BIDDER'S DISCLOSURE

1. PURPOSE OF THE FORM

Any person (natural or juristic) may make an offer or offers in terms of his invitation to bid. In line with the principles of transparency, accountability, impartiality, and ethics as enshrined in the Constitution of the Republic of South Africa and further expressed in various pieces of legislation, it is required for the bidder to make this declaration in respect of the details required hereunder.

Where a person/s are listed in the Register for Tender Defaulters and / or the List of Restricted Suppliers, that person will automatically be disqualified from the bid process.

2. Bidder's declaration

2.1 Is the bidder, or any of its directors / trustees / shareholders / members / partners or any person having a controlling interest¹ in the enterprise, employed by the state? **YES/NO**

2.1.1 If so, furnish particulars of the names, individual identity numbers, and, if applicable, state employee numbers of sole proprietor/ directors / trustees / shareholders / members/ partners or any person having a controlling interest in the enterprise, in table below.

Full Name	Identity Number	Name of State institution

2.2 Do you, or any person connected with the bidder, have a relationship with any person who is employed by the procuring institution? **YES/NO**

2.2.1 If so, furnish particulars:

.....

¹ the power, by one person or a group of persons holding the majority of the equity of an enterprise, alternatively, the person/s having the deciding vote or power to influence or to direct the course and decisions of the enterprise.

- 2.3 Does the bidder or any of its directors / trustees / shareholders / members / partners or any person having a controlling interest in the enterprise have any interest in any other related enterprise whether or not they are bidding for this contract? **YES/NO**

2.3.1 If so, furnish particulars:

Name of company related to	CSD Registration number of the company related to

3 DECLARATION

I, the undersigned, (name)..... in submitting the accompanying bid, do hereby make the following statements that I certify to be true and complete in every respect:

- 3.1 I have read and I understand the contents of this disclosure;
- 3.2 I understand that the accompanying bid will be disqualified if this disclosure is found not to be true and complete in every respect;
- 3.3 The bidder has arrived at the accompanying bid independently from, and without consultation, communication, agreement or arrangement with any competitor. However, communication between partners in a joint venture or consortium² will not be construed as collusive bidding.
- 3.4 In addition, there have been no consultations, communications, agreements or arrangements with any competitor regarding the quality, quantity, specifications, prices, including methods, factors or formulas used to calculate prices, market allocation, the intention or decision to submit or not to submit the bid, bidding with the intention not to win the bid and conditions or delivery particulars of the products or services to which this bid invitation relates.
- 3.4 The terms of the accompanying bid have not been, and will not be, disclosed by the bidder, directly or indirectly, to any competitor, prior to the date and time of the official bid opening or of

² Joint venture or Consortium means an association of persons for the purpose of combining their expertise, property, capital, efforts, skill and knowledge in an activity for the execution of a contract.

the awarding of the contract.

- 3.5 There have been no consultations, communications, agreements, or arrangements made by the bidder with any official of the procuring institution in relation to this procurement process prior to and during the bidding process except to provide clarification on the bid submitted where so required by the institution; and the bidder was not involved in the drafting of the specifications or terms of reference for this bid.
- 3.6 I am aware that, in addition and without prejudice to any other remedy provided to combat any restrictive practices related to bids and contracts, bids that are suspicious will be reported to the Competition Commission for investigation and possible imposition of administrative penalties in terms of section 59 of the Competition Act No 89 of 1998 and or may be reported to the National Prosecuting Authority (NPA) for criminal investigation and or may be restricted from conducting business with the public sector for a period not exceeding ten (10) years in terms of the Prevention and Combating of Corrupt Activities Act No 12 of 2004 or any other applicable legislation.

I CERTIFY THAT THE INFORMATION FURNISHED IN PARAGRAPHS 1, 2 and 3 ABOVE IS CORRECT.

I ACCEPT THAT THE STATE MAY REJECT THE BID OR ACT AGAINST ME IN TERMS OF PARAGRAPH 6 OF PFMA SCM INSTRUCTION 03 OF 2021/22 ON PREVENTING AND COMBATING ABUSE IN THE SUPPLY CHAIN MANAGEMENT SYSTEM SHOULD THIS DECLARATION PROVE TO BE FALSE.

PREFERENCE POINTS CLAIM FORM IN TERMS OF THE PREFERENTIAL PROCUREMENT REGULATIONS 2022

This preference form must form part of all tenders invited. It contains general information and serves as a claim form for preference points for specific goals.

NB: BEFORE COMPLETING THIS FORM, TENDERERS MUST STUDY THE GENERAL CONDITIONS, DEFINITIONS AND DIRECTIVES APPLICABLE IN RESPECT OF THE TENDER AND PREFERENTIAL PROCUREMENT REGULATIONS, 2022

1. GENERAL CONDITIONS

1.1 The following preference point systems are applicable to invitations to tender:

- the 80/20 system for requirements with a Rand value of up to R50 000 000 (all applicable taxes included); and

1.2 To be completed by the organ of state

a) The applicable preference point system for this tender is the 80/20 preference point system.

1.3 Points for this tender (even in the case of a tender for income-generating contracts) shall be awarded for:

- (a) Price; and
- (b) Specific Goals.

1.4 To be completed by the organ of state:

The maximum points for this tender are allocated as follows:

	POINTS
PRICE	80
SPECIFIC GOALS	20
Total points for Price and SPECIFIC GOALS	100

1.5 Failure on the part of a tenderer to submit proof or documentation required in terms of this tender to claim points for specific goals with the tender, will be interpreted to mean that preference points for specific goals are not claimed.

1.6 The organ of state reserves the right to require of a tenderer, either before a tender is adjudicated or at any time subsequently, to substantiate any claim in regard to preferences, in any manner required by the organ of state.

2. DEFINITIONS

- (a) **“tender”** means a written offer in the form determined by an organ of state in response to an invitation to provide goods or services through price quotations, competitive tendering process or any other method envisaged in legislation;
- (b) **“price”** means an amount of money tendered for goods or services, and includes all applicable taxes less all unconditional discounts;
- (c) **“rand value”** means the total estimated value of a contract in Rand, calculated at the time of bid invitation, and includes all applicable taxes;
- (d) **“tender for income-generating contracts”** means a written offer in the form determined by an organ of state in response to an invitation for the origination of income-generating contracts through any method envisaged in legislation that will result in a legal agreement between the organ of state and a third party that produces revenue for the organ of state, and includes, but is not limited to, leasing and disposal of assets and concession contracts, excluding direct sales and disposal of assets through public auctions; and
- (e) **“the Act”** means the Preferential Procurement Policy Framework Act, 2000 (Act No. 5 of 2000).

3. FORMULAE FOR PROCUREMENT OF GOODS AND SERVICES

3.1. POINTS AWARDED FOR PRICE

3.1.1 THE 80/20 OR 90/10 PREFERENCE POINT SYSTEMS

A maximum of 80 or 90 points is allocated for price on the following basis:

$$\begin{array}{ccc} \text{80/20} & \text{or} & \text{90/10} \\ \\ P_s = 80 \left(1 - \frac{P_t - P_{min}}{P_{min}} \right) & \text{or} & P_s = 90 \left(1 - \frac{P_t - P_{min}}{P_{min}} \right) \end{array}$$

Where

P_s = Points scored for price of tender under consideration

P_t = Price of tender under consideration

P_{min} = Price of lowest acceptable tender

3.2. FORMULAE FOR DISPOSAL OR LEASING OF STATE ASSETS AND INCOME GENERATING PROCUREMENT

3.2.1. POINTS AWARDED FOR PRICE

A maximum of 80 or 90 points is allocated for price on the following basis:

$$\begin{array}{ccc} \mathbf{80/20} & \mathbf{or} & \mathbf{90/10} \\ P_s = 80 \left(1 + \frac{P_t - P_{max}}{P_{max}} \right) & \text{or} & P_s = 90 \left(1 + \frac{P_t - P_{max}}{P_{max}} \right) \end{array}$$

Where

P_s = Points scored for price of tender under consideration

P_t = Price of tender under consideration

P_{max} = Price of highest acceptable tender

4. POINTS AWARDED FOR SPECIFIC GOALS

4.1. In terms of Regulation 4(2); 5(2); 6(2) and 7(2) of the Preferential Procurement Regulations, preference points must be awarded for specific goals stated in the tender. For the purposes of this tender the tenderer will be allocated points based on the goals stated in table 1 below as may be supported by proof/ documentation stated in the conditions of this tender:

4.2. In cases where organs of state intend to use Regulation 3(2) of the Regulations, which states that, if it is unclear whether the 80/20 or 90/10 preference point system applies, an organ of state must, in the tender documents, stipulate in the case of

- (a) an invitation for tender for income-generating contracts, that either the 80/20 or 90/10 preference point system will apply and that the highest acceptable tender will be used to determine the applicable preference point system: or
- (b) any other invitation for tender, that either the 80/20 or 90/10 preference point system will apply and that the lowest acceptable tender will be used to determine the applicable preference point system,

then the organ of state must indicate the points allocated for specific goals for both the 90/10 and 80/20 preference point system.

Table 1: Specific goals for the tender and points claimed are indicated per the table below.

(Note to organs of state: Where either the 90/10 or 80/20 preference point system is applicable, corresponding points must also be indicated as such.

Note to tenderers: The tenderer must indicate how they claim points for each preference point system.)

