RFQ Description	Request for Quotation for PTFE Fire and Gas compliance investigation

Dear Service Provider

1. Introduction

The South African Nuclear Energy Corporation Limited (Necsa) is a state-owned public company (SOC), registered in terms of the Companies Act, (Act No. 61 of 1973), registration number 2000/003735/06.

The Necsa Group engages in commercial business mainly through its wholly-owned commercial subsidiaries: NTP Radioisotopes SOC Ltd (NTP), which is responsible for a range of radiation-based products and services for healthcare, life sciences and industry, and Pelchem SOC Ltd (Pelchem), which supplies fluorine and fluorine-based products. Both subsidiaries, together with their subsidiaries, supply local and global markets, earning valuable foreign exchange for South Africa and are among the best in their field in their respective world markets.

Necsa's safety, health, environment and quality policies provides for top management commitment to compliance with regulatory requirements of ISO 14001, OHSAS 18001 and RD 0034 (Quality and Safety Management Requirements for Nuclear Installations), ISO 9001 and ISO 17025.

Necsa promotes the science, technology and engineering expertise of South Africa and improves the public understanding of these through regular communications at various forums and outreach programmes to the community. We are a proudly South African company continuously striving, and succeeding in many respects, to be at the edge of science, technology and engineering related to the

safe use of nuclear knowledge to improve our world.

Necsa invites interested service providers to submit a response to the RFQ for building inspection for the Fire and Gas compliance as detailed in Section 2.

For more information on Necsa, please visit: www.necsa.co.za

2. Project Description

Necsa is currently in a process of upgrading some of its experimentation infrastructure in brown field. Experimentation infrastructure required that the building to be used must comply with relevant codes and standards for fire and gas. It is therefore required that an inspection of the earmarked building be conducted to establish compliance with relevant codes and standards.

3. Expected Deliverables

On completion of the inspection it will be required that the appointed service provider provides Necsa with a gap/shortcoming report that as a minimum contains the following information.

1. Gap/shortcoming report
 - 1.1. Applicable South African codes and standards for Fire and Gas system design, installation and maintenance.
 - 1.2. Areas that need to be attended to
 - 1.3. List of current material to be avoided.
2. The service provider will also be required to compile an RFQ for the design and installation of a fire detection and protection system
3. The service provider will also be required to compile an RFQ for the design and installation of a gas detection and protection system

4. Duration

The duration to supply the services must not exceed 2 months.

5. List of compulsory information and documentation

The potential service providers should supply the following information and documentation in response to the RFQ, failure to do so will disqualify the potential supplier:

- a. Response document must be signed by a duly authorised representative of the company.
- b. Provide Company Profile.

For further information regarding this matter, please contact Tankiso Modise at 012 305 5734 or 071 686 1379. Email: Tankiso.modise@necsa.co.za

6. Pricing

- Use Table 1 to itemize your offer, taking into account the scope of work and associated deliverables as defined above. Additional rows can be added if itemized items are more than what is allocated in Table1.
- All price quoted to include all applicable taxes.
- Price must be fixed and firm
- Price should include additional cost elements such as freight, insurance until acceptance, duty where applicable, disbursements etc.
- Quotation must be completed in full, incomplete quote could result in a quote being disqualified.
- Payment will be according to Necsa's General Conditions of Purchase.

Table 1: Costing

Ref #	Item description	Quantity	Unit Cost	Line Total
01				
02				
03				
04				
05				
Sub Total (Excl.)				
VAT (15%)				
TOTAL (Incl.)				

7. Evaluation

• Phase 1- Functionality Evaluation / Technical Evaluation

Where functional or technical evaluation criterion is applicable, assessment will be performed in terms of the criterion listed below and the criterion may include Technical, Performance, Quality and Risk.

If the Bidder's response to the Technical templates does not indicate that the Bidder can support an acceptable technical solution, the Bidder's response will be rejected and not evaluated further.

