-60 Units                                                     | EA   |
| 6       | Coal Reference Material for Hardgrove Index (1kg): 65-80 Units                                                     | EA   |
| 7       | Coal Reference Material for Hardgrove Index(1kg): 90-110 Units                                                     | EA   |
| 8       | Courier                                                                                                            |      |

### Reference Material types and functional locations

This work is applicable to the following Coal Reference Materials:

| Location                             | Type                                                                                                                                                          |
|--------------------------------------|---------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Chemical Services<br>Coal Laboratory | <b>Coal Pulp Reference Material</b><br>(assigned dry base values falling within value ranges as stated in Scope of work)                                      |
| Chemical Services<br>Coal Laboratory | <b>Coal Reference Material for Abrasiveness Index</b><br>(assigned values falling within value ranges as stated in Scope of work)                             |
| Chemical Services<br>Coal Laboratory | <b>Coal Reference Material for Hardgrove Index</b><br>(assigned values falling within value ranges as stated in Scope of work)                                |
| Chemical Services<br>Coal Laboratory | <b>Set of 4 Coal Reference Materials to be used for Hardgrove Index calibration:</b> (assigned values falling within value ranges as stated in Scope of work) |

### Detailed scope of Work

- Frequency of supply and delivery will be as and when required by Lethabo PowerStation, Chemical Services ,Coal Laboratory.
- Coal Reference Materials to be delivered to Chemical Services, Coal Laboratory, Lethabo Power Station.
- Certified values of Coal Reference Materials are to be provided by a competent producer accredited to ISO 17034.

- Certificate of analyses (COA) to be provided with the Coal reference material.

#### **1. Coal Pulp Reference Materials:**

- Assigned dry base values must fall within value ranges as stated below;
- Coal Pulp Reference Materials must be a Certified Reference Material (CRM) or Accredited Reference Material (ARM);
- Coal Pulp to be -212µm, <60 mesh;
- Packaging: 200g Coal Powder, packaged in an opaque sealed container;
- Coal CRM/ARM assigned values are to be traceable to a network of competent laboratories using validated test methods;
- Certified values obtained for Coal CRM/ARM to be conducted and based on the latest version as per ISO standards below:
  - ISO Volatile matter (%) - ISO 562,
  - ISO Ash (%) - ISO 1171 and
  - Calorific Value (MJ/kg) - ISO 1928.
- Assigned Dry base values to be indicated on COA and must to fall within value ranges as stated below:
  - ISO Volatile matter: 20-23%;
  - ISO Ash: 38-42%;
  - Calorific Value: 15-18 MJ/kg.
- Standard deviation and Uncertainty of measurement to be noted for Dry Base values on COA.

#### **.2. Coal Reference Material for Abrasiveness Index:**

- Assigned value must fall within value range 450-500mgFe
- Coal Reference Material for Abrasiveness Index may be a Standard Reference Material or a Certified Reference Material (CRM) or Accredited Reference Material (ARM)
- Top size to be less than 4.75mm, greater than 600µm
- Packaging: 10kg Coal
- Measurement of Uncertainty in mgFe to be provided on COA.

#### **3. Coal Reference Material for Hardgrove Index:**

- Assigned value must fall within value range 60-64 units
- Coal Reference Material for Hardgrove Index may be Certified Reference Material (CRM) or Accredited Reference Material (ARM);
- May not be of the same batch as HGI ARMs used for calibration of HGI
- Sample size: <1.18mm, >600 µm
- Packaging: 1kg Coal
- Measurement of Uncertainty to be provided on COA.

#### **4. Set of 4 Coal Reference Materials to be used for Hardgrove Index (HGI) calibration:**

- Assigned values for set of 4 HGI ARMs must fall within value range 40-110 unit.
- Acceptable ranges for each of the 4 HGI ARMs will be about 40,60, 80 and 110 units as per SANS 5074 or closest available HGI reference material values available, in order to make a set of four.
  - HGI ARM/CRM at 40-42 units
  - HGI ARM/CRM at 52-60 units

- HGI ARM/CRM at 65-80 units
- HGI ARM/CRM at 90-110 units
- Coal Reference Materials for Hardgrove Index may be Certified Reference Material (CRM) or Accredited Reference Material (ARM);
- Sample size: <1.18mm, >600 µm
- Packaging: 1kg Coal
- Measurement of Uncertainty to be provided on COA.

## 2.1 Purchaser's design

The Supplier shall supply goods that fully comply with the specifications, drawings, standards, and requirements set out in the Contract Data and the Goods Information

The goods shall be new, of merchantable quality, free from defects in design, materials, and workmanship, and suitable for the intended purpose as described in the Contract

Any deviations from the specified requirements must be formally submitted for approval by the Purchaser before delivery.