The specific goals allocated points in terms of this tender	Number of points allocated (80/20 system) (To be completed by the organ of state)	Number of points claimed (80/20 system) (To be completed by the tenderer)
Women	5	
People with disability	5	
Youth (35 and below)	5	
Location of enterprise (Province)	2	
B-BBEE status level contributors from level 1 to 2 which are QSE or EME	3	
Total points for SPECIFIC GOALS	20	

DECLARATION WITH REGARD TO COMPANY/FIRM

4.3. Name of company/firm.....

4.4. Company registration number:

4.5. TYPE OF COMPANY/ FIRM

Partnership/Joint Venture / Consortium

One-person business/sole propriety

Close corporation

Public Company

Personal Liability Company

(Pty) Limited

Non-Profit Company

State Owned Company

[TICK APPLICABLE BOX]

4.6. I, the undersigned, who is duly authorised to do so on behalf of the company/firm, certify that the points claimed, based on the specific goals as advised in the tender, qualifies the

company/ firm for the preference(s) shown and I acknowledge that:

- i) The information furnished is true and correct;
- ii) The preference points claimed are in accordance with the General Conditions as indicated in paragraph 1 of this form;
- iii) In the event of a contract being awarded as a result of points claimed as shown in paragraphs 1.4 and 4.2, the contractor may be required to furnish documentary proof to the satisfaction of the organ of state that the claims are correct;
- iv) If the specific goals have been claimed or obtained on a fraudulent basis or any of the conditions of contract have not been fulfilled, the organ of state may, in addition to any other remedy it may have –
 - (a) disqualify the person from the tendering process;
 - (b) recover costs, losses or damages it has incurred or suffered as a result of that person's conduct;
 - (c) cancel the contract and claim any damages which it has suffered as a result of having to make less favourable arrangements due to such cancellation.
 - (d) recommend that the tenderer or contractor, its shareholders and directors, or only the shareholders and directors who acted on a fraudulent basis, be restricted from obtaining business from any organ of state for a period not exceeding 10 years, after the *audi alteram partem* (hear the other side) rule has been applied; and
 - (e) forward the matter for criminal prosecution, if deemed necessary.

STANDARD EVALUATION CRITERIA IN TERMS OF THE PREFERENTIAL PROCUREMENT REGULATIONS 2022

THE 80/20 POINTS AWARDED FOR PRICE AND SPECIFIC GOALS

The 80/20 Preferential Procurement System will be used in evaluating these bids:

Evaluation element	Weighting (Points)
SPECIFIC GOALS	20
PRICE	80
Total	100

Price

A maximum of 80 points are allocated for price on the following basis:

$$P_s = 80 \left(1 - \frac{P_t - P_{\min}}{P_{\min}} \right)$$

Where:

P_s = Points scored for comparative price of bid under consideration

P_t = Comparative price of bid under consideration

$P_{\min}$ = Comparative price of lowest acceptable bid

Preference point system

SPECIFIC GOALS	NUMBER OF POINTS TO BE ALLOCATED
Women	5
People with disability	5
Youth (35 and below)	5
Location of enterprise (Province)	2
B-BBEE status level contributors from level 1 to 2 which are QSE or EME	3
Total points for SPECIFIC GOALS	20

Documents Requirement for verification of Points allocation: -

Procurement Requirement

Women
Disability
Youth
Location
B-BBEE status level contributors from level 1 to 2 which are QSE or EME

Required Proof Documents

Full CSD Report
Full CSD Report
Full CSD Report
Full CSD Report
Valid BBBEE certificate/sworn affidavit
Consolidated BEE certificate in cases of Joint Venture
Full CSD Report

The definition and measurement of the goals above is as follows:

Women, disability, and youth:

This will be measured by calculating the pro-rata percentage of ownership of the bidding company which meets this criterion. E.g., Company A has five shareholders each of whom own 20% of the company. Three of the five shareholders meet the criterion, i.e. they are women/disability/youth. Therefore, this bidder will obtain 60% of the points allowable for this goal.

Location of enterprise

Local equals province. Where a project cuts across more than one province, the bidder may be located in any of the relevant provinces to obtain the points.

B-BBEE status level contributors from level 1 to 2 which are QSE or EME

Measured in terms of normal BBBEE requirements.

Note: Formula for calculating points for specific goals

Preference points for entities are calculated on their percentage shareholding in a business, provided that they are actively involved in and exercise control over the enterprise. The following formula is prescribed:

$$PC = \frac{Mpa \times P\text{-own}}{100}$$

Where

PC= Points awarded for specific goal

Mpa= The maximum number of points awarded for ownership in that specific category

P-own = The percentage of equity ownership by the enterprise or business

RESOLUTION OF BOARD OF DIRECTORS FOR COMPANY /CLOSE CORPORATION/ PARTNERSHIP

RESOLUTION of a meeting of the Board of *Directors / Members / Partners of:

(legally correct full name and registration number, if applicable, of the Enterprise)

Annexure A

GOVERNMENT PROCUREMENT GENERAL CONDITIONS OF CONTRACT July 2010

NOTES

The purpose of this document is to:

- (i) Draw special attention to certain general conditions applicable to government bids, contracts and orders; and
- (ii) To ensure that clients be familiar with regard to the rights and obligations of all parties involved in doing business with government.

In this document words in the singular also mean in the plural and vice versa and words in the masculine also mean in the feminine and neuter.

- The General Conditions of Contract will form part of all bid documents and may not be amended.
- Special Conditions of Contract (SCC) relevant to a specific bid, should be compiled separately for every bid (if applicable) and will supplement the General Conditions of Contract. Whenever there is a conflict, the provisions in the SCC shall prevail.

General Conditions of Contract

1. Definitions

1. The following terms shall be interpreted as indicated:
 - 1.1 "Closing time" means the date and hour specified in the bidding documents for the receipt of bids.
 - 1.2 "Contract" means the written agreement entered into between the purchaser and the supplier, as recorded in the contract form signed by the parties, including all attachments and appendices thereto and all documents incorporated by reference therein.
 - 1.3 "Contract price" means the price payable to the supplier under the contract for the full and proper performance of his contractual obligations.
 - 1.4 "Corrupt practice" means the offering, giving, receiving, or soliciting of any thing of value to influence the action of a public official in the procurement process or in contract execution.
 - 1.5 "Countervailing duties" are imposed in cases where an enterprise abroad is subsidized by its government and encouraged to market its products internationally.
 - 1.6 "Country of origin" means the place where the goods were mined, grown or produced or from which the services are supplied. Goods are produced when, through manufacturing, processing or substantial and major assembly of components, a commercially recognized new product results that is substantially different in basic characteristics or in purpose or utility from its components.
 - 1.7 "Day" means calendar day.
 - 1.8 "Delivery" means delivery in compliance of the conditions of the contract or order.
 - 1.9 "Delivery ex stock" means immediate delivery directly from stock actually on hand.
 - 1.10 "Delivery into consignees store or to his site" means delivered and unloaded in the specified store or depot or on the specified site in compliance with the conditions of the contract or order, the supplier bearing all risks and charges involved until the supplies are so delivered and a valid receipt is obtained.
 - 1.11 "Dumping" occurs when a private enterprise abroad market its goods on own initiative in the RSA at lower prices than that of the country of origin and which have the potential to harm the local industries in the RSA.

- 1.12 "Force majeure" means an event beyond the control of the supplier and not involving the supplier's fault or negligence and not foreseeable. Such events may include, but is not restricted to, acts of the purchaser in its sovereign capacity, wars or revolutions, fires, floods, epidemics, quarantine restrictions and freight embargoes.
- 1.13 "Fraudulent practice" means a misrepresentation of facts in order to influence a procurement process or the execution of a contract to the detriment of any bidder, and includes collusive practice among bidders (prior to or after bid submission) designed to establish bid prices at artificial non-competitive levels and to deprive the bidder of the benefits of free and open competition.
- 1.14 "GCC" means the General Conditions of Contract.
- 1.15 "Goods" means all of the equipment, machinery, and/or other materials that the supplier is required to supply to the purchaser under the contract.
- 1.16 "Imported content" means that portion of the bidding price represented by the cost of components, parts or materials which have been or are still to be imported (whether by the supplier or his subcontractors) and which costs are inclusive of the costs abroad, plus freight and other direct importation costs such as landing costs, dock dues, import duty, sales duty or other similar tax or duty at the South African place of entry as well as transportation and handling charges to the factory in the Republic where the supplies covered by the bid will be manufactured.
- 1.17 "Local content" means that portion of the bidding price which is not included in the imported content provided that local manufacture does take place.
- 1.18 "Manufacture" means the production of products in a factory using labour, materials, components and machinery and includes other related value-adding activities.
- 1.19 "Order" means an official written order issued for the supply of goods or works or the rendering of a service.
- 1.20 "Project site," where applicable, means the place indicated in bidding documents.
- 1.21 "Purchaser" means the organization purchasing the goods.
- 1.22 "Republic" means the Republic of South Africa.
- 1.23 "SCC" means the Special Conditions of Contract.
- 1.24 "Services" means those functional services ancillary to the supply of the goods, such as transportation and any other incidental services, such as installation, commissioning, provision of technical assistance, training, catering, gardening, security, maintenance and other such obligations of the supplier covered under the contract.

- 1.25 “Written” or “in writing” means handwritten in ink or any form of electronic or mechanical writing.
- 2. Application**
- 2.1 These general conditions are applicable to all bids, contracts and orders including bids for functional and professional services, sales, hiring, letting and the granting or acquiring of rights, but excluding immovable property, unless otherwise indicated in the bidding documents.
- 2.2 Where applicable, special conditions of contract are also laid down to cover specific supplies, services or works.
- 2.3 Where such special conditions of contract are in conflict with these general conditions, the special conditions shall apply.
- 3. General**
- 3.1 Unless otherwise indicated in the bidding documents, the purchaser shall not be liable for any expense incurred in the preparation and submission of a bid. Where applicable a non-refundable fee for documents may be charged.
- 3.2 With certain exceptions, invitations to bid are only published in the Government Tender Bulletin. The Government Tender Bulletin may be obtained directly from the Government Printer, Private Bag X85, Pretoria 0001, or accessed electronically from www.treasury.gov.za
- 4. Standards**
- 4.1 The goods supplied shall conform to the standards mentioned in the bidding documents and specifications.
- 5. Use of contract documents and information; inspection.**
- 5.1 The supplier shall not, without the purchaser’s prior written consent, disclose the contract, or any provision thereof, or any specification, plan, drawing, pattern, sample, or information furnished by or on behalf of the purchaser in connection therewith, to any person other than a person employed by the supplier in the performance of the contract. Disclosure to any such employed person shall be made in confidence and shall extend only so far as may be necessary for purposes of such performance.
- 5.2 The supplier shall not, without the purchaser’s prior written consent, make use of any document or information mentioned in GCC clause 5.1 except for purposes of performing the contract.
- 5.3 Any document, other than the contract itself mentioned in GCC clause 5.1 shall remain the property of the purchaser and shall be returned (all copies) to the purchaser on completion of the supplier’s performance under the contract if so required by the purchaser.
- 5.4 The supplier shall permit the purchaser to inspect the supplier’s records relating to the performance of the supplier and to have them audited by auditors appointed by the purchaser, if so required by the purchaser.
- 6. Patent rights**
- 6.1 The supplier shall indemnify the purchaser against all third-party claims of infringement of patent, trademark, or industrial design rights arising from use of the goods or any part thereof by the purchaser.
- 7. Performance**
- 7.1 Within thirty (30) days of receipt of the notification of contract award,

security

the successful bidder shall furnish to the purchaser the performance security of the amount specified in SCC.

