Good Day Emmanuel

1. A question for the Health and Safety. Is the file we are putting together going to be the generic file for all the sidings where we would need to install the trackers or will we need to generate a file for every site as and when we go and install the trackers?

Kind regards

Good Day Emmanuel

I see on the ESupplier Portal that the date for submission has been extended to 17 September 2026. Is there an addendum form to submit to accept the extension?

Kind regards