The Supplier shall ensure that any materials or components used in the goods are compatible with Eskom's operational environment and meet Eskom's safety and environmental requirements

The Supplier shall package and mark the goods in accordance with best industry practices and any specific instructions provided by the Purchaser to prevent damage during transit and storage.

## 2.2 Procedure for submission and acceptance of *Supplier's* design

The Supplier shall supply goods that fully comply with the specifications, drawings, standards, and requirements set out in the Contract Data and the Goods Information

Any deviations from the specified requirements must be formally submitted for approval by the Purchaser before delivery.

## 2.3 Use of *Supplier's* design

The *Purchaser* is allowed to use the designs, drawings and documents for the purpose of verifying goods supplied goods and the fulfilment of PQP/ CQP/QCP

## 2.4 Manufacture & fabrication

Not Applicable

## 2.5 Factory acceptance testing (FAT)

The *Supply Manager* will inform the *Supplier* on the purchase order if factory acceptance test is required before delivery. The factory acceptance test will be performed by the engineer from Eskom. The Supply Manager shall provide the information of engineer to witness factory acceptance test. The test procedure or plan must be shared with the *Supply Manager* for acceptance before the actual testing date.

## 2.6 Other tests and inspections and commissioning in place of use

All goods are to be tested, and quality checked by the *Supply Manager* engineers upon Delivery. The *Supplier* does not need to witness the test and quality checks.

## 2.7 Operating manuals and maintenance schedules

Where applicable; test certificates, material certificate, manuals, General Arrangement (GA) drawing/s, Approved Inspection Authority (AIA) stamp and signature provided as required. All documents must be obtained during or before delivery of goods.

Data capturing forms information must be supplied and must meet an acceptable level

### 3. Supply Requirements

The following are supplier's requirements:

- a) The material will be supplied to the "goods received" section of the Lethabo main store where they will be received by the material management section. The materials will be delivered with all of the required data books and certificates, where required.

Lethabo Stores Working Times:

Monday – Thursdays: 07h00 – 16h00  
Fridays: 07H00 – 12h00

- b) Only once the spares have passed the Quality control checks and are booked into the system can payment be affected.
- c) The Delivery and Transport Costs (including off-loading items) must be included in the quotation.

The following packaging requirements should be adhered to:

- a) The material shall be packaged in such a manner that they can be transported and stored for an extended period of time without resulting in damage to the spares.
- b) This includes damage due to moisture ingress, corrosion, vibration from the power station etc.
- c) Where lifting gear is utilized to move the goods, the packaging should allow the lifting operation and ensure that the goods are not damaged in any way during the process.
- d) It will also not be necessary to open packaging for any lifting or transport operation.
- e) Where eyebolts are fitted to move the goods, these eyebolts should be fitted in such a way that they can be easily removed and replaced with the Purchaser's eyebolts, ensuring that the packaging stays intact.
- f) Where possible the packaging should ensure that parts can be positively identified through the packaging. Where this is not possible, the packaging should allow opening and closing of the packaging and still maintain the packaging integrity afterwards.
- g) Delivery packaging to have the following detail on it as a minimum (removable adhesive sticker if possible):
- Order number,
  - A short description of the component
  - Eskom stock number
  - Manufacturing date, where possible

### 4. Specification of the services to be provided

Refer to Lethabo Power Station scope of work for Supply and delivery of Coal Reference materials for a period of five (5) years on an "as and when required" basis, at Lethabo Power Station.

Constraints on how the *Supplier* Provides the Goods

#### 5.1 Programming constraints

All Goods shall be delivered in accordance with Clause 30.1 of this Contract, and any delays or changes to the delivery date shall be dealt with in accordance with Clause 16.1 of this Contract.

#### 5.2 Work to be done by the Delivery Date

Not applicable to this contract.

### 5.3 Marking the goods

The Supplier shall mark all goods clearly and durably in accordance with the Purchaser's requirements and applicable standards.

Each item shall be labelled with at least the following information:

- Purchase Order number
- Supplier's name or identification
- Item description and part number or stock code
- Batch or serial number (where applicable)
- Date of manufacture or packing

The marking shall be legible, resistant to damage, and positioned so as not to impair the function or appearance of the goods.

Any deviations from these marking requirements must be approved in writing by the Purchaser prior to delivery

### 5.4 Constraints at the delivery place and place of use

The Supplier shall adhere to Eskom speed limit of 40 km/h while driving on site. The preferred delivery times are Monday to Thursday between 07:00-16:00 and Friday between 07:00-12:00. However, for urgent delivery, the Supplier will communicate with the Supply Manager to agree on the time and date of delivery.

The Supplier shall adhere to Eskom Life Saving rules.

### 5.5 Cooperating with Others

The Supplier cooperates with the Lethabo Power Station stores personnel during Delivery.