- 7.2 The proceeds of the performance security shall be payable to the purchaser as compensation for any loss resulting from the supplier's failure to complete his obligations under the contract.
- 7.3 The performance security shall be denominated in the currency of the contract, or in a freely convertible currency acceptable to the purchaser and shall be in one of the following forms:
- (a) a bank guarantee or an irrevocable letter of credit issued by a reputable bank located in the purchaser's country or abroad, acceptable to the purchaser, in the form provided in the bidding documents or another form acceptable to the purchaser; or
 - (b) a cashier's or certified cheque
- 7.4 The performance security will be discharged by the purchaser and returned to the supplier not later than thirty (30) days following the date of completion of the supplier's performance obligations under the contract, including any warranty obligations, unless otherwise specified in SCC.

**8. Inspections,
tests and
analyses**

- 8.1 All pre-bidding testing will be for the account of the bidder.
- 8.2 If it is a bid condition that supplies to be produced or services to be rendered should at any stage during production or execution or on completion be subject to inspection, the premises of the bidder or contractor shall be open, at all reasonable hours, for inspection by a representative of the Department or an organization acting on behalf of the Department.
- 8.3 If there are no inspection requirements indicated in the bidding documents and no mention is made in the contract, but during the contract period it is decided that inspections shall be carried out, the purchaser shall itself make the necessary arrangements, including payment arrangements with the testing authority concerned.
- 8.4 If the inspections, tests and analyses referred to in clauses 8.2 and 8.3 show the supplies to be in accordance with the contract requirements, the cost of the inspections, tests and analyses shall be defrayed by the purchaser.
- 8.5 Where the supplies or services referred to in clauses 8.2 and 8.3 do not comply with the contract requirements, irrespective of whether such supplies or services are accepted or not, the cost in connection with these inspections, tests or analyses shall be defrayed by the supplier.
- 8.6 Supplies and services which are referred to in clauses 8.2 and 8.3 and which do not comply with the contract requirements may be rejected.
- 8.7 Any contract supplies may on or after delivery be inspected, tested or analyzed and may be rejected if found not to comply with the requirements of the contract. Such rejected supplies shall be held at the

cost and risk of the supplier who shall, when called upon, remove them immediately at his own cost and forthwith substitute them with supplies which do comply with the requirements of the contract. Failing such removal the rejected supplies shall be returned at the suppliers cost and risk. Should the supplier fail to provide the substitute supplies forthwith, the purchaser may, without giving the supplier further opportunity to substitute the rejected supplies, purchase such supplies as may be necessary at the expense of the supplier.

- 8.8 The provisions of clauses 8.4 to 8.7 shall not prejudice the right of the purchaser to cancel the contract on account of a breach of the conditions thereof, or to act in terms of Clause 23 of GCC.

9. Packing

- 9.1 The supplier shall provide such packing of the goods as is required to prevent their damage or deterioration during transit to their final destination, as indicated in the contract. The packing shall be sufficient to withstand, without limitation, rough handling during transit and exposure to extreme temperatures, salt and precipitation during transit, and open storage. Packing, case size and weights shall take into consideration, where appropriate, the remoteness of the goods' final destination and the absence of heavy handling facilities at all points in transit.
- 9.2 The packing, marking, and documentation within and outside the packages shall comply strictly with such special requirements as shall be expressly provided for in the contract, including additional requirements, if any, specified in SCC, and in any subsequent instructions ordered by the purchaser.

10. Delivery and documents

- 10.1 Delivery of the goods shall be made by the supplier in accordance with the terms specified in the contract. The details of shipping and/or other documents to be furnished by the supplier are specified in SCC.
- 10.2 Documents to be submitted by the supplier are specified in SCC.

11. Insurance

- 11.1 The goods supplied under the contract shall be fully insured in a freely convertible currency against loss or damage incidental to manufacture or acquisition, transportation, storage and delivery in the manner specified in the SCC.

12. Transportation

- 12.1 Should a price other than an all-inclusive delivered price be required, this shall be specified in the SCC.

13. Incidental services

- 13.1 The supplier may be required to provide any or all of the following services, including additional services, if any, specified in SCC:
- (a) performance or supervision of on-site assembly and/or commissioning of the supplied goods;
 - (b) furnishing of tools required for assembly and/or maintenance of the supplied goods;
 - (c) furnishing of a detailed operations and maintenance manual for each appropriate unit of the supplied goods;
 - (d) performance or supervision or maintenance and/or repair of the supplied goods, for a period of time agreed by the parties,

- provided that this service shall not relieve the supplier of any warranty obligations under this contract; and
- (e) training of the purchaser's personnel, at the supplier's plant and/or on-site, in assembly, start-up, operation, maintenance, and/or repair of the supplied goods.

13.2 Prices charged by the supplier for incidental services, if not included in the contract price for the goods, shall be agreed upon in advance by the parties and shall not exceed the prevailing rates charged to other parties by the supplier for similar services.

14. Spare parts

14.1 As specified in SCC, the supplier may be required to provide any or all of the following materials, notifications, and information pertaining to spare parts manufactured or distributed by the supplier:

- (a) such spare parts as the purchaser may elect to purchase from the supplier, provided that this election shall not relieve the supplier of any warranty obligations under the contract; and
- (b) in the event of termination of production of the spare parts:
- (i) Advance notification to the purchaser of the pending termination, in sufficient time to permit the purchaser to procure needed requirements; and
- (ii) following such termination, furnishing at no cost to the purchaser, the blueprints, drawings, and specifications of the spare parts, if requested.

15. Warranty

15.1 The supplier warrants that the goods supplied under the contract are new, unused, of the most recent or current models, and that they incorporate all recent improvements in design and materials unless provided otherwise in the contract. The supplier further warrants that all goods supplied under this contract shall have no defect, arising from design, materials, or workmanship (except when the design and/or material is required by the purchaser's specifications) or from any act or omission of the supplier, that may develop under normal use of the supplied goods in the conditions prevailing in the country of final destination.

15.2 This warranty shall remain valid for twelve (12) months after the goods, or any portion thereof as the case may be, have been delivered to and accepted at the final destination indicated in the contract, or for eighteen (18) months after the date of shipment from the port or place of loading in the source country, whichever period concludes earlier, unless specified otherwise in SCC.

15.3 The purchaser shall promptly notify the supplier in writing of any claims arising under this warranty.

15.4 Upon receipt of such notice, the supplier shall, within the period specified in SCC and with all reasonable speed, repair or replace the defective goods or parts thereof, without costs to the purchaser.

15.5 If the supplier, having been notified, fails to remedy the defect(s) within the period specified in SCC, the purchaser may proceed to take such remedial action as may be necessary, at the supplier's risk and expense and without prejudice to any other rights which the purchaser

may have against the supplier under the contract.

16. Payment

- 16.1 The method and conditions of payment to be made to the supplier under this contract shall be specified in SCC.
- 16.2 The supplier shall furnish the purchaser with an invoice accompanied by a copy of the delivery note and upon fulfillment of other obligations stipulated in the contract.
- 16.3 Payments shall be made promptly by the purchaser, but in no case later than thirty (30) days after submission of an invoice or claim by the supplier.
- 16.4 Payment will be made in Rand unless otherwise stipulated in SCC.

17. Prices

- 17.1 Prices charged by the supplier for goods delivered and services performed under the contract shall not vary from the prices quoted by the supplier in his bid, with the exception of any price adjustments authorized in SCC or in the purchaser's request for bid validity extension, as the case may be.

18. Contract amendments

- 18.1 No variation in or modification of the terms of the contract shall be made except by written amendment signed by the parties concerned.

19. Assignment

- 19.1 The supplier shall not assign, in whole or in part, its obligations to perform under the contract, except with the purchaser's prior written consent.

20. Subcontracts

- 20.1 The supplier shall notify the purchaser in writing of all subcontracts awarded under this contracts if not already specified in the bid. Such notification, in the original bid or later, shall not relieve the supplier from any liability or obligation under the contract.

21. Delays in the supplier's performance

- 21.1 Delivery of the goods and performance of services shall be made by the supplier in accordance with the time schedule prescribed by the purchaser in the contract.
- 21.2 If at any time during performance of the contract, the supplier or its subcontractor(s) should encounter conditions impeding timely delivery of the goods and performance of services, the supplier shall promptly notify the purchaser in writing of the fact of the delay, its likely duration and its cause(s). As soon as practicable after receipt of the supplier's notice, the purchaser shall evaluate the situation and may at his discretion extend the supplier's time for performance, with or without the imposition of penalties, in which case the extension shall be ratified by the parties by amendment of contract.
- 21.3 No provision in a contract shall be deemed to prohibit the obtaining of supplies or services from a national department, provincial department, or a local authority.
- 21.4 The right is reserved to procure outside of the contract small quantities or to have minor essential services executed if an emergency arises, the supplier's point of supply is not situated at or near the place where the supplies are required, or the supplier's services are not readily

available.

21.5 Except as provided under GCC Clause 25, a delay by the supplier in the performance of its delivery obligations shall render the supplier liable to the imposition of penalties, pursuant to GCC Clause 22, unless an extension of time is agreed upon pursuant to GCC Clause 21.2 without the application of penalties.