Together the Technical, Performance & Quality and Risk criteria make up the functionality criterion and a Bidder's Proposal will be evaluated for functionality out of a possible 100 points. Only RFQ

			Revision	1
			Page	1 of 4

responses achieving an evaluation score of greater than the set threshold points out of the possible 100 points and which score a number of points for functionality that is greater than or equal to the set threshold points of the number of points achieved by the highest scoring Bid for functionality will be selected to progress to the second stage. Experience

The quotations will be evaluated according to the following selection criteria (based on information requested above):

Item	Requirement	Weight	Points	Criteria
1	Company Experience Provide company profile and a list of previous projects. Relevant company experience. Completed projects – list of past projects (client details, project value, duration of the project, etc.	30	30	More than 10 years experience
			20	Seven to Nine years experience
			15	Four to Six years experience
			10	Two to Three years experience
			0	Less than two year experience
2	Traceable reference letter from previous clients (30 points) . 1. Company letter head 2. Contact details of the company 3. Purchase order amount 4. Nature of the service rendered by the supplier.	30	30	Three (3) reference letters from the companies the suppliers did the work for
			20	Two (2) reference letters from the companies the supplier did the work for
			10	. One (1) reference letter.
			0	No reference letter.
3	Lead Inspector Experience Provide CV and ECSA certificate More than 10 years relevant experience (20 points) Less than 10 years relevant experience (10 points) Registered with ECSA (20 points)	40	40	More than 10 years experience and ECSA registered
			30	Less than 10 years experience and ECSA registered
			20	More than 10 years experience and NOT ECSA registered
			10	Less than 10 years experience and NOT ECSA registered
Total		100		

IMPORTANT: A bidder/s that scores less than **80 points out of 100** in respect of functionality will be regarded as submitting a non-responsive bid and will be disqualified. Should the relevant bidder/s meet the minimum required percentage or minimum points, they will be evaluated as per Phase 2 evaluation outlined below.

			Revision	1
	CFD analysis of the smelter ducting		Page	1 of 4

1. Quotation must be submitted on or before the RFQ closing date and time stated above.
2. Orders above R 30 000 will be evaluated according to the PPPFA 80/20-point system and a functionality scorecard where applicable and the ones above R 1 Million will be subjected to the tender process.
3. This RFQ is subjected to the Necsa's General Conditions of Purchase, Preferential Procurement Policy Framework Act 2000 and the Preferential Procurement Regulations, 2022, the General Conditions of Contract (GCC) and, if applicable, any other legislation or special conditions of contract
4. Failure on the part of a bidder to submit proof of B-BBEE Status level of contributor together with the bid, will be interpreted to mean that preference points for specific goals are not claimed.
5. The purchaser reserves the right to require of a bidder, either before a bid is adjudicated or at any time subsequently, to substantiate any claim in regard to specific goals, in any manner required by the purchaser.
6. For a Bidder to obtain clarity on any matter arising from or referred to in this document, please refer queries, in writing, to the contact details provided above. Under no circumstances may any other employee within Necsa be approached for any information. Any such action might result in a disqualification of a response submitted in competition to this RFQ.
7. No goods and/or services should be delivered to Necsa without an official Necsa Purchase order.
8. Necsa reserves the right to; cancel or reject any quote and not to award the RFQ to the lowest Bidder or award parts of the RFQ to different Bidders, or not to award the RFQ at all.
9. The supplier shall under no circumstances offer, promise or make any gift, payment, loan, reward, inducement, benefit or other advantage, which may be construed as being made to solicit any favour, to any Necsa employee or its representatives. Such an act shall constitute a material breach of the Agreement and the Necsa shall be entitled to terminate the Agreement forthwith, without prejudice to any of its rights
10. By responding to this request, it shall be construed that: the bidder, hereby acknowledge to be fully conversant with the details and conditions set out in the Necsa's General Conditions of Purchase, Preferential Procurement Policy Framework Act 2000 and the Preferential Procurement Regulations, 2022, the General Conditions of Contract (GCC), Technical