The Supplier co-operates with the Purchasers team in ensuring that the goods are delivered in accordance with all requirements.

### 5.6 Services & other things to be provided by the *Purchaser or Supplier*

a) The Supplier provides offloading people to assist with offloading at receiving.

NB: The Supplier offloading team names must be part of the valid approved safety file

### 5.7 Management meetings

Regular meetings of a general nature may be convened and chaired by the *Supply Manager* as follows:

| Title and purpose                      | Approximate time & interval | Location | Attendance by:                                         |
|----------------------------------------|-----------------------------|----------|--------------------------------------------------------|
| Risk register and compensation events  | When the need arises        | TBC      | Purchaser, Supplier, and Cross functional team members |
| Overall contract progress and feedback | When the need arises        | TBC      | Purchaser, Supplier, and Cross functional team members |

Meetings of a specialist nature may be convened as specified elsewhere in this Goods Information or if not so specified by persons and at times and locations to suit the Parties, the nature and the progress of the manufacture of the *goods*. Records of these meetings shall be submitted to the *Supply Manager* by the person convening the meeting within five days of the meeting.

All meetings shall be recorded using minutes or a register prepared and circulated by the person who convened the meeting. Such minutes or register shall not be used for the purpose of confirming actions or instructions under the contract as these shall be done separately by the person identified in the *conditions of contract* to carry out such actions or instructions.

## 5.8 Documentation control

All contractual communications will be in the form of properly compiled letters or forms attached to e-mails and not as a message in the e mail itself.

The manufacturing data books shall be submitted in hardcopy and soft copy format.

## 5.9 Health and safety risk management

- a) The Supplier complies with Section 10 of Occupational Health and Safety Act (Act No.85 of 1993) when manufacturing any goods for this Contract.
- b) The Supplier shall comply with Site health and safety requirements for Lethabo Power Station when delivering goods
- c) Site Delivery safety requirements to be adhered to - And can be obtained through the Purchaser's Manager In line with the SHE specification
- d) The Supplier submits safety file for approval before access is granted
- e) The Supplier maintains the safety file validity in line with Site requirements
- f) The mode of transport for Delivery should comply with Site requirement in line with issued SHE specification
- g) Supplier to update their safety file yearly and each time they make changes on their staff or personnel
- h) The Supplier ensures that when changing a team member, the new team gets inducted and all process of safety file approval is adhered to- before gaining access to site

## 5.10 Environmental constraints and management

The Supplier shall comply with the environmental criteria and constraints when doing deliveries at Lethabo Power Station premises regarding:

- a) The vehicle used for Delivery; by ensuring that there are no oil spillages, and the vehicle emission is not emitting beyond limits
- b) The material used for supporting the goods being delivered are correctly disposed and are without harm to environment. The Supplier must comply with Site Environmental management plan (EMP) and other requirement.
- c) The Supplier complies with Environmental aspect and impact register
- d) The Supplier complies with all Site environmental management procedures, especially the waste management and oil spillages.

## 5.11 Quality

The samples are to be analysed in accordance to the standards as prescribed by the employer. Transportation of samples shall be done in a manner that will not degrade the sample.

The contractor must demonstrate a clear understanding of, and commitment to, the scope of work relating to Supply and delivery of Coal Reference materials at Lethabo Power Station, by submitting the required quality documentation prior to contract award. Furthermore, the contractor shall ensure effective implementation and ongoing maintenance of these quality requirements throughout the execution of the contract.

- The Contractor is required to submit Product / Service Scoping on ISO 17034 certificate OR the Licence/ Certificate/ Permit that demonstrate the required Product/ Service is highly specialized or proprietary, and the company has the capability to deliver.
- Documented information for control of non-conforming outputs (Product/ Service) and including handling of customer complaints.
- Documented information for evaluating and ensuring that personnel involved possess the necessary knowledge, skills, and competency.
- Documented information for Control of Externally Provided Processes, Products and Services intended to be used in the project. (interface controls with subcontractors)
- Verifiable proof of documented information for the customer satisfaction survey conducted on the similar project (i.e. not a template but a record).
- Product/ Service Risk Register (List all Risks associated with delivering the scope of work, what actions will be taken to minimize and mitigate the identified risks)
- Verifiable proof of successful execution/ history similar sizes project in an industrial environment not > 2 years including lessons learnt.
- The Contractor is required to submit documentation in alignment with Category 4 quality requirements, as they will be evaluated and rated accordingly under this classification

By signing and accepting Form A, the Contractor confirms their acknowledgment of and commitment to comply with Eskom's governance framework in relation to the contract scope of work.

## 5.12 Invoicing and payment

Within one week of receiving a payment certificate from the *Supply Manager* in terms of core clause 51.1, the *Supplier* provides the *Purchaser* with a tax invoice showing the amount due for payment equal to that stated in the *Supply Manager's* certificate.