21.6 Upon any delay beyond the delivery period in the case of a supplies contract, the purchaser shall, without canceling the contract, be entitled to purchase supplies of a similar quality and up to the same quantity in substitution of the goods not supplied in conformity with the contract and to return any goods delivered later at the supplier's expense and risk, or to cancel the contract and buy such goods as may be required to complete the contract and without prejudice to his other rights, be entitled to claim damages from the supplier.

22. Penalties

22.1 Subject to GCC Clause 25, if the supplier fails to deliver any or all of the goods or to perform the services within the period(s) specified in the contract, the purchaser shall, without prejudice to its other remedies under the contract, deduct from the contract price, as a penalty, a sum calculated on the delivered price of the delayed goods or unperformed services using the current prime interest rate calculated for each day of the delay until actual delivery or performance. The purchaser may also consider termination of the contract pursuant to GCC Clause 23.

23. Termination for default

23.1 The purchaser, without prejudice to any other remedy for breach of contract, by written notice of default sent to the supplier, may terminate this contract in whole or in part:

- (a) if the supplier fails to deliver any or all of the goods within the period(s) specified in the contract, or within any extension thereof granted by the purchaser pursuant to GCC Clause 21.2;
- (b) if the Supplier fails to perform any other obligation(s) under the contract; or
- (c) if the supplier, in the judgment of the purchaser, has engaged in corrupt or fraudulent practices in competing for or in executing the contract.

23.2 In the event the purchaser terminates the contract in whole or in part, the purchaser may procure, upon such terms and in such manner as it deems appropriate, goods, works or services similar to those undelivered, and the supplier shall be liable to the purchaser for any excess costs for such similar goods, works or services. However, the supplier shall continue performance of the contract to the extent not terminated.

23.3 Where the purchaser terminates the contract in whole or in part, the purchaser may decide to impose a restriction penalty on the supplier by prohibiting such supplier from doing business with the public sector for a period not exceeding 10 years.

23.4 If a purchaser intends imposing a restriction on a supplier or any person associated with the supplier, the supplier will be allowed a time period of not more than fourteen (14) days to provide reasons why the

envisaged restriction should not be imposed. Should the supplier fail to respond within the stipulated fourteen (14) days the purchaser may regard the intended penalty as not objected against and may impose it on the supplier.

23.5 Any restriction imposed on any person by the Accounting Officer / Authority will, at the discretion of the Accounting Officer / Authority, also be applicable to any other enterprise or any partner, manager, director or other person who wholly or partly exercises or exercised or may exercise control over the enterprise of the first-mentioned person, and with which enterprise or person the first-mentioned person, is or was in the opinion of the Accounting Officer / Authority actively associated.

23.6 If a restriction is imposed, the purchaser must, within five (5) working days of such imposition, furnish the National Treasury, with the following information:

- (i) the name and address of the supplier and / or person restricted by the purchaser;
- (ii) the date of commencement of the restriction
- (iii) the period of restriction; and
- (iv) the reasons for the restriction.

These details will be loaded in the National Treasury's central database of suppliers or persons prohibited from doing business with the public sector.

23.7 If a court of law convicts a person of an offence as contemplated in sections 12 or 13 of the Prevention and Combating of Corrupt Activities Act, No. 12 of 2004, the court may also rule that such person's name be endorsed on the Register for Tender Defaulters. When a person's name has been endorsed on the Register, the person will be prohibited from doing business with the public sector for a period not less than five years and not more than 10 years. The National Treasury is empowered to determine the period of restriction and each case will be dealt with on its own merits. According to section 32 of the Act the Register must be open to the public. The Register can be perused on the National Treasury website.

24. Anti-dumping and countervailing duties and rights

24.1 When, after the date of bid, provisional payments are required, or anti-dumping or countervailing duties are imposed, or the amount of a provisional payment or anti-dumping or countervailing right is increased in respect of any dumped or subsidized import, the State is not liable for any amount so required or imposed, or for the amount of any such increase. When, after the said date, such a provisional payment is no longer required or any such anti-dumping or countervailing right is abolished, or where the amount of such provisional payment or any such right is reduced, any such favourable difference shall on demand be paid forthwith by the contractor to the State or the State may deduct such amounts from moneys (if any) which may otherwise be due to the contractor in regard to supplies or services which he delivered or rendered, or is to deliver or render in terms of the contract or any other contract or any other amount which may be due to him

**25. Force
Majeure**

25.1 Notwithstanding the provisions of GCC Clauses 22 and 23, the supplier shall not be liable for forfeiture of its performance security, damages, or termination for default if and to the extent that his delay in performance or other failure to perform his obligations under the contract is the result of an event of force majeure.

25.2 If a force majeure situation arises, the supplier shall promptly notify the purchaser in writing of such condition and the cause thereof. Unless otherwise directed by the purchaser in writing, the supplier shall continue to perform its obligations under the contract as far as is reasonably practical, and shall seek all reasonable alternative means for performance not prevented by the force majeure event.

**26. Termination
for insolvency**

26.1 The purchaser may at any time terminate the contract by giving written notice to the supplier if the supplier becomes bankrupt or otherwise insolvent. In this event, termination will be without compensation to the supplier, provided that such termination will not prejudice or affect any right of action or remedy which has accrued or will accrue thereafter to the purchaser.

**27. Settlement of
Disputes**

27.1 If any dispute or difference of any kind whatsoever arises between the purchaser and the supplier in connection with or arising out of the contract, the parties shall make every effort to resolve amicably such dispute or difference by mutual consultation.

27.2 If, after thirty (30) days, the parties have failed to resolve their dispute or difference by such mutual consultation, then either the purchaser or the supplier may give notice to the other party of his intention to commence with mediation. No mediation in respect of this matter may be commenced unless such notice is given to the other party.

27.3 Should it not be possible to settle a dispute by means of mediation, it may be settled in a South African court of law.

27.4 Mediation proceedings shall be conducted in accordance with the rules of procedure specified in the SCC.

27.5 Notwithstanding any reference to mediation and/or court proceedings herein,

(a) the parties shall continue to perform their respective obligations under the contract unless they otherwise agree; and

(b) the purchaser shall pay the supplier any monies due the supplier.

**28. Limitation of
liability**

28.1 Except in cases of criminal negligence or willful misconduct, and in the case of infringement pursuant to Clause 6;

(a) the supplier shall not be liable to the purchaser, whether in contract, tort, or otherwise, for any indirect or consequential loss or damage, loss of use, loss of production, or loss of profits or interest costs, provided that this exclusion shall not apply to any obligation of the supplier to pay penalties and/or damages to the purchaser; and

		(b) the aggregate liability of the supplier to the purchaser, whether under the contract, in tort or otherwise, shall not exceed the total contract price, provided that this limitation shall not apply to the cost of repairing or replacing defective equipment.
29. Governing language	29.1	The contract shall be written in English. All correspondence and other documents pertaining to the contract that is exchanged by the parties shall also be written in English.
30. Applicable law	30.1	The contract shall be interpreted in accordance with South African laws, unless otherwise specified in SCC.
31. Notices	31.1	Every written acceptance of a bid shall be posted to the supplier concerned by registered or certified mail and any other notice to him shall be posted by ordinary mail to the address furnished in his bid or to the address notified later by him in writing and such posting shall be deemed to be proper service of such notice
	31.2	The time mentioned in the contract documents for performing any act after such aforesaid notice has been given, shall be reckoned from the date of posting of such notice.
32. Taxes and duties	32.1	A foreign supplier shall be entirely responsible for all taxes, stamp duties, license fees, and other such levies imposed outside the purchaser's country.
	32.2	A local supplier shall be entirely responsible for all taxes, duties, license fees, etc., incurred until delivery of the contracted goods to the purchaser.
	32.3	No contract shall be concluded with any bidder whose tax matters are not in order. Prior to the award of a bid the Department must be in possession of a tax clearance certificate, submitted by the bidder. This certificate must be an original issued by the South African Revenue Services.
33. National Industrial Participation Programme (NIP)	33.1	The NIP Programme administered by the Department of Trade and Industry shall be applicable to all contracts that are subject to the NIP obligation.
34. Prohibition of Restrictive practices	34.1	In terms of section 4 (1) (b) (iii) of the Competition Act No. 89 of 1998, as amended, an agreement between, or concerted practice by, firms, or a decision by an association of firms, is prohibited if it is between parties in a horizontal relationship and if a bidder (s) is / are or a contractor(s) was / were involved in collusive bidding (or bid rigging).
	34.2	If a bidder(s) or contractor(s), based on reasonable grounds or evidence obtained by the purchaser, has / have engaged in the restrictive practice referred to above, the purchaser may refer the matter to the Competition Commission for investigation and possible imposition of administrative penalties as contemplated in the Competition Act No. 89 of 1998.

- 34.3 If a bidder(s) or contractor(s), has / have been found guilty by the Competition Commission of the restrictive practice referred to above, the purchaser may, in addition and without prejudice to any other remedy provided for, invalidate the bid(s) for such item(s) offered, and / or terminate the contract in whole or part, and / or restrict the bidder(s) or contractor(s) from conducting business with the public sector for a period not exceeding ten (10) years and / or claim damages from the bidder(s) or contractor(s) concerned.

Js General Conditions of Contract (revised July 2010)

RESOLUTION OF BOARD OF DIRECTORS TO ENTER INTO CONSORTIA OR JOINT VENTURES

RESOLUTION of a meeting of the Board of *Directors / Members / Partners of:

(Legally correct full name and registration number, if applicable, of the Enterprise)

Held at _____ *(place)*

on _____ *(date)*

RESOLVED that:

1. The Enterprise submits a Bid /Tender, in consortium/Joint Venture with the following Enterprises:

(List all the legally correct full names and registration numbers, if applicable, of the Enterprises forming the Consortium/Joint Venture)

to the Department of Water and Sanitation in respect of the following project:

(Project description as per Bid /Tender Document)

Bid / Tender Number: _____ *(Bid / Tender Number as per Bid / Tender Document)*

2. *Mr/Mrs/Ms: _____

in *his/her Capacity as: _____ *(Position in the Enterprise)*

and who will sign as follows: _____

be, and is hereby, authorised to sign a consortium/joint venture agreement with the parties listed under item 1 above, and any and all other documents and/or correspondence in connection with and relating to the consortium/joint venture, in respect of the project described under item 1 above.

3. The Enterprise accepts joint and several liability with the parties listed under item 1 above for the due fulfilment of the obligations of the joint venture deriving from, and in any way connected with, the Contract to be entered into with the Department in respect of the project described under item 1 above.
4. The Enterprise chooses as its *domicilium citandi et executandi* for all purposes arising from this joint venture agreement and the Contract with the Department in respect of the project under item 1 above:

1 BACKGROUND

The Department of Water and Sanitation (DWS) is the custodian of the water resources of South Africa and undertakes water resources planning as one of its core functions.

The water resource planning functions are carried out by Directorate: Strategic Water Resource Planning (D:SWRP), which develops national strategies and procedures for the reconciliation of water availability and requirements to meet national, social and economic development objectives, including strategic requirements, resource quality objectives and international obligations.

The Directorate has a mandate in terms of the National Water Act, Chapter 2, Section 23, Subsection 6 (1)(d)(e) and (f) on the Water Management Strategies, Chapter 10, Section 102 (a)(b)(c) and (d) on International Water Management and also in the National Water Resource Strategy 3, Chapter 5.

The Directorate comprises four sub-directorates, delineated on a catchment area basis into Planning Areas designated North, East, Central and South. The purpose of each sub-directorate is the same as that of the D: SWRP. The four planning areas are:

- North - Limpopo and Olifants River catchments (Limpopo-Olifants WMA)
- Central - Vaal and Orange River catchments (Vaal-Orange WMA)
- East - Sabie, Nkomati, Usuthu, Pongola and all the rivers draining to the KwaZulu-Natal coast (Nkomati-Usuthu WMA and Pongola-Mtamvuna WMA)
- South - All rivers draining to the coasts of Eastern and Western Cape (Mzimvubu-Tsitsikamma WMA and Breede-Olifants WMA)

The study being procured adds to the existing information from several other previous studies that were undertaken in the KZN Coastal Metropolitan Water Supply System. It aims to systematically improve water resources strategies to reconcile water requirements and water availability by reviewing source information like demographics, service levels, water requirements, water services infrastructure, water resource availability, water quality and updating of the water balance. The relevant existing strategies can be accessed on the Departmental website: <https://www.dws.gov.za/projects.aspx>.

Potential water sources and developments in the Mvoti River System have long been considered as possible options for addressing domestic and agricultural water issues in the catchment and the wider North Coast of the KZN Coastal Metropolitan Water Supply System. Various development options have been proposed in the past Phases of the Reconciliation Strategy, and these are Isithundu Dam, Welverdient Dam and Mvotipoort site. The 2014 classification of water resources assessment and gazetting of Ecological classes and associated water requirements, appears to have reduced the yield potential of these dam sites and the Mvoti River, due to the ecological importance placed on the river and estuary for providing ecological goods and services.

The activities undertaken by the DWS through the Directorate SWRP lead directly into the tasks envisaged under this proposed study for which this Terms of Reference (ToR) was developed. The scope of this ToR focuses on the planning activities for D:SWRP's **Planning Area East i.e. Pongola-Mtamvuna WMA**)

2 OVERVIEW OF THE PLANNING AREA EAST CATCHMENTS

East Planning Area is located on the east coast of South Africa (Mpumalanga and KwaZulu-Natal Provinces). It consists of two water management areas (WMA) namely WMA 2-Inkomati-Usuthu WMA and WMA 3-Pongola-Mtamvuna WMA (Figure 1). The characteristics of the river systems and drainage are shown in Table 1.

Table 1: WMAs in Planning Area East

WMA	Major Rivers	Boundary Description	Main District Municipalities	Major Water Supply Systems
Inkomati-Usuthu	Nwanedzi, Sabie, Crocodile (East), Komati and Usuthu	Primary drainage region is X; and the portions of tertiary drainage regions of W51 to W56 falling within the South Africa	Ehlanzeni, Nkangala, Gert Sibande	Crocodile East WSS, Sabie WSS, Komati WSS, Usuthu WSS
Pongola-Mtamvuna	Pongola, Mhlathuze, Mfolozi, Mkhuze, Thukela, Mvoti, Umgeni, Umkomazi, Umzimkhulu and Mtamvuna	Primary drainage regions are U and V. Tertiary drainage regions are T40, T51, T52, W11, W13, W31, W32, W41, W45 and the portion of W42, W43, W44 and W57 falling within the South Africa	Amajuba, eThekweni, Harry Gwala, iLembe, King Cetshwayo, Ugu, uMgungundlovu, uMkhanyakude, uMzinyathi, uThukela, Zululand,	Mhlathuze WSS, Mgeni WSS, Tugela WSS

Figure 1: Location of Planning Area East in terms of the Water Management Areas in South Africa

3 PURPOSE, OBJECTIVES AND EXPECTED RESULTS OF THE STUDY

This main purpose of the study is to systematically update and improve the water resource reconciliation strategies so that they remain relevant, technically sound, economically viable, socially acceptable to create security for the future water resource and enabling implementation of relevant interventions by the relevant authorities. To achieve the purpose, the following 3 main work packages must be covered in the study:

i. **Work Package 1: KZN Coastal Metropolitan Water Supply System**

Objective: Review, update and monitor the implementation of the strategies to reconcile water availability and water requirements for the KZN Coastal Metropolitan Water Supply System.

Expected Results: Updated reconciliation strategy for KZN Coastal Metropolitan Water Supply System considering different intervention options

ii. **Work Package 2: Water Availability Assessment for Mvoti Catchment**

Objective: Undertake the water resource modelling of the Mvoti Catchment and water resource assessment for allocable water quantification for the support of KZN Coastal Metropolitan Water Supply System.

Expected Results: Report with Mvoti Catchment allocable yield particularly for the KZN Coastal Metropolitan Water Supply System

- iii. **Work Package 3: Reconnaissance Survey and Prefeasibility Studies for Dam Sites in the Mvoti Catchment. Focus is on the following dam sites recommended from previous reconciliation studies: Isithundu Dam, Welverdient Dam and Mvotipoort site**

Objective: To carry out reconnaissance survey and prefeasibility studies on the various potential dam sites in the Mvoti catchment

Expected Results: Report on comparative analysis of various dam site options with recommendation of dam for further feasibility studies.

It is envisaged that the studies will cover a 36-months period. This study is at a continuation phase and therefore the Strategy Steering Committee will be important in monitoring the implementation and maintenance of the Reconciliation Strategy on a continuous basis. For more details please refer to the Study Governance in the document (Table 3).

4 STUDY AREA LOCATION

The study area stretches from the Thukela River mouth on the North Coast to the UMtwalume River on the South Coast, and from Howick in the East to Durban in the West as shown in Figure 2. The bulk of the area is supplied with water from the Mgeni System (Midmar, Nagel, Albert Falls and Inanda Dams), supplemented with water transferred from the upper Mooi River (Mooi-Mgeni Transfer Scheme). The North Coast is supplied from the Hazelmere Dam on the Mdloti River and from the undeveloped Mvoti River.

This Reconciliation Strategy comprises three distinct, but interlinked water supply systems (WSS) with associated supply areas namely uMngeni WSS, South Coast WSS and North Coast WSS. Due to interlinkages both in water supply, as well as across administrative boundaries, they are covered in a single over-arching strategy which is the KZN Coastal Metropolitan Water Supply System. The water balances, however, cannot be lumped as there are realities such as certain users being supplied by certain sources which need to be factored into the water balance projections.

The three WSS are described below:

- **The uMngeni WSS**, which includes the bulk of the eThekwini, Msunduzi, and portions of uMgungundlovu Municipalities. This WSS is supplied by the major dams on the uMngeni River, supported by transfers from the Mooi River catchment.
- The Upper and Middle **South Coast WSS**, that includes southern coastal portions of eThekwini, and northern coastal portion of Ugu Municipalities. This WSS is supplied by local resources (3 water treatment plants (WTP), from local rivers and dams), augmented by a potable supply pipeline from a WTP linked to the uMngeni WSS.
- The **North Coast WSS**, which includes the northern coastal portion of eThekwini, and the Coastal portion of iLembe municipalities. This WSS is supplied by the Hazelmere Dam on the Mdloti and an abstraction from the Lower Thukela River. Potential water sources and developments in the Mvoti River System have long been considered as possible options for addressing domestic and agricultural water issues in the catchment and the wider North Coast.

Figure 2: Extent of KwaZulu-Natal Water Supply System

Table 2: Previous and current DWS studies related to this Scope of Work

Studies	Reports	Gaps to be addressed
Development, Updating And Review Of Strategies To Reconcile Water Availability And Requirement In The East Planning Area Comprising Water Supply Systems For Mbombela, Richards Bay, Mgeni And All Other Towns And Clusters Of Villages - KZN Coastal Metropolitan Areas Reconciliation Strategy (DWS, 2024)	Reconciliation strategy	Systems monitoring and adaptive management of the strategy including consideration of various strategy interventions. Consideration of Mvoti catchment as a possible source of water supply augmentation.
Continuation of the Reconciliation Strategy of the KwaZulu-Natal Coastal Metropolitan Area: Phase 2.(DWS, 2017)	Reconciliation strategy	Systems monitoring and adaptive management of the strategy

Studies	Reports	Gaps to be addressed
Classification of Water Resources and Determination of the Comprehensive Reserve and Resource Quality Objectives in the Mvoti to uMzimkhulu Water Management Area – <i>Water Resources Analysis Report</i> (DWS, 2013)	Water Resources Analysis	Update of Water availability
Continuation of the Reconciliation Strategy of the KwaZulu-Natal Coastal Metropolitan Area: Phase 1.(2013)	Updated strategy	Systems monitoring and adaptive management of the strategy.
Water Reconciliation Strategy Study for the KwaZulu-Natal Coastal Metropolitan Area (DWAF, 2009))	Updated strategy	Identify current and future interventions to address water deficits.
Internal strategic Perspective(2004)	Inventory of water resources information	To ensure synergy within the Department of Water and Sanitation regarding water resources management
Mvoti to Mzimukhulu WMA: Overview of Water Resources Availability and Utilisation (2003)	An overview of the 2003 and expected future water resources situation in the Usutu to Mhlathuze WMA	Need for broad strategies with regards to the management of water resources in the Mhlathuze

5 STUDY GOVERNANCE

The governance structure of the study for the 3 Work Packages will mainly consist of the committees listed in Table 3. The actual number of meetings for each work package will be decided by the Project Management Team in consultation with the committees but the total number of meetings are in Table 3.