The *Supplier* shall address the tax invoice to *Purchaser* and include on each invoice the following information:

- Name and address of the *Supplier* and the *Supply Manager*;
- The contract number and title;
- *Supplier's* VAT registration number;
- The *Purchaser's* VAT registration number.
- Description of *goods* and *services* provided for each item invoiced based on the Price Schedule;
- Total amount invoiced excluding VAT, the VAT and the invoiced amount

Including VAT; Procedure for invoice submission and payment

- All Electronic invoices must be sent in PDF format only.
- An Invoice that was printed and then scanned to PDF by the Vendor is not acceptable as this is not an original tax invoice by SARS definition but a copy.
- The following wording needs to appear on the invoice: "Your invoice is encrypted in order

to comply with SARS requirements that invoices, and statements sent electronically are tamperproof."

- All queries and follow up on invoice payments should be made by contacting the FSS Contact Centre: Tel: 011 800 5060 or email: fss@eskom.co.za.

### 5.13 Contract change management

The change management process to be followed as per the core clause 16.1. Any verbal instruction/communication must be backed with a written instruction; the use of minutes, letters or emails is accepted. Any communication must go through the *Purchaser's* manager.

### 5.14 Provision of bonds and guarantees

The form in which a bond or guarantee required by the *conditions of contract* (if any) is to be provided by the *Supplier* is given in Part 1 Agreements and Contract Data, document C1.3, Sureties.

The *Purchaser* may withhold payment of amounts due to the *Supplier* until the bond or guarantee required in terms of this contract has been received and accepted by the person notified to the *Supplier* by the *Supply Manager* to receive and accept such bond or guarantee. Such withholding of payment due to the *Supplier* does not affect the *Purchaser's* right to termination stated in this contract.

### 5.15 Records of Defined Cost, payments & assessments of compensation events to be kept by the Supplier

Early warning to be given by any of the Parties as soon either becomes aware of matters that could increase the total of total Prices, delay Completion etc. All the Compensation events will be implemented through the raising of an early warning. See NEC Core clause 16.1 and 63.1 and 63.2.

## 5. Procurement

### 6.1 Other requirements related to procurement

#### Objective criteria

The inclusion of objective criteria is not mandatory but a condition for contract award. If the tenderer does not meet objective criteria; it may lead to the second-ranked tenderer being recommended for award.

### 2.1 Designated Sectors

### Please insert the SDL&I requirements

### 6.2 Risks and Mitigations

risks and mitigations will be inserted as per strategy after input received from all parties concerned

| RISK                                                                                                                                  | MITIGATION FACTORS                        | LEVEL (HIGH/MEDIUM/LOW) |
|---------------------------------------------------------------------------------------------------------------------------------------|-------------------------------------------|-------------------------|
| Time:                                                                                                                                 |                                           |                         |
| Low Service due to:<br>Unavailability<br>of Coal Reference Materials<br>Failure to complete the delivery as<br>per agreed task order. | Task order to be issued 6 weeks<br>prior. | High                    |
|                                                                                                                                       | Strict low service damage to be           | High                    |

### C3.1 SC3 *PURCHASER'S* GOODS INFORMATION

|                                                                                                                                |                                                                                                                                            |        |
|--------------------------------------------------------------------------------------------------------------------------------|--------------------------------------------------------------------------------------------------------------------------------------------|--------|
| materials may lack the required competence, resulting in incorrect preparation or certification                                |                                                                                                                                            |        |
| Lack of a project-specific risk register or ineffective risk management may result in unanticipated quality or delivery issues | The supplier to develop, implement and maintain risk register associated with the scope of work and define escalation and mitigation plans | Medium |
| Lack of Proven History or Experience in supplying coal reference materials of similar specification or criticality             | Submission of reference projects and/or client testimonials                                                                                | Medium |
| Failure to include necessary returnable or adhere to the tender                                                                | The supplier is required to submit all documentation specified under Category 4                                                            | Low    |

6. List of drawings

6.1 Drawings issued by the *Purchaser*

This is the list of drawings issued by the *Purchaser* at or before the Contract Date and which apply to this contract.

| Drawing number | Revision | Title |
|----------------|----------|-------|
|                |          |       |
|                |          |       |
|                |          |       |
|                |          |       |
|                |          |       |
|                |          |       |

## **C3.2 *SUPPLIER'S* GOODS INFORMATION**

This section of the Goods Information will always be contract specific depending on the nature of the *goods* and *services*.

It is most likely to be required for supply contracts where the tendering supplier will have proposed specifications and schedules for the *goods* and *services*, which once accepted by the *Purchaser* prior to award of contract now become obligations of the *Supplier* per core clause 20.1.

This section could also be compiled as a separate file.

---