Table 3: Status of governance structures for the study

Water Supply System	Status of the Reconciliation Strategy	Governance Requirements		
		Study Administration Meetings (SAM)	Technical Support Group (TSG)	Strategy Steering Committee (SSC)
Updating of the reconciliation Strategy of the KZN Coastal Metropolitan Water Supply System	monitoring of implementation/ continuation	Yes, once every 6 months	Yes, once every 3 months	Yes, once every 6 months
Total number of meetings per year		2	4	2

Water Supply System	Status of the Reconciliation Strategy	Governance Requirements		
		Study Administration Meetings (SAM)	Technical Support Group (TSG)	Strategy Steering Committee (SSC)
Total number of meetings in 36 Months		6	12	6

5.1 Study Administration Meetings (SAM)

The **Study Administration Meetings (SAM)** are attended by the DWS and the PSP Study teams. The committee is responsible for the day to day administration and management of the study. The SAM meetings are to be scheduled as shown in Table 3, commencing with an Inception Meeting and a meeting at the end of the Inception Phase. The SAM meetings will be held virtually.

5.2 Technical Support Group (TSG)

The TSG comprises of the DWS Study Management Team, the PSP Team, DWS Technical Teams and other external technical teams that provide input into the first order detailed assessments and analysis of the strategy. The TSG will hold meetings as shown in Table 3. One TSG meeting will be held before the Strategy Steering Committee (SSC) meeting in a form of a Dry Run to that specific SSC meeting. All TSG meetings will be held within the study area hence hybrid meetings will be required only to accommodate those who cannot attend physically..

5.3 Strategy Steering Committee (SSC)

The SSC is currently fully functional. It is a forum for stakeholder consultation and public participation. The SSC, comprising of representatives of relevant DWS Directorates, other relevant National and Provincial Government Departments, Municipalities, CMAs, Water Boards and other interested parties identified during the course of the study, will provide high-level direction and guidance with support of the SAM and TSG.

It monitors the implementation of the Strategy, recommends adjustments to the Strategy when required and communicate to all stakeholders and the public about the progress with the implementation of the Strategy recommendations. It shall convene after every six months as indicated in Table 3. All the SSC meetings will be held within the study area hence hybrid meetings will be required only to accommodate those who cannot attend physically.

6 FUNCTIONS OF THE PSP

The functions of the PSP are to conduct detailed study and also provide technical support related to the Strategy maintenance. The PSP will also be required, where necessary, to review study reports, high-level technical evaluations, preparing proposals and presentations and general tasks as requested by the Support Group as well as support with arranging

meetings, preparing agendas, compiling minutes, status reports, newsletters and media releases.

The PSP will reconcile all activities listed in this section with the deliverables listed in Table 4.

The key tasks required from the PSP for the various work packages, where necessary and requested to do so, will *inter alia* include the following:

6.1 Key tasks required from the PSP shall include the following:

6.1.1 Work Package 1 – KZN Coastal Metropolitan Water Supply System

This will cover the following tasks:

- Study Inception,
- Update stakeholder data base and conduct stakeholder engagement and public participation meetings through study administration meetings (SAM), Technical Support Group (TSG) and Strategy Steering Committee (SSC). Where necessary, these meetings will also incorporate work done in Work Package 2 and 3.
- Review and summarize previous and current studies
- Monitor the implementation of the existing /current strategy
- Update the existing strategy through;
 - Extending hydrology & system analyses – hydrology, yield (WRYM), planning (WRPM),
 - Updating of water quality analyses,
 - Investigate possible groundwater development options and its conjunctive use in promoting water supply mix, and use SAMI module as part of the WRSMP/Pitman model, numerical groundwater modelling,
 - Groundwater Yield determination and development options in the KZN Coastal Metropolitan Water Supply System,
 - Estimating water requirements – assess the water requirements and return flows, invasive alien plants, Reserve, International Obligations,
 - Intervention options include Water Conservation and Water Demand Management (WC/WDM), Water re-use schemes,
 - Update Cost Estimates, economic, social & environmental assessment
 - Assess the impact of climate change,
 - Include intervention options as options in the water balances, and as contained in the Reconciliation Strategy Report,
 - The water balances must utilize the latest water requirements projections and contain the updated actual water use,
 - The timing of the interventions should be reviewed as part of the finalization and the implementation of the Reconciliation Strategy,
 - Add the impacts of load shifts once the associated intervention dates and volumes of load shifts (supply moved from one source to another) are confirmed by the WSA's as intervention options,
 - Strategy Development,
 - Final screening workshop,

- Updated WC/WDM measures and associated saving targets should be utilised for the Reconciliation Strategy update Report,
- Review the implementation of uMkhomazi Water Project Phase 1 (uMWP-1) and its yield based on the Planning Model, and also revise timelines for the implementation of uMkhomazi Water Project Phase 2 (UMWP-2) based on yield from different dam sizes and tunnel options.
- Update Strategy Interventions and Action Lists.
- Four-3 day site visits for the following:, alternative interventions for augmenting water supply, understanding the whole water supply system including its infrastructure, visit to uMkhomazi Water Project Phase 1 and uMkhomazi Water Project Phase 2 dam sites, and confirming existing and potent water resources and water use.
- Four-day training for each of the following 6 courses:
 - Estimation of water requirements,
 - Water resources planning,
 - WRS2000 Rainfall-Runoff Model,
 - Water Resources Yield Model (WRYM),
 - Water Resources Planning Model (WRPM),
 - Water Conservation and Water Demand Management.

6.1.2 Work Package 2 – Water Availability Assessment for Mvoti Catchment

This will cover the following tasks:

- Obtain model configurations used in previous studies (from the relevant previous PSPs and DWS) which may be relevant for this Study.
- It will be the responsibility of the bidder to acquire rainfall data hence should be factored in the pricing if needed.
- Collect and review information on the primary physical characteristics of all existing and planned water resources-related schemes in the Mvoti Catchment.
- Obtain the following requirements or stipulations from the National Water Resource Strategy, or from other DWS processes and studies, as they apply to the Study Area: provisional water resource classifications; Ecological Reserve specifications.
- Assemble records of historical and existing water use and abstractions from recent and current water use/requirement projection studies in the Study Area.
- Update information on the water use in the Mvoti catchment
- Assemble suitable hydro-meteorological and physical input data sets for Pitman catchment model-based applications.
- With the Pitman catchment model, generate naturalised long-term monthly flow sequences at quaternary catchment spatial scales or finer, except where otherwise agreed with the Client.
- Configure the WRYM for the catchment of the Study Area and make suitable allowance for groundwater and the wetlands. Yield model configuration should be at least at quaternary catchment spatial scales or finer, except where otherwise agreed with the Client.
- Generate suitable stochastic long-term monthly flow sequences and derive relevant yield-reliability characteristic curves, as well as a Firm Yield curve, for the catchment system.

- For the current provisional classifications of the components of the water resource and for current water use patterns, utilise the new configurations of the WRYM to evaluate the water requirements/availability water balance at suitable locations in the Study Area, according to yield-reliability criteria agreed with the Client. Incorporate groundwater availability in the water balance, as appropriate. The outcome of this step will be the baseline assessment of allocable water for current conditions.

6.1.3 Work Package 3 – Reconnaissance Survey and Prefeasibility Studies for potential Dam Sites in the Mvoti Catchment

Reconnaissance survey and prefeasibility studies will be undertaken on the following 3 dam sites: Isithundu Dam site, Welverdient Dam site and Mvotipoort site.

- i. Reconnaissance survey will cover the following tasks:
 - map the 3 identified potential dam sites.
 - conduct high level environmental impact assessment
 - determine storage characteristics of the 3 dam options (elevation, capacity and surface area)
 - determine the social, economic and cultural Impacts of the proposed dams.
 - determine the potential for sedimentation
 - One-3 day site visit for reconnaissance survey of potential dam options in the Mvoti catchment.
- ii. Prefeasibility studies will cover the following tasks:
 - update the cost estimates of the 3 dam sites for comparison
 - determine the potential impact of each dam option on the yield of the Mvoti
 - use the planning models to vary the dam sizes and report the potential yield impact on the Mvoti catchment
 - conduct comparative analysis of dam options
 - conduct comparative analysis of dam interventions with other options such as desalination and water reuse for augmenting the KZN Coastal Metropolitan Water Supply System.
 - One-3 day site visit for prefeasibility studies of potential dam options in the Mvoti catchment.

6.2 Capacity Building and Training

The purpose of this task will be to provide training and technology transfer to DWS and Water sector partner officials and nominated individuals from the study areas. This is considered to be a key component of the assignment, not only because it will serve to develop the competence and expertise of the individuals in question, but also because it will establish a common understanding of technical aspects between the Study team and the Client (DWS) and thereby contribute to the overall success of the assignment and related activities.

The PSP will be expected to propose a training framework during inception and through consultation with the DWS and other interested organizations. The framework shall clearly highlight:

- Training objectives
- Identify training needs/purpose and what is to be achieved
- Training methodologies to be used
- Identification of potential trainees
- Establish a training plan with clear time lines, deliverables, training conveners and trainees, cost and venues.
- Each training module will have training report (training module(manual), training assessment and recommendations.

Capacity building shall take the form of formal training which may include attending courses at approved institutions, formal training by experts from PSP, One on One sittings as well as secondment. All these training options shall be accessed and be included in the framework report.

The impact of the proposed training undertaken will be assessed based primarily on feedback obtained from trainees based on administered course evaluation questionnaires covering issues like perceived benefits regarding the knowledge base, practical insight, knowledge of the facilitator.

Progress on the above training programme will be continually monitored and, upon conclusion, documented in a concise training report. The report will include details on the process of selecting trainees, attendance and feedback of the formal training course and a schedule and milestones of the ad-hoc instruction process. The report will also include conclusion on the success of the training based on the impact analysis described above, as well as recommendations on further training that may be required and also on the potential for improving similar training programmes in future.

Formal training is expected to be conducted before or during each task of the study (Water resources, demographic, WCWDM, Scenario and options analysis). Training shall be accompanied by a training module/manual and a training report. The target is 20 DWS staff, TSG and SSC members having 4-day period for each of the following courses: estimation of water requirements, water resources planning, Water Conservation and Water Demand Management (WCWDM), WRSM2000 Rainfall-Runoff Model, Water Resources Yield Model (WRYM) and Water Resources Planning Model (WRPM). These courses will be conducted physically at a suitable venue chosen by the PSP. The content of each training course will be refined according to the identified training needs.

7 METHODOLOGY

The PSP must provide a concise methodology of how they intend to conduct the study.

8 EXPERTISE OR SKILLS REQUIRED

The PSP team must have the proven skills and capacity to undertake the assignment functions described in the previous sections. Some of the particular skills that would be required are:

- Experience in developing water requirement scenarios for municipalities, industries and irrigators.
- Experience of water resources planning including hydrology, the determination of system yields and water savings, the conceptualization and costing of infrastructure and other proposed or potential interventions and the determination of URVs, the unit cost of water and the effect on tariffs of incorporating such new infrastructure into the System.
- Good understanding of how to undertake desktop assessments of the Reserve and to assess its effect on system yields.
- Experience in setting up and utilizing the Water Resource Yield Model (WRYM), Water Resource Planning Model (WRPM) and SAMI module as part of the WRSM/Pitman model.
- Good knowledge and understanding of the processes that must usually be followed and time lines required in order to implement an intervention to augment the water availability in the System.
- Good understating of the implications and effectiveness of implementing WC/WDM measures.
- Experience in the determination of the environmental and social impacts of interventions, in formulating mitigation measures and in obtaining approvals by the environmental authorities.
- Experience in dam feasibility studies.
- Ability to utilize selection processes to identify the most appropriate series of augmentation options to meet various water requirement scenarios.
- Experience with setting up the Decision Support Tool with which to illustrate the phasing in of required augmentation interventions.
- Ability to synthesize recommendations in a complex environment.
- Ability to interact with and successfully manage multidisciplinary teams.
- Ability to communicate and interact with senior government officials, decision makers and the public.
- Ability to manage public participation processes.
- The PSP should clearly indicate availability of the support stuff (GIS, admin, finance etc.)

9 REPORTING REQUIREMENTS

All reports must be drafted using DWS guidelines, and all relevant supporting documentation should be included.

10 WORK PLAN AND TIME SCHEDULE

10.1 Programme

The contract period for the assignment is estimated to be 36 months. The PSP must submit a detailed work program indicating timing of key deliverables and associated costs.

10.2 Study Management

Management of PSP activities will be performed by the DWS's Directorate: Strategic Water Resource Planning (East). Management meetings will take place at appropriate intervals as detailed in Section 5. It is envisaged that these would be separate from the Technical Support Group meetings, which in turn will be determined by the programme of SSC meetings. The extent of technical work stemming from SSC will also influence the need for Support Group and PSP management meetings.

11 INFORMATION TO BE PROVIDED IN THE PROPOSAL BY THE PSP

11.1 Extent of the Proposals

The text of the Proposal should be to the point and not longer than fifteen pages (A4), excluding CVs, at a font size of 11 and a line spacing of 1.5.

The Technical Proposal must give a detailed human resource (personnel) application breakdown specified in rates for each study Task. The Financial Proposal must give the same human resource application breakdown specified in rates for each study Task, which would be part of the Study Cost Schedule.

A table listing all the deliverables with the cost of each deliverable and the due date of the deliverable must be supplied, in order for this to be included in the contract between the DWS and the PSP. The PSP will be paid on receipt of each completed deliverable. By nature the execution of planning studies is guided by information gathered as the study progresses. Table 4 provides a guideline of possible deliverables for this Study. It is the PSP's responsibility to ensure all activities listed in section 6 are reflected in Table 4.

Table 4: Generic guideline of deliverables for water resources assessment and reconciliation studies

ITEM	DESCRIPTION
Work Package 1 Deliverables	
1	Inception Report
2	Updated Water Resource report for the KZN Coastal Metropolitan Water Supply System
3	Updated water requirements report for the KZN Coastal Metropolitan Water Supply System
4	Updated Water conservation and water demand management report
5	Scenario analysis report for KZN North Water Supply System augmentation which considers options such as water supply from Mvoti Catchment, desalination and water reuse
6	Analysis report reviewing the implementation of uMkhomazi Water Project Phase 1 (uMWP-1) and its yield based on the Planning Model, and also timelines for the

ITEM	DESCRIPTION
	implementation of uMkhomazi Water Project Phase 2 (UMWP-2) based on yield from different dam sizes and tunnel options
7	Scenario analysis and intervention report for the whole KZN Coastal Metropolitan Water Supply System.
8	Updated reconciliation strategy for the KZN Coastal Metropolitan Water Supply System including the following content: water availability, water quality, infrastructure options, water requirements, WC/WDM, groundwater, climate change impacts, water balance projections, and analysis of intervention options
9	Updated water quality report
10	Report on Groundwater and its conjunctive use in promoting water supply mix.
11	3 x Annual Status Reports
12	Study Administration Meetings – reports and minutes for the 6 meetings
13	Study Technical Support Group meetings – reports and minutes for the 12 meetings
14	Study Steering Committee meetings – reports and minutes for the 6 meetings
15	4 x Reports for the four-3 day site visits for the following: alternative interventions for augmenting water supply, understanding the whole water supply system including its infrastructure, and confirming water resources and water use.
16	Adhoc cost budget (including support to SWRP) of R 500 000
17	3 x News Letter(s)
18	2 x Stakeholder Liaison Modules
19	Training i. Training Framework Report (guideline) • Estimation of water requirements, • Water resources planning, • WRSM2000 Rainfall-Runoff Model, • Water Resources Yield Model (WRYM) • Water Resources Planning Model (WRPM) • Water Conservation and Water Demand Management ii. 1 x Training report for for the 6 training courses including course evaluation reports
Work Package 2 Deliverables	
1	Report on current land use
2	Rainfall data update
3	Report on updated hydrology for the catchment
4	Assessment of rainfall and river gauging
5	Assessment of water quality in the catchment

ITEM	DESCRIPTION
6	A report on the reconfigured and updated WRYM and WRPM setting out the methodology used.
7	Report on current water use in the Mvoti Catchment
Work Package 3 Deliverables	
1	Reconnaissance report for the 3 dam options in the Mvoti Catchment for possible supply to the KZN Coastal Metropolitan Water Supply System
2	Prefeasibility report for for dam options in the Mvoti Catchment for possible supply to the KZN Coastal Metropolitan Water Supply System
3	2 x Reports for the two-3 day site visits for reconnaissance survey and prefeasibility studies of potential dam options in the Mvoti catchment,

All data developed or used in the study remains DWS intellectual property.

11.2 Summary of PSP Capacity and Capability

The Proposal must contain information about the capacity and capability of the study leader and other key personnel in the water resources planning domain. This information should include details of appropriate educational qualifications and previous involvement in water resources planning and similar studies. PSPs that do not have all the required in-house capacity, capability or specific technical or scientific expertise in any particular aspect of the assignment are free to form associations or joint ventures with other PSPs that would provide the necessary expertise. Associations with upcoming smaller companies are recommended in order to build capacity in the industry.

The Proposal documentation must provide details about the nature of such collaborations. The Study Leader must be specifically identified and the main responsibility structure to support him must be briefly presented. The capability and experience of the study leader in developing water requirement and availability reconciliation strategies will be especially important. Furthermore, the Study leader shall be a registered Professional Engineer (with ECSA or recognised institution according to the Washington Accord) or registered professional Scientist (SACNASP).

11.3 Summary of Relevant Experience

The Proposal must contain brief summaries of:

- Experience in planning, implementation and management of water resource development projects in Southern Africa;
- Experience in carrying out water reconciliation studies as part of integrated water resource management planning.
- Experience in costing of water resources related developments and water conservation and water demand management measures;
- Experience of working in multi-disciplinary teams in the water resources domain;

- Experience of water resource-related work in typical catchments and river systems that represent the range of catchment conditions and complexities in South Africa;
- Experience in determining surface and groundwater Reserve determinations;
- Experience in using the WRYM and WRPM;
- Experience in water quality monitoring;
- Experience with incorporating potential climate change impacts in models;
- Understanding of the complexities of implementing desalination of seawater and re-use of water projects;
- Experience in groundwater well-field exploration, planning, development and setting up the required models for well-field management;
- Experience in administrative inputs to technical and strategic meetings and related water resource study management aspects;
- Ability to facilitate stakeholder meetings;
- Ability to prepare informative newsletters, media releases, presentations and other required information material.

12 GENERAL

The PSP being integrated into the Support Group will provide capacity building and training as stipulated in item 6.2.

PSPs are encouraged to subcontract a minimum of 30% of the work to at least one of the ENEs or QSEs which fall under regulation 4 (1c) of Gazette 10684, Preferential Procurement Regulation 2017.

Furthermore, PSPs are encouraged to utilize Graduate Trainees in the Department of Water and Sanitation for actual billable tasks in the study as part of skills transfer and capacity building. The proposal documentation must provide clear details about the nature of such initiatives.

In the case of collaboration among different PSPs, the proposal shall be accompanied by a suitably worded letter from each participating firm, confirming their participation in the Association or Joint Venture, signed by a Principal of each participating firm.

13 INTELLECTUAL PROPERTY

All deliverables and products produced for this assignment will be the sole property of the Department of Water and Sanitation. If anyone or the PSPs wishes to use them or apply them elsewhere, they should do so only after receiving approval by the Department in writing.

14 ADMINISTRATIVE COMPLIANCE

Bidders are required to comply with the following criteria listed below:

No	Criteria	Yes	No
1.	Companies must be registered with National Treasury's Central Supplier Database. Provide proof of print out from CSD.		

No	Criteria	Yes	No
2.	Tax compliant with SARS (to be verified through CSD).		
3.	Complete, sign and submit SBD 1, SBD 3.3, SBD 4 and SBD 6.1		
4.	General Conditions of Contract (GCC)		
5.	Active registration with Company Intellectual Property Commission (to be verified through CSD and CIPC) Attach copy of CIPC/CIPRO Certificate		
6.	The service provider (and in the case of a consortium or joint venture – at least one member of such consortium or joint venture) should submit a notary agreement between the parties must clearly identify the lead partner (if applicable)		
7.	CERTIFICATE OF AUTHORITY FOR SIGNATORY (bidders to complete the relevant form.)		
8.	Copy of an Identity document of the authorised individual to represent the Service provider as per the CERTIFICATE OF AUTHORITY FOR SIGNATORY form		

15 EVALUATION SYSTEM

Department of Water and Sanitation will evaluate all proposals in terms of the Preferential Procurement Regulations 2022. A copy of the Preferential Procurement Regulations 2022 can be downloaded from www.treasury.gov.za. In accordance with the Preferential Procurement Regulations 2022, submissions will be adjudicated on 80/20 points system and the evaluation criteria. A three phase evaluation criteria will be considered in evaluating the bid. On the receipt of the proposals, the evaluation criteria shown below will be used for the selection of the most suitable bidder to undertake the assignment.

Phase 1: Mandatory Compliance (if not complied with, bid will be disqualified)

Phase 2: Functional / Technical Evaluation

Phase 3: Points awarded for Price and Specific Goal (80/20 Preferential System)

15.1 PHASE 1: MANDATORY COMPLIANCE:

Please note that all bidders must comply with the following mandatory requirements-

Failure to submit any of the documents listed below will render your bid non-responsive and will be disqualified.

Yes - list the relevant documents required on the table below

No	Criteria	Yes	No
1.	Attach a Study Leader's Copy of Registration Certificate for Study leader - (ECSA or recognised institution according to the Washington Accord) or registered professional Scientist (SACNASP)		

15.2 PHASE 2: FUNCTIONALITY (TECHNICAL) EVALUATION

The 80/20 point system will be used in evaluating all proposals. The criteria and guideline weighting points applicable are detailed in the following paragraphs.

Values: 1 Very Poor..... 2 Poor.....3 Average.....4 Good.... 5 Excellent

Table 5: Functionality Evaluation

Criteria		Points value	Weighting Points Awarded
Functionality	Past Experience of the company in Integrated Water Resource Planning and management projects		20
	Above 10 years	5	
	Above 7 years to 10 years	4	
	Above 5 years to 7 years	3	
	Above 3 years to 5 years	2	
	0 years to 3 years	1	
	Past Experience of the company in undertaking a water resource study in the relevant study area		5
	Above 10 years	5	
	Above 7 years to 10 years	4	
	Above 5 years to 7 years	3	
	Above 3 years to 5 years	2	
	0 years to 3 years	1	

Criteria		Points value	Weighting Points Awarded
	Methodology: • Compliance with ToR; • Detailed method statement for each task within the study area; • Inclusion of Organogram; • Detailed programme showing clear sequence and time allocation and • Innovations in response to the ToR		35
	All 5 items addressed	5	
	4 items addressed	4	
	3 items addressed	3	
	2 items addressed	2	
	0 or 1 item addressed	1	
	Team Capability • The Study Leader should have relevant experience in similar projects • The Study leader should be a registered Professional Engineer (with ECSA or recognised institution according to the Washington Accord) or registered professional Scientist (SACNASP) with specialisation in the water resource planning/management field (the proof, as provided in abridged cv documents attached as part of the proposal).		30 10 of 30
	Above 10 years experience	5	
	Above 7 years to 10 years experience	4	

Criteria		Points value	Weighting Points Awarded	
	Above 5 years to 7 years experience	3		
	Above 3 years to 5 years experience	2		
	0 years to 3 years experience	1		
	The Deputy Study Leader should be a registered Professional Engineer (with ECSA or recognised institution according to the Washington Accord) or registered professional Scientist (SACNASP) with relevant experience in similar projects with specialisation in the water resource planning/management field (the proof, as provided in abridged CV documents attached as part of the proposal).		5 of 30	
	Above 10 years experience	5		
	Above 7 years to 10 years experience	4		
	Above 5 years to 7 years experience	3		
	Above 3 years to 5 years experience	2		
	0 years to 3 years experience	1		
	The criteria for scoring the Task Leaders Capability is outlined as per the value system of 1 to 5 below. Task leaders for each of the 3 work packages should have relevant experience, and be specialists such as water resource engineer, hydrologist, geohydrologist, water quality specialist, environmentalist)			15 of 30
	At least 50 % of all task leaders have minimum 5 years experience in their areas of specialisation	5		
	At least 50 % of all task leaders have minimum 4 years experience in their areas of specialisation	4		

Criteria		Points value	Weighting Points Awarded
	At least 50 % of all task leaders have minimum 3 years experience in their areas of specialisation	3	
	At least 50 % of all task leaders have minimum 2 years experience in their areas of specialisation	2	
	At least 50 % of all task leaders have minimum 1 year experience in their areas of specialisation	1	
	Capacity building and training: Provide clear proposals on Capacity building and training of 20 DWS officials and Stakeholders in technical aspects to be undertaken as part of this Study.		10
	Shows innovation in ensuring successful transfer of skills to DWS staff	5	
	Provides detailed methodology of training and capacity building as per ToR	4	
	Provides some methodology but not all aspects	3	
	Training in a workshop format only including WRPM	2	
	Training in a workshop format only excluding WRPM or no training provided	1	
Total			100

This study is highly technical, and will also include application of sophisticated models such as the Water Resources Yield Model and the Water Resources Planning Model. To demonstrate the ability to undertake this study successfully a bidder is required to offer a high degree of technical expertise and capability and present technically excellent study methodology.

For the above reason a bidder is expected to achieve a minimum threshold/required score for Functionality (Past Experience, Methodology, Team capability and Capacity Building and Training) of 70 (%) points. Only bidders who obtained at least 70% under the Functionality (Technical) Evaluation will be considered for further evaluation.

15.3 PHASE 3: PRICE AND SPECIFIC GOALS, THE 80/20 POINTS AWARDED FOR PRICE AND SPECIFIC GOALS

The 80/20 Preferential Procurement System will be used in evaluating these bids:

Evaluation element	Weighting (Points)
SPECIFIC GOALS	20
PRICE	80
Total	100

Price

A maximum of 80 points are allocated for price on the following basis:

$$P_s = 80 \left(1 - \frac{P_t - P_{\min}}{P_{\min}} \right)$$

Where:

P_s = Points scored for comparative price of bid under consideration

P_t = Comparative price of bid under consideration

$P_{\min}$ = Comparative price of lowest acceptable bid

Preference point system

SPECIFIC GOALS	NUMBER OF POINTS TO BE ALLOCATED
Women	5
People with disability	5
Youth (35 and below)	5
Location of enterprise (Province)	2
B-BBEE status level contributors from level 1 to 2 which are QSE or EME	3
Total points for SPECIFIC GOALS	20

Documents Requirement for verification of Points allocation: -

Procurement Requirement

Women
Disability
Youth
B-BBEE status level contributors from
level 1 to 2 which are QSE or EME

Required Proof Documents

Full CSD Report
Full CSD Report
Full CSD Report
Full CSD Report
Valid BBBEE certificate/sworn affidavit
Consolidated BEE certificate in cases of Joint Venture

The definition and measurement of the goals above is as follows:

Women, disability, and youth:

This will be measured by calculating the pro-rata percentage of ownership of the bidding company which meets this criterion. E.g., Company A has five shareholders each of whom own 20% of the company. Three of the five shareholders meet the criterion, i.e. they are women/disability/youth. Therefore, this bidder will obtain 60% of the points allowable for this goal.

Location of enterprise

Local equals province. Where a project cuts across more than one province, the bidder may be located in any of the relevant provinces to obtain the points.

B-BBEE status level contributors from level 1 to 2 which are QSE or EME

Measured in terms of normal BBBEE requirements.

Note: Formula for calculating points for specific goals

Preference points for entities are calculated on their percentage shareholding in a business, provided that they are actively involved in and exercise control over the enterprise. The following formula is prescribed:

$$PC = Mpa \times \frac{P\text{-own}}{100}$$

Where

PC= Points awarded for specific goal

Mpa= The maximum number of points awarded for ownership in that specific category

P-own = The percentage of equity ownership by the enterprise or business

Special Conditions

- Bidders must submit their original and valid B-BBEE status level verification certificate or a certified copy thereof, substantiating their B-BBEE rating issued by a Registered Auditor approved by IRBA or a Verification Agency accredited by SANAS.

- Pricing must include Disbursement and Travelling Costs.
- It is advisable that the study team be firm and consistent for the duration of the contract. Should there be a need to change or replace principal study team members, such changes should be communicated to DWS for approval prior to any changes being effected. Any replacement should hold the same qualifications and experience or better of the replaced officials.
- Upon appointment, Bidders must comply with Unemployment Insurance Fund (UIF). The Department will periodically check the compliance and failure of which may result in termination of the contract.
- Bidders must also provide a valid Letter of good standing with the Compensation Commissioner in terms of the Compensation for Occupational Injuries and Diseases Act 130 of 1993 within 21 days of receiving an award letter.

16 ARRANGEMENTS FOR SUBMISSIONS OF PROPOSALS

16.1 Format of Proposal Documentation and Contact Persons

Bidders are requested to provide a clear agreement regarding joint venture/consortia. The percentage involvement of each company in the joint venture agreement should be indicated.

Bidders are required to only submit one (1) hard copy (Original) with both technical and financial proposal. Enquiries about any aspect of this Proposal invitation can be obtained from the following persons:
