If bills of quantities or pricing schedules apply and there is an error in the line item total resulting from the product of the unit rate and the quantity, the line item total shall govern and the rate shall be corrected. Where there is an obviously gross misplacement of the decimal point in the unit rate, the line item total as quoted shall govern, and the unit rate shall be corrected. c. Where there is an error in the total of the prices either as a result of other Corrections required by this checking process or in the tenderer's addition of prices, the total of the prices shall govern and the tenderer will be asked to revise selected item prices (and their rates if bills of quantities apply) to achieve the tendered total of the prices. The Tender Offer will be rejected if the tenderer does not correct or accept the Correction of the arithmetical error in the manner described above
C.3.11	Functionality, Price and Preference The purpose of the evaluation is to ensure and promote compliance with the Constitution, specifically Section 217, which provides that when organs of state contract for goods or services, they must do so in accordance with a system which is fair, equitable, transparent, competitive and cost-effective. The evaluation of bids will be undertaken in 4 Stages/ Phases .
C.3.12	The procedure for the evaluation of responsive tenders is Functionality, Financial offer, Preference and Objective criteria) as explained in the CIDB's Standard for Uniformity in Construction Procurement August 2019 (clause 4.3.1). Breakdown points for Functionality points are outlined below. The procedure for the evaluation of responsive tenders is detailed as follows:

	Phase One: Responsiveness to the eligibility criteria, bid and mandatory requirements and rules. Tenderers that do not meet the compliance requirements stipulated above will be disqualified from further evaluation. Phase Two: Tenderers must meet the minimum requirements outlined in the functionality criteria and score at least the minimum functionality points to be considered for further evaluation. Tenderers which do not meet minimum functionality points of 70 will then be rejected. Phase Three: Bidders passing all stages above will thereafter be evaluated on PPPFA (80/20 or 90/10). Phase Four: Objective criteria and Risk analysis
	PHASE ONE: RESPONSIVENESS TO THE ELIGIBILITY CRITERIA, BID AND MANDATORY REQUIREMENTS AND RULES: Tenderers' proposals must meet the following minimum requirements and supporting documents must be submitted with the completed bid document in a sealed envelope in the bid box at the closing date and time. Failure to comply will automatically eliminate the bid for further consideration: 1. Tender Document (This Document must be submitted in its original format) 2. Tenders which are late, incomplete, unsigned or submitted by facsimile or electronically, will not be accepted. 3. Tenderer must be registered with cidb in the correct grading and class of works as per the tender notice and requirements and the status on cidb must be active during award stage. It is the responsibility of the tenderer to keep the status on CIDB active throughout bidding process (i.e from advert till award stage). 4. Tenderer must be a legal entity or partnership or joint venture or consortia. 5. Form of offer and Acceptance (fully completed and signed) 6. MBD 4- Declaration of Interest (fully completed and signed) 7. MBD 5-Declaration for procurement above R10 million (all applicable taxes included) - (fully completed and signed) 8. MBD 8- Declaration of Bidder's past Supply Chain Management Practices. (Completed and signed) 9. MBD 9- Certificate of Independent Bid Determination. (Completed and signed) 10. Compulsory Enterprise Questionnaire (Completed and signed) 11. If the offer (any of the items quoted for) is "Vat Inclusive", the VAT registration number of service provider must be indicated. Bidders are not entitled to claim the VAT if they are not VAT registered. 12. Certificate of Authority for Joint Ventures (if applicable). In the case of a joint venture, a signed JV agreement stating the share interest or percentage of each partner should also be made available to the department by the JV. CIDB regulations and prescripts apply. 13. Resolution to Sign (if applicable) must be completed and furnished with the tender. 14. All tenderers must be registered with the applicable professional association for their profession. 15. Attendance of compulsory briefing meeting (where applicable) 16. Only one offer per item per bidder is allowed and alternative offers will not be considered. If more than one offer per item is received, none of the offers will be considered. Tenderers are also not allowed to submit a bid/ quotation whilst they are in agreement with other tenderers in the form of joint ventures or consortiums. 17. Bidder (Company or director/partner or sole propriety) must attach proof of municipal rates on municipality letterhead which are not older than 90 days. If the statement of municipal rates is not in the name of the bidder, an affidavit from SAPS must be attached. or Letter of traditional authority not older than 90 days for the bidder. OR In case of a lease agreement, a signed lease agreement by both parties(lessor & lessee), an affidavit indicating that the bidder and/or the director does not have municipal account and that the municipal services, rates and taxes are paid by the property owner must be attached. The tenderer will be rejected if it has failed to pay municipal rates

- and taxes or municipal service charges and such rates, taxes and charges (where they are applicable) are in arrears for more than three months.
18. If the tenderer is required by law to prepare annual financial statements for auditing, it must submit its audited annual financial statements— (aa) for the past three years; or (bb) since their establishment if established during the past three years.
 19. A letter of intent from a registered financial institution showing full details as guarantor in the amount of 10% as specified for surety purposes must be submitted.
 20. Relevant Letter of Good Standing with the Compensation for Occupational Injuries and Diseases

Other Conditions of bid (Non eliminating, unless expressly mentioned in the document):

1. MBD 1 form
2. The bidder must be registered on the Central Supplier Database (CSD) prior to the award.
3. All tenderer's tax matters must be in order prior to award. Bidders' tax matters will be verified through CSD.
4. The bidder must complete section 1.3.1.2 of the Preference Points Form to claim points on Specific goals. Non-completion of the schedule / form will result in a bidder losing preferential points.

PHASE TWO: TENDER WHO PASS STAGE 1 WILL THEN BE EVALUATED ON FUNCTIONALITY CRITERIA, AS OUTLINED BELOW:

1. The tender will be expected to submit substantial information (valid copies and detailed information as ordered) in order to claim points for each of the criteria or sub criteria set.
2. The tenderer must demonstrate to the satisfaction of the Employer that it has sufficient skill and capacity to execute the works.
3. The form or the evaluation criteria and maximum score in respect of each of the criteria listed in 5.11.9.
4. A Tender scoring an average score below **70 points** in Functionality will be considered as DISQUALIFIED from evaluation and will be discarded from any further evaluation.
5. Non-submission or poorly completed schedule or incomplete information will result in a tenderer losing points on Functionality. CVs which do not substantially detail relevant experience will also lead to a bidder losing points on Functionality, It is the responsibility of the tenderer to ensure that all copies are clear and certified when the conditions require them to be so.
6. No second chance will be given to a tenderer to submit some information after tender closure on this stage of evaluation i.e. functionality.

PHASE THREE: EVALUATION POINTS ON PRICE AND SPECIFIED GOALS

The 80/20 preference point system shall be applied for the purposes of this bid as per the requirements of the *Preferential Procurement Policy Framework Act, 2000 (Act No. 5 of 2000)*.

Criteria	Points
Points on Price	80
Specified Goals	20
Total	100

The 80/20 preference point system for acquisition of services, works or goods up to Rand value of R50 million:

(a) The following formula must be used to calculate the points for price in respect of tenders (including price quotation) with a Rand value equal to, or above R 30 000 and up to Rand value of R 50 000 000 (all applicable taxes included):

The financial offer will be scored using the following formula:

$$A = (1 - (P - P_m))$$

NOTE:

The tenderer must submit a CSD number, CIPC documents indicating share ownership or directorship of the company or a comprehensive CSD report which must indicate the names of the owners, their gender, race, age, whether there is a person living with disability or not and the address of a company (first address on CSD), in order to claim the preferential procurement points.

In the case of a Joint Venture, the first table on Paragraph 8 in the preference points claim form (Table 1) must be completed by all partners of the JV. The second table (Table 2) must be completed with information related to HDI ownership in the JV, the last column will then be used for purposes of claiming points above.

PHASE FOUR: OBJECTIVE CRITERIA AND RISK ANALYSIS

- The Employer reserves the right not to appoint the highest point scorer, when any of the objective criteria are taken into consideration:

When the tenderer has any of the following:

- It has been removed from a contract between them and any organ of state on account of failure to perform on or comply with the contract. If it is a JV, any of the JV partners.
- It has completed the project with the Employer after being put on penalties.

	A more detailed explanation of the quality criteria is given below: Experience of the Firm/ Company Tenderers must complete Part T2.2, Returnable Schedules, which is a list all relevant or comparable municipal infrastructure projects (the design and construction) that have been successfully completed in the past five years, or that are underway at present. Note: Where the entity tendering is a joint venture a score for track record will be awarded to each party to the joint venture, which will then be combined in proportion to the percentage contribution of each party to the joint venture. Adequacy of the Proposed Work Plan and Methodology: A proposed work plan must be provided with the tender submission, attached to Part T2.2: Returnable Schedules, which must be of sufficient detail (but preferably not more than 10 pages in length) to indicate that the project brief has been understood. That is, tenderers must show that they have appreciated that the nature of the problem, and indicate the approach and methodology that they intend following in order to reach the required outcome. Expertise of key personnel As the work required in terms of this tender is considered to be of a low to moderate technical complexity, but nevertheless requires an appropriate level of expertise. It is essential that suitably qualified and experienced personnel be assigned to this project. Besides the minimum requirements specified in the eligibility criteria, it would be advantageous if the key personnel can demonstrate recent experience related to similar projects, namely the designs, compilation of tender documentation, and construction supervision & administration of municipal building infrastructure in the township/ rural and urban context. Aside from submitting a general CV for each of the key personnel (required in terms of clause F.2.1.3) tenderers must submit a statement for each of the key personnel which

	highlights any particular fields of specialisation and experience that is relevant to this particular project. The professional registration numbers of these individuals must be provided, if applicable. These statements must be appended to Part T2.2: Returnable Schedules, based on points will be awarded to the tenderer in question. Tenderers must also indicate what resources (Human) they have available and intend allocating to this project, and on what basis (that is, for what aspect of the work, and whether full or part time), if successful. This will include the key personnel, plus others (for example, a tender documentation specialist, construction staff, site monitoring staff). Proposed Logistical Outlay: Other resources, for example, would be the plant and equipment required for construction, type of software package intended for use on this project, whether or not it is owned, leased or licensed to the tenderer, or whether it is available through some other means. An intended resource allocation schedule must be appended to Part T2.2: Returnable schedules. Tenderers should note that, during the course of any contract arising from this tender, any of the personnel listed at tender stage may only be replaced with personnel of similar qualification and experience, subject to the approval of the employer.
C.3.13.1	The legal requirements for acceptance of the tender offer are: Tender Defaulters Register - the Tenderer or any of its principals is <u>not</u> listed on the register of Tender Defaulters in terms of the Prevention and Combating of Corrupt Activities Act of 2004 as a person prohibited from doing business with the public sector. Abuse of the SCM System - the Tenderer has <u>not</u> abused the Employer's Supply Chain Management System and has <u>not</u> been given a written notice to the effect that he has failed to perform on any previous contract. Declaration - the Tenderer has indicated and declared whether or not a spouse, child or parent of the Tenderer is in the service of the State. Fraud and Corruption - the Employer is satisfied that the Tenderer or any of his principals have <u>not influenced</u> the tender offer and acceptance by the following criteria: - having offered, promised or given a bribe or other gift or remuneration to any person in connection with the obtaining of this Contract; - having acted in a fraudulent or corrupt manner in obtaining this Contract; - having approached an officer or employee of the Employer or the Employer's Agent with the object of influencing the award of a Contract in the Tenderer's favour; - having entered into any agreement or arrangement, whether legally binding or not, with any other person, firm or company to refrain from Tendering for this Contract or as to the amount of the Tender to be submitted by either party; - having disclosed to any other person, firm or company other than the Employer, the exact or approximate amount of his proposed Tender. The Employer may, in addition to using any other legal remedies, repudiate the Tender offer and acceptance and declare the Contract invalid should it have been concluded already.
C.3.18	The number of paper copies of the signed contract to be provided by the Employer is one (1).

K. CONTRACTOR'S HEALTH AND SAFETY DECLARATION

In terms of Clause 5(1)(h) of the OHSA 1993 Construction Regulations 2014 (referred to as "the Regulations" hereafter), a Contractor may only be appointed to perform construction work if the Employer is satisfied that the Contractor has the necessary competencies and resources to carry out the work safely in accordance with the Occupational Health and Safety Act No 85 of 1993 and the OHSA 1993 Construction Regulations 2014.

To that effect a person duly authorised by the Tenderer must complete and sign the declaration hereafter in detail.

Declaration by Tenderer

1. I the undersigned hereby declare and confirm that I am fully conversant with the Occupational Health and Safety Act No 85 of 1993 (as amended by the Occupational Health and Safety Amendment Act No 181 of 1993), and the OHSA 1993 Construction Regulations 2014.
2. I hereby declare that my company has the competence and the necessary resources to safely carry out the construction work under this contract in compliance with the Construction Regulations and the Employer's Health and Safety Specifications.
3. I propose to achieve compliance with the Regulations by one of the following:
 - (a) From my own competent resources as detailed in 4(a) hereafter:..... ***Yes / No**
 - (b) From my own resources still to be appointed or trained until competency is achieved, as detailed in 4(b) hereafter:..... ***Yes / No**
 - (c) From outside sources by appointment of competent specialist subcontractors as detailed in 4(c) hereafter:..... ***Yes / No**

(* = delete whatever is not applicable)

4. Details of resources I propose:

Note: Competent resources shall include safety personnel such as the construction manager, construction health and safety officer and construction supervisor as defined in Regulation 8, and competent persons as defined in the OHSA 1993 Construction Regulations 2014, as applicable to this contract.

- (a) Details of the competent and qualified key persons from my company's own resources, who will form part of the contract team:

NAMES OF COMPETENT PERSONS	POSITIONS TO BE FILLED BY COMPETENT PERSONS

Employer	Witness 1	Witness 2	Broker	Witness 1	Witness 2

(b) Details of training of persons from my company's own resources (or to be hired) who still have to be trained to achieve the necessary competency:

(i) By whom will training be provided?

(ii) When will training be undertaken?

(iii) List the positions to be filled by persons to be trained or hired:

.....

.....

(c) Details of competent resources to be appointed as subcontractors if competent persons cannot be supplied from own company:

Name of proposed subcontractor:

Qualifications or details of competency of the subcontractor:

.....

.....

5. I hereby undertake, if my tender is accepted, to provide, before commencement of the works under the contract, a suitable, sufficiently documented and coherent site specific Health and Safety Plan in accordance with Regulation 7(1)(a) of the Construction Regulations, which plan shall be subject to approval by the Employer.

6. I confirm that copies of my company's approved Health and Safety Plan, the Employer's Health and Safety Specifications as well as the OHSA 1993 Construction Regulations 2014 will be provided on site and will at all times be available for inspection by the Contractor's personnel, the Employer's personnel, the Engineer, visitors, and officials and inspectors of the Department of Labour.

7. I hereby confirm that adequate provision has been made in my tendered rates and prices in the schedule of quantities to cover the cost of all resources, actions, training and all health and safety measures envisaged in the OHSA 1993 Construction Regulations 2014, and that I will be liable for any penalties that may be applied in terms of the said Regulations (Regulation 33) for failure on the Contractor's part to comply with the provisions of the Act and the Regulations.

8. I agree that my failure to complete and execute this declaration to the satisfaction of the Employer will mean that I am unable to comply with the requirements of the OHSA 1993 Construction Regulations 2014 and accept that my tender will be prejudiced and may be rejected at the discretion of the Employer.

N. TENDERER'S PARTICIPATION IN JOB CREATION USING LOCAL LABOUR

The Contractor shall be required to participate in job creation (employment of local labour) by executing various portions of the Works using local labour, recruited through a process as agreed with Moretele Local Municipality Project Manager, from within the local community in the vicinity of the project.

The creation of one job shall mean the employment, for any period of time, of one unskilled labourer from the local community who is a South African Citizen with his/her own unique South African identity document. Proof of citizenship may be audited during the contract period.

The Tenderer shall note the requirements for Job Creation Reporting for EPWP as set out by Government. Requirements of the Expanded Public Works Programme (EPWP) of the project specifications.

The minimum number of jobs to be created using local unskilled labour shall be as set out in the table below.

In order for an offer to be considered responsive, the Tenderer shall complete the table below by indicating the minimum number of jobs that he/she intends to create in terms of job creation participation during the contract period, and this number shall not be less than the minimum stated in the table.

TENDERER'S DECLARATION WITH RESPECT TO PARTICIPATION IN JOB CREATION USING LOCAL LABOUR:

I/We hereby tender to participate in job creation through the employment of local labour by creating the following number of jobs using unskilled labour recruited from the local community:

Labour category	Minimum number of jobs to be created	Tenderer's number of jobs to be created
Unskilled labour	10	

The undersigned, who warrants that he/she is duly authorized to do so on behalf of the Tenderer, confirms that he/she understands the conditions for such participation and confirms that the tender satisfies the conditions for participation in job creation through the employment of local labour.

3.2.1. POINTS AWARDED FOR PRICE

A maximum of 80 or 90 points is allocated for price on the following basis:

$$\begin{array}{ccc} \mathbf{80/20} & \mathbf{or} & \mathbf{90/10} \\ \\ = \left(\frac{P_{max} - P_t}{P_{max}} \right) \times 80 & \text{or} & = \left(\frac{P_{max} - P_t}{P_{max}} \right) \times 90 \end{array}$$

Where

Ps = Points scored for price of tender under consideration
Pt = Price of tender under consideration
Pmax = Price of highest acceptable tender

4. POINTS AWARDED FOR SPECIFIC GOALS

- 4.1. In terms of Regulation 4(2); 5(2); 6(2) and 7(2) of the Preferential Procurement Regulations, preference points must be awarded for specific goals stated in the tender. For the purposes of this tender the tenderer will be allocated points based on the goals stated in table 1 below as may be supported by proof/

documentation stated in the conditions of this tender:

4.2. In cases where organs of state intend to use Regulation 3(2) of the Regulations, which states that, if it is unclear whether the 80/20 or 90/10 preference point system applies, an organ of state must, in the tender documents, stipulate in the case of—

- (a) an invitation for tender for income-generating contracts, that either the 80/20 or 90/10 preference point system will apply and that the highest acceptable tender will be used to determine the applicable preference point system; or
- (b) any other invitation for tender, that either the 80/20 or 90/10 preference point system will apply and that the lowest acceptable tender will be used to determine the applicable preference point system,

then the organ of state must indicate the points allocated for specific goals for both the 90/10 and 80/20 preference point system.

Table 1: Specific goals for the tender and points claimed are indicated per the table below.

(Note to organs of state: Where either the 90/10 or 80/20 preference point system is applicable, corresponding points must also be indicated as such.

Note to tenderers: The tenderer must indicate how they claim points for each preference point system.)

Z. MBD9: CERTIFICATE OF INDEPENDENT BID DETERMINATION

1. This Standard Bidding Document (MBD) must form part of all bids¹ invited.
2. Section 4 (1) (b) (iii) of the Competition Act No. 89 of 1998, as amended, prohibits an agreement between, or concerted practice by, firms, or a decision by an association of firms, if it is between parties in a horizontal relationship and if it involves collusive bidding (or bid rigging).² Collusive bidding is a pe se prohibition meaning that it cannot be justified under any grounds.
3. Treasury Regulation 16A9 prescribes that accounting officers and accounting authorities must take all reasonable steps to prevent abuse of the supply chain management system and authorizes accounting officers and accounting authorities to:
 - a. disregard the bid of any bidder if that bidder, or any of its directors have abused the institution's supply chain management system and or committed fraud or any other improper conduct in relation to such system.
 - b. cancel a contract awarded to a supplier of goods and services if the supplier committed any corrupt or fraudulent act during the bidding process or the execution of that contract.
4. This MBD serves as a certificate of declaration that would be used by institutions to ensure that, when bids are considered, reasonable steps are taken to prevent any form of bid-rigging.
5. In order to give effect to the above, the attached Certificate of Bid Determination (MBD 9) must be completed and submitted with the bid:

CERTIFICATE OF INDEPENDENT BID DETERMINATION

I, the undersigned, in submitting the accompanying tender:

MLM/CH/W23/26-27
INVITATION FOR PROPOSALS TO PROVIDE PROFESSIONAL ENGINEERING SERVICES AND
CONSTRUCTION OF WARD 23 COMMUNITY HALL (TURNKEY CONTRACT)

.....
(Tender Number and Description)

in response to the invitation for the tender made by:

Moretele Local Municipality
.....

do hereby make the following statements that I certify to be true and complete in every respect:

I certify, on behalf of:.....that:

(Name of Tenderer)

I have read and I understand the contents of this Certificate;
I understand that the accompanying tender will be disqualified if this Certificate is found not to be true and complete in every respect;
I am authorized by the tenderer to sign this Certificate, and to submit the accompanying tender, on behalf of the tenderer;
Each person whose signature appears on the accompanying tender has been authorized by the tenderer to determine the terms of and to sign the tender, on behalf of the tenderer.

For the purposes of this Certificate and the accompanying tender, I understand that the word "competitor" shall include any individual or organization, other than the tenderer, whether or not affiliated with the tenderer, who:

- (a) has been requested to submit a tender in response to this tender invitation;
- (b) could potentially submit a tender in response to this tender invitation, based on their qualifications, abilities or experience; and
- (c) provides the same goods and services as the tenderer and/or is in the same line of business as the tenderer.

The tenderer has arrived at the accompanying tender independently from, and without consultation, communication, agreement or arrangement with any competitor. However, communication between partners in a joint venture or consortium will not be construed as collusive tendering.

In particular, without limiting the generality of the preceding paragraphs above, there has been no consultation, communication, agreement or arrangement with any competitor regarding:

- (a) prices;
 - (b) geographical area where the products or services will be rendered (market allocation);
 - (c) methods, factors or formulas used to calculate prices;
 - (d) the intention or decision to submit or not submit a tender;
 - (e) the submission of a tender which does not meet the specifications and conditions of the tender;
- or
- (f) tendering with the intention not to win the tender.

In addition, there have been no consultations, communications, agreements or arrangements with any competitor regarding the quality, quantity, specifications and conditions or delivery particulars of the products or services to which this tender invitation relates.

The terms of the accompanying tender have not been, and will not be, disclosed by the tenderer, directly or indirectly, to any competitor, prior to the date and time of the official tender opening and of the awarding of the contract.

I am aware that, in addition and without prejudice to any other remedy provided to combat any restrictive practices related to tenders and contracts, tenders that are suspicious will be reported to the Competition Commission for investigation and possible imposition of administrative penalties in terms of section 59 of the Competition Act No 89 of 1998 and/or may be reported to the National Prosecuting Authority (NPA)

AA. PROPOSED WORK PLAN

The tenderer shall append their proposed work plan to this Schedule.

It should be noted that while a programme may form part of the required work plan, more than a programme is expected in response to this requirement. The work plan must indicate the approach and methodology that the tenderer intends following in order to reach the required outcomes. The work plan must show that the tenderer has appreciated the Scope of Work, and has good insight as to what actions or activities are required in order to comply with the Employer's objectives. The proposed work plan is an important document based upon which score points for quality will be awarded. Tenderers should however endeavor to keep their submissions in this regard to a maximum of 10 pages.

BB. PROFESSIONAL INDEMNITY INSURANCE

The tenderer is referred to the Tender Data and shall state below details of the professional indemnity insurance held by the tenderer. Where the tenderer is a joint venture, each party to the joint venture must submit details of their professional indemnity insurance. Proof of insurance or confirmation from a reputable Insurance Broker that the tenderer is eligible for the prescribed professional indemnity insurance cover should he/she be awarded the contract, must be appended to this schedule.

B. ACCEPTANCE

By signing this part of the Form of Offer and Acceptance, the Employer identified below accepts the Tenderer's Offer. In consideration thereof, the Employer shall pay the Service Provider the amount due in accordance with the Conditions of Contract identified in the Contract Data. Acceptance of the Tenderer's Offer shall form an agreement between the Employer and the Tenderer upon the terms and conditions contained in this Agreement and in the Contract that is the subject of this Agreement.

The terms of the contract are contained in

- Part 1 Agreements and Contract Data (which includes this Agreement)
- Part 2 Pricing Data, including the Schedule of Quantities
- Part 3 Scope of Work
- Part 4 Site Information

and the schedules, forms, drawings and documents or parts thereof, which may be incorporated by reference into Parts 1 to 4 above.

Deviations from and amendments to the documents listed in the Tender Data and any addenda thereto listed in the Tender Schedules as well as any changes to the terms of the Offer agreed by the Tenderer and the Employer during this process of offer and acceptance, are contained in the Schedule of Deviations attached to and forming part of this Agreement. No amendments to or deviations from said documents are valid unless contained in this Schedule, which must be duly signed by the authorised representatives of both parties.

The Tenderer shall deliver the Guarantee in terms of Clause 6.2.1 of the General Conditions of Contract 2015 within the period stated in the Contract Data, and he shall, immediately after receiving a completed copy of this Agreement, including the Schedule of Deviations (if any), contact the Employer's agent (whose details are given in the Contract Data) to arrange the delivery of any other bonds, guarantees, proof of insurance and any other documentation to be provided in terms of the Conditions of Contract identified in the Contract Data, within 14 days of the date on which this Agreement comes into effect. Failure to fulfil any of these obligations in accordance with those terms shall constitute a repudiation of this Agreement.

Notwithstanding anything contained herein, this Agreement comes into effect on the date when the Tenderer receives one fully completed original copy of this document, including the Schedule of Deviations (if any). Unless the Tenderer (now Service Provider) within five days of the date of such receipt notifies the Employer in writing of any reason why he cannot accept the contents of this Agreement, this Agreement shall constitute a binding contract between the parties.

C. SCHEDULE OF DEVIATIONS

The extent of deviations from the tender documents issued by the Employer prior to the tender closing date is limited to those permitted in terms of the Tender Data and the Conditions of Tender.

A Tenderer's covering letter will not necessarily be included in the final contract document. Should any matter in such letter, which constitutes a deviation as aforesaid, become the subject of agreement reached during the process of offer and acceptance, the outcome of such agreement shall be recorded here.

Any other matter arising from the process of offer and acceptance either as a confirmation, clarification or change to the tender documents and which it is agreed by the Parties becomes an obligation of the contract shall also be recorded here.

Any change or addition to the tender documents arising from the above agreement and recorded here shall also be incorporated into the final draft of the Contract.

**THE INVITATION FOR PROPOSALS TO PROVIDE PROFESSIONAL ENGINEERING SERVICES
AND CONSTRUCTION OF WARD 23 COMMUNITY HALL (TURNKEY CONTRACT)**

C1.2.1 CONDITIONS OF CONTRACT

C1.2.1.1 GENERAL CONDITIONS OF CONTRACT

This Contract will be based on the "General Conditions of Contract for Construction Works, Third Edition, 2015", issued by the South African Institution of Civil Engineering (abbreviated title: "GCC 2015").

It is agreed that the only variations from the GCC 2015 are those set out hereafter under "C1.2.1.2 SPECIAL CONDITIONS OF CONTRACT".

C1.2.1.2 SPECIAL CONDITIONS OF CONTRACT

C1.2.1.2.1 GENERAL

These Special Conditions of Contract (SCC) form an integral part of the Contract. The Special Conditions of Contract shall amplify, modify or supersede, as the case may be, the GCC 2015 to the extent specified below, and shall take precedence and shall govern.

The clauses of the Special Conditions of Contract hereafter are numbered "SCC" followed in each case by the number of the applicable clause or subclause in the GCC 2015, and the applicable heading, or (where a new special condition that has no relation to the existing clauses is introduced) by a number that follows after the last clause number in the GCC 2015, and an appropriate heading.

C1.2.1.2.2 AMENDMENTS TO THE GCC 2015

SCC 1.1 Definitions

Add the following to the end of subclause 1.1:

"1.1.1.35 "Target Enterprise" means an enterprise as defined in Part E: Small Service Provider Development of section C3.3 Particular Specifications in Part C3: Scope of works."

SCC 4.1.1 Extent of Service Provider's obligations

Add the following new paragraph to the end of subclause 4.1.1:

"If the Service Provider fails to achieve the monetary value of the target set by the Employer for contract participation by Targeted Enterprise in terms of Part E: Small Service Provider Development of Section C3.3 Particular Specifications in Part C3: Scope of Works, the Service Provider shall be liable to the employer for a sum calculated in accordance with the Contract Data and the aforementioned Scope of Works as a penalty for such underachievement."

SCC 6.8.2 Application of Contract Price Adjustment Factor

Add the following to the end of subclause 6.8.2:

“Referring to the “CONTRACT PRICE ADJUSTMENT SCHEDULE” on page 72 of the GCC 2015, delete the four consecutive paragraphs describing the symbols “L”, “P”, “M” and “F” respectively, and replace them with the following:

“L” is the “Labour Index” and shall be the Consumer Price Index for the province and applicable area as stated in the Contract Data, and as published in Table 14 of the “Additional tables” of the Statistical release P0141 of Statistics South Africa.

“P” is the “Plant Index” and shall be the Producer Price Index for “Civil engineering plant” as published in Table 4 of the Statistical release P0151 of Statistics South Africa.

“M” is the “Materials Index” and shall be the Producer Price Index for the “Building and construction - Civil engineering” industry as published in Table 3 of the Statistical release P0151 of Statistics South Africa.

“F” is the “Fuel Index” and shall be the Producer Price Index for “Diesel fuel - Coast and Witwatersrand” as published in Table 4 of the Statistical release P0151 of Statistics South Africa.”

	No such instruction by the Employer's Agent to expedite progress shall be the subject of additional compensation to the Service Provider unless the instruction explicitly states that the Service Provider is entitled to additional compensation, and cites the amount of such compensation or the basis upon which it is to be determined.
Clause 5.8.1	The non-working days are Sundays. The special non-working days are the construction industry year-end break and the following statutory public holidays as declared by National Government: New Year's Day, Human Rights Day, Good Friday, Family Day, Freedom Day, Workers' Day, Youth Day, National Women's Day, Heritage Day, Day of Reconciliation, Christmas Day and the Day of Goodwill. The construction industry year-end break commences on the first working day after 15 December and ends on the first working day after 5 January of the following year.
Clause 5.12.3:	<i>Delete the contents of the clause and insert the following:</i> If an extension of time is granted, other than an extension resulting from abnormal rainfall in terms of Clause 5.12.5, the Service Provider shall be paid such additional time-related General Items as are appropriate having regard to any other compensation which may already have been granted in respect of the circumstances concerned.
Clause 5.13:	<i>Delete the contents of the clause and insert the following:</i> 5.13.1 If the Service Provider fails by the Due Completion Date to complete the Works, or any specific portion thereof that is identified in the Scope of Works to the extent which entitles him in terms of Clause 5.14.2 to receive a Certificate of Practical Completion for the Works, then the Service Provider shall be liable to the Employer for the sum(s) stated below as (a) penalty(ies) for every day which shall elapse between the Due Completion Date for the Works or the specific portion of the Works and the actual Date of Practical Completion of the Works or of the specific portion. The penalty for failing to complete the Works is 0,05% of the total Tender Sum per day, up to a maximum limit of twenty-five thousand rand per day. 5.13.2 If before the issue of a Certificate of Practical Completion for the whole of the Works, or for any specific portion thereof that is identified in the Scope of Works, any further part of the Works has been: 5.13.2.1 certified as complete in terms of a Certificate of Practical Completion; or 5.13.2.2 occupied or used by the Employer, his agents, employees or other Service Providers (not being employed by the Service Provider); then the appropriate penalty for delay referred to in Clause 5.13.1 above shall be reduced by the amount which is determined by the Employer's Agent to be appropriate under the circumstances. 5.13.3 The imposition of penalties in terms of Clause 5.13.1 shall not relieve the Service Provider from his obligation to complete the Works, nor from any of his obligations and liabilities under the Contract. 5.13.4 All penalties for which the Service Provider becomes liable in terms of Clause 5.13.1 shall be accumulative. 6. It is recorded that the aggregate amount of payments required to be made by the Guarantor in terms of 4 and 5 shall not exceed the Guarantor's maximum liability in terms of 1.
7. Where the Guarantor has made payment in terms of 5, the Employer shall upon the date of issue of the Final Payment Certificate submit an expense account to the Guarantor showing how all monies received in terms of this Performance Guarantee have been expended and shall refund to the Guarantor any resulting surplus. All monies refunded to the Guarantor in terms of this Performance Guarantee shall bear interest at the prime overdraft rate of the Employer's bank compounded monthly and calculated from the date payment was made by the Guarantor to the Employer until the date of refund.
8. Payment by the Guarantor in terms of 4 or 5 shall be made within seven (7) calendar days upon receipt of the first written demand to the Guarantor.
9. Payment by the Guarantor in terms of 5 will only be made against the return of the original Performance Guarantee by the Employer.
10. The Employer shall have the absolute right to arrange his affairs with the Service Provider in any manner which the Employer may deem fit and the Guarantor shall not have the right to claim his release from this Performance Guarantee on account of any conduct alleged to be prejudicial to the Guarantor.
11. The Guarantor chooses the physical address as stated above for the service of all notices for all purposes in connection herewith.
12. This Performance Guarantee is neither negotiable nor transferable and shall expire in terms of 2, where

for the construction, completion and maintenance of the works;

AND WHEREAS the EMPLOYER and the SERVICE PROVIDER have agreed to enter into an agreement in terms of the provisions of Section 37(2) of the Occupational Health and Safety Act No 85 of 1993, as amended by OHSA Amendment Act No 181/1993 (hereinafter referred to as the ACT);

NOW THEREFORE the parties agree as follows:

1. The SERVICE PROVIDER undertakes to acquaint the appropriate officials and employees of the SERVICE PROVIDER with all relevant provisions of the ACT and the regulations promulgated in terms thereof.
2. The SERVICE PROVIDER undertakes to fully comply with all relevant duties, obligations and prohibitions imposed in terms of the ACT and Regulations: Provided that should the EMPLOYER have prescribed certain arrangements and procedures that same shall be observed and adhered to by the SERVICE PROVIDER, his officials and employees. The SERVICE PROVIDER shall bear the onus of acquainting himself/herself/itself with such arrangements and procedures.
3. The SERVICE PROVIDER hereby accepts sole liability for such due compliance with the relevant duties, obligations, prohibitions, arrangements and procedures, if any, imposed by the ACT and Regulations, and the SERVICE PROVIDER expressly absolves the EMPLOYER and the EMPLOYER'S AGENT from being obliged to comply with any of the aforesaid duties, obligations, prohibitions, arrangements and procedures in respect of the work included in the contract.
4. The SERVICE PROVIDER agrees that any duly authorised officials of the EMPLOYER shall be entitled, although not obliged, to take such steps as may be necessary to ensure that the SERVICE PROVIDER has complied with his undertakings as more fully set out in paragraphs 1 and 2 above, which steps may include, but shall not be limited to, the right to inspect any appropriate site or premises occupied by the SERVICE PROVIDER, or to take such steps the EMPLOYER may deem necessary to remedy the default of the SERVICE PROVIDER at the cost of the SERVICE PROVIDER.

C2.1 PRICING INSTRUCTIONS

1. GENERAL

The Schedule of Quantities forms part of the Contract Documents and must be read and priced in conjunction with all the other documents comprising the Contract Documents, which include the Conditions of Tender, Conditions of Contract, the Specifications (including the Project Specifications) and the Drawings.

2. DESCRIPTION OF ITEMS IN THE SCHEDULE

The short descriptions given in the Activity Schedule below are brief descriptions used to identify the activities for which prices are required. Detailed descriptions of the activities to be priced are provided in the Scope of Work, with reference to the Guideline Scope of Services and Tariff of Fees for Persons Registered in terms of the Engineering Profession Act, 2000 (latest Government Gazette), as well as the Architectural Profession Act, 2000 (latest Government Gazette), where applicable, for persons registered with the Engineering Council of South Africa (ECSA) and the South African Council for the Architectural Profession (SACAP) respectively.

While it is entirely at the tenderer's discretion as regards pricing the Activity Schedule below, the Guideline Scope of Services and Tariff of Fees for Persons Registered in terms of the Engineering Profession Act, 2000 (latest Government Gazette), as well as the Guideline Scope of Services and Tariff of Fees for Persons Registered in terms of the Architectural Profession Act, 2000 (latest Government Gazette), have been used as a basis in determining and specifying the services to be rendered by the service provider. Tenderers will be well advised to study these documents to ensure that their pricing makes provision for the scope of work that is required to be undertaken where reference is made to these documents in the pricing schedule. These documents are also useful for providing tenderers with industry norms, allowing them to compare their rates, sums, percentage fees, and/or prices as applicable.

3. For the purpose of the Activity Schedule, the following words shall have the meanings hereby assigned to them:

Unit: The unit of measurement for each item of work.
Quantity: The number of units of work for each item.
Rate: The agreed payment per unit of measurement.
Amount: The product of the quantity and the agreed rate for an item.
Sum: An agreed lump sum payment amount for an item, the extent of which is described in the Scope of Work, but the quantity of work which is not measured in any units.
Percentage Fee: The agreed fee for a service, the extent of which is described in the Scope of Works, expressed as a percentage of a construction cost or contract value or part thereof.

4. A rate, sum, percentage fee and/or price as applicable, is to be entered against each item in the Activity Schedule. An item against which no price is entered will be considered to be covered by the other prices or rates in the Activity Schedule.

Employer

Witness 2

Contractor

5. The rates, sums, percentage fees and prices in the Activity Schedule are to be fully inclusive prices for the work described under the several items. Such prices and rates are to cover all costs and expenses that may be required in and for the execution of the work described in accordance with the provisions of the Scope of Work, and shall cover the cost of all general risks, liabilities, and obligations set forth or implied in the Contract Data, as well as overhead charges and profit.
6. Where quantities are given in the Activity Schedule, these are provisional and do not necessarily represent the actual amount of work to be done. The quantities of work accepted and certified for payment will be used for determining payments due and not the quantities given in the Activity Schedule. In respect of time based services, the allocation of staff must be agreed with the employer before such services are rendered.
7. Tenderers will note that the prices for some items are developed from a tendered fee expressed as a percentage of an estimated contract value (construction cost), or part thereof, which for tendering purposes, are given. Tenderers are required to insert their tendered percentage fee in the space provided. Where prices have been developed from a tendered fee, the final amount due to the Service Provider will be adjusted according to final construction contract values based on the percentage fee tendered.

Only one (flat rate) percentage fee per item may be tendered. A percentage fee tendered on a sliding scale will make the tender non-responsive.

8. The following table shall be used for proportioning the tendered basic fee for normal services over the various stages of the services:

Stage of Services	Percentage points for each stage
Inception	Guideline Scope of Services and Tariff of Fees for Persons Registered in terms of the relevant council
Concept and Viability	
Design Development	
Documentation and Procurement	
Contract Administration and Inspection	
Close-Out	

The Service Provider will be required, at the time of issue of the Certificate of Completion (to the Service Provider undertaking the construction of the Works) to claim the total fee (100%) for normal services, less a 10% retention amount of the total fee. The retention will be released as payment to the Service Provider for the Close-Out stage of the services on successful completion of the Service Provider's defects liability period.

9. Tendered time-base fees (where the unit of measurement is time based) shall be adjusted in terms of clause 3.16 of the Standard Professional Services Contract. All other rates, sums, percentage fees or prices (as applicable) tendered in the Activity Schedule shall be final and binding and shall **not** be subject to any variation throughout the period of the contract. This is due to the fact that the fee for normal services rendered is typically developed from a construction contract value which is subject to escalation/contract price adjustment, either directly or indirectly. The Service Provider will be deemed to benefit or be fully compensated for increased costs from adjustments in this regard. In developing any other rates, (excluding time based), tenderers must make allowance for annual increases.
10. The categories of persons (A, B, C, D) in respect of time based fee rates shall be as defined in Clause 4.4(2) of the Guideline Scope of Service and Tariff of Fees for Persons Registered in terms of the Engineering Profession Act, 2000 (latest Government Gazette).
11. Where provisional sums are provided in respect of additional services, these amounts may be omitted in part or in full should the additional work not be required. Where additional services are to be sub-contracted out by the Service Provider, which do not exceed R200 000 (including VAT) in value, the Service Provider will typically be required to invite three quotations from suitably qualified sub-consultants/Service Providers. Where the sub-contracted services are likely to exceed R200 000 (including VAT) in value, the Service Provider shall follow an open tender process in respect of this work. A mark up (extra over) in respect of all other costs, overhead charges and profit will be applicable in respect of all sub-contracted services.

12. Tenderers are referred to the Scope of Work and the requirement that a level 3 Construction monitoring service be provided by the service provider. The tendered rate for construction monitoring staff shall include all overtime costs in respect of construction monitoring services provided outside of normal working hours.
13. Tenderers are to note that only those recoverable expenses listed in the Activity Schedule will be reimbursed to the Service Provider. No reimbursement of costs for subsistence, typing, printing/copying (other than reports and/or tender documents), communications or computer hardware and/or software will be made and these costs will be deemed to be included in rates, sums, percentage fees and prices for normal and additional services rendered.
14. Items for printing/copying shall be for specified contract documents, reports, manuals and drawings, excluding general correspondence, minor reports, progress reports, etc. which shall be deemed to be included in the professional fees. Payment will only be made for copies of reports and drawings submitted to the Employer or issued, as specified or requested by the Employer, and all drafts shall be for the Service Provider's account.
15. Full construction monitoring staff shall be reimbursed for travelling expenses, for either the return office to site or return home to site journeys, whichever is the lesser. Part time construction monitoring staff shall be reimbursed for either the return office to site or return alternate site to site journeys, whichever is the lesser. Construction monitoring staff engaged in work outside of normal working hours shall be reimbursed for the return home to site journey. Staff other than construction monitoring staff shall only be reimbursed for travelling expenses in respect of trips exceeding 40km per journey (round trip). Payment shall only be made for that portion of the distance that exceeds 40 km.
16. The **per kilometer rate** for the reimbursement of **travel expenses** shall be limited to the ad-hoc duty transportation allowance for the Employer's own staff as adjusted from time to time.
17. Tenderers are to note that the planning for this contract is based on a one year budget which is subject to change. While the Employer has every intent to complete the full scope of works, the Employer reserves the right to reduce or increase the scope of works according to the dictates of the budget, or to terminate this contract, without adjustment to the agreed rates, sums or fees and without payment of any penalty or surcharge in this regard. The Service Provider shall however be entitled to pro-rata payment for all services carried out in terms of any adjustment to the Scope of Works or, in the case of termination, remuneration and/or reimbursement as described in Clause 8.4.4 of the Standard Professional Services contract.

1. INTRODUCTION

The Moretele Local Municipality intends to appoint a suitably qualified and experienced Turnkey Service Provider to undertake the full design, construction, and professional supervision of a new community hall facility in Ward 23. The service provider may be a single entity or a joint venture between a professional services firm and a CIDB-registered Service Provider. The appointed party will be responsible for delivering a comprehensive turnkey solution that includes both professional engineering services and construction works.

In line with the Municipal Finance Management Act, 2003 and the Municipal Supply Chain Management Regulations, 2005, these services shall be procured through a competitive bidding process. The purpose of this document is to formally invite tenders for the provision of a turnkey solution for the design and construction of the Ward 23 Community Hall. Tenders will be evaluated in accordance with the criteria set out in the tender data, based on financial offer and preference.

2. BACKGROUND

The Municipality recognizes the need for improved community infrastructure and seeks to construct a 545 m² community hall that will serve as a central facility for social, administrative, and cultural activities. The hall will include essential functional spaces such as an entrance lobby, ablution facilities, office space, storage rooms, and a kitchen or catering area, and must comply with all relevant South African building codes, municipal by-laws, and applicable professional standards.

Employer	Witness 1	Witness 2	Contractor	Witness 1	Witness 2

In addition to the main structure, the scope of work includes external infrastructure such as a parking area for approximately 20 vehicles, paved walkways, basic landscaping, a secure perimeter fence wall, and a guardhouse at the entrance. The Turnkey Service Provider will also be responsible for the provision and installation of all required municipal services, including water supply, sanitation, electricity, and stormwater management systems, ensuring full compliance with health, safety, and environmental regulations.

Professional services are to be provided across all six project stages, in accordance with the guidelines and scope defined by the South African Council for the Architectural Profession (SACAP), the Engineering Council of South Africa (ECSA), and other relevant statutory bodies. The service provider will be expected to manage statutory approvals, quality control, construction supervision, and all related project management tasks as part of an integrated delivery approach.

3. EMPLOYER'S OBJECTIVE

The objective of Moretele Local Municipality is to appoint a Turnkey Service Provider capable of delivering the project in a manner that ensures quality, cost-efficiency, compliance, and long-term sustainability. The Municipality requires a solution that integrates design and construction under one contractual arrangement to streamline implementation, accountability, and coordination.

The selected service provider must manage the full project lifecycle, including obtaining all necessary municipal and regulatory approvals prior to and during construction. This includes the preparation and submission of a comprehensive technical report in accordance with the requirements of the Municipal Infrastructure Grant (MIG) programme. The technical report must align with MIG guidelines and support the successful registration of the project for MIG funding.

Given that this is a greenfield development and the final site selection is yet to be confirmed, the service provider will be required to provide professional input into site identification, suitability assessments, and preliminary planning. All planning activities must account for future statutory approvals, environmental considerations, service connections, and land use compliance.

The Municipality further expects the service provider to strictly comply with all applicable legislation, including the Municipal Finance Management Act, occupational health and safety regulations, environmental and land development regulations, and relevant SANS quality standards throughout project implementation.

The Municipality seeks a capable and professional turnkey partner to deliver infrastructure that addresses the functional needs of the community, satisfies regulatory and funding requirements, and achieves long-term value through sustainable and compliant development.

4.2 Normal Services

Stage	Description	Mandatory Requirements for Combined Services (Architect PM, Engineering, QS, Planning, Environmental, Safety, Land Survey, Construction, etc.)
Stage 1: Inception	Project Initiation & Feasibility	The project team must establish the client's brief and project objectives, and shall conduct detailed site appraisals and surveys. Early stakeholder engagement shall be initiated to align expectations. A Project Execution Plan must be developed to guide the project. Site and boundary surveys, as well as geotechnical investigations, shall be performed. Preliminary risk identification and budget estimation must be completed. Zoning, land use compliance, environmental screening, and initial health and safety risk assessments shall be carried out. Site access and clearing preparations must be undertaken in compliance with GCC 3rd Edition standards.
Stage 2: Concept & Viability (Pre-Design)	Conceptual Design & Feasibility Analysis	Concept designs, including 3D renderings, must be prepared for client review and approval. A detailed design brief shall be developed to refine project requirements. The site's development potential and bulk services constraints must be evaluated. Risk assessments and mitigation plans shall be formulated. Early coordination among consultants and Service Providers must be ensured to facilitate integrated planning. A communication and stakeholder management plan shall be established. Engineering inputs, including geotechnical interpretations, must be incorporated. Cost estimates and environmental impact assessments, where applicable, shall be prepared. An Occupational Health and Safety plan for the design phase must be developed. Survey control points shall be confirmed. Bulk earthworks and site preparation must be initiated.
Stage 3: Design Development	Detailed Design & Approvals Preparation	Architectural and engineering designs must be finalized, including spatial layouts and system integrations. Consultants shall coordinate to ensure consistency and readiness for approval submissions. A Quality Management Plan must be developed, and contract documentation shall be prepared. Updated cost estimates must be provided. Environmental management plans shall be established, and occupational health and safety compliance must be monitored. Detailed designs for structural, mechanical, electrical, and civil engineering systems must be completed. Initial construction activities such as foundations and structural framework shall commence.
Stage 4: Documentation & Approvals	Final Design Documentation & Procurement Preparation	Detailed working drawings must be prepared and submitted for municipal and statutory approvals. Procurement strategies and processes shall be managed to ensure timely contract finalizations. All contracts must be finalized, and compliance with regulatory requirements shall be verified. Construction drawings and technical specifications must be completed. Final Bill of Quantities and cost plans shall be prepared. Environmental and health and safety compliance documentation must be compiled. Mobilization and material procurement activities shall be undertaken to ready the site for construction.

Stage 5: Construction	Construction Execution & Monitoring	Regular site inspections and quality control measures must be performed to ensure standards are met. Service Provider coordination and responses to requests for information shall be managed. Contract administration must include management of variations, progress reporting, and risk monitoring. Health and safety audits shall be conducted regularly, and environmental compliance must be monitored. Engineering supervision and milestone sign-offs shall occur throughout construction. Payment certifications and valuations must be managed. The Clerk of Works shall oversee ongoing quality assurance. Full construction and services installation must be executed in accordance with design and specifications.
Stage 6: Close-Out & Handover	Project Completion & Post-Construction	Completion certificates and as-built drawings must be issued following final inspections and commissioning support. The defects liability period shall be managed effectively to address any outstanding issues. Final account reconciliation and project close-out reports must be prepared and submitted. Lessons learned shall be documented for future reference. Environmental and health and safety compliance certifications must be obtained. Snagging, defect rectification, and site cleanup shall be completed, and all demobilization activities must be finalized.

4.3 Additional Services

Services	Description
Wayleave Applications	The Service Provider shall be responsible for all initial service enquiries and wayleave applications from various service authorities. The requirements from these authorities must be incorporated into the designs and tender documentation as necessary.
Targeted Procurement	The Service Provider shall provide all services related to targeted procurement for the construction contract, excluding the selection, appointment, and administration of participation. Although this service is additional to the normal service, no specific pricing provision exists in the Activity Schedule. The Service Provider must include all costs and profits for this service in its normal service rates; no additional payment will be made if excluded.
Construction Monitoring	Construction monitoring is essential and requires an experienced individual (the Engineer's Representative) on site, though not full-time. At least a level 3 service must be provided. The Engineer's Representative must be present during all critical operations. The Service Provider must ensure sufficient time is allocated for this role and may adjust the tendered rate accordingly. The Employer requires a qualified individual with a minimum of 5 years' relevant experience and reserves the right to reject unsuitable candidates.
Act as Employer's Agent under OHSA	By submitting a tender, the Service Provider acknowledges acceptance of the appointment as the client's agent under the Occupational Health and Safety Act, 1993 (Act No 85 of 1993) and Construction Regulations, 2003, if the tender is accepted. The Service Provider must execute all duties of the client as per the Construction Regulations. If needed, the Service Provider must include costs for a safety specialist in its fee. The Service Provider must ensure compliance by all sub-consultants and enter into an agreement with the Employer prior to work commencement.
Geotechnical Investigations and Testing	The Service Provider is responsible for services to determine geotechnical properties and conduct materials and soil testing as required to inform design. These services

	must be performed with the Employer's approval, which will not be unreasonably withheld.
Topographical and/or Engineering Survey	The Service Provider must conduct topographical and engineering surveys needed for design, supplementing or verifying incomplete or inaccurate data provided by the Employer. Costs incurred are borne by the Service Provider but reimbursed under the Activity Schedule, subject to prior Employer approval, which will not be unreasonably withheld.
Act as "The Employer" under GCC 2015	The Service Provider will assume full responsibility for procurement and execution of the construction contract, including payment of the Service Provider and fulfilling all rights and obligations of "The Employer" as defined in the General Conditions of Contract for Construction Works 3rd Edition 2015, with provision for payment included in the Activity Schedule.

5 TIME FRAMES/MILESTONES

It is a requirement is that construction works (not including any maintenance or defect liability period) must be complete within the Employer's financial year which ends on 30 June 2026. The Service Provider shall therefore programme the work (which will include attaching milestones to the Service Providers work) in such a manner so as to ensure that these objectives are met for the construction contract that will be let under this appointment.

6. APPLICABLE NATIONAL AND INTERNATIONAL STANDARDS

The Service Provider shall take cognizance of and adhere to all applicable national and international standards in the execution of his own work and when compiling specifications for construction works. International standards should only be used where no national standards exist, or where it is the norm to use or refer to international standards.

7. APPROVALS

For the construction of the community hall, the appointed service provider must obtain all necessary approvals, including town planning or land use rights to confirm proper zoning; building plan approval from the municipal building control authority in compliance with the National Building Regulations and SANS 10400; and environmental authorisation if the site is environmentally sensitive. The service provider is also responsible for securing approvals for municipal service connections such as water, sanitation, electricity, and stormwater, as well as fire department clearance and road or access permits. Compliance with occupational health and safety regulations, including submission of a health and safety plan prior to construction, must be ensured. If the project is funded through the Municipal Infrastructure Grant (MIG), the service provider must manage project registration and technical report approval through the Department of Cooperative Governance and Traditional Affairs. Additionally, health department approval may be required for kitchen facilities, and heritage approvals must be obtained if applicable.

Notwithstanding any approval received from the Employer, the Service Provide shall remain responsible for all work carried out by or on behalf of the Service Provider in terms of this contract.

4. Standards

4.1 The goods supplied shall conform to the standards mentioned in the bidding documents and specifications.

5. Use of

5.1 The supplier shall not, without the purchaser's prior written consent, **contract** disclose the contract, or any provision thereof, or any specification, **documents** plan, drawing, pattern, sample, or information for **and information**; nished by or on behalf of the purchaser in connection therewith, to any person other than a person employed by the supplier in the performance of the **inspection**. contract. Disclosure to any such employed person shall be made in confidence and shall extend only so far as may be necessary for purposes of such performance.

5.2 The supplier shall not, without the purchaser's prior written consent, make use of any document or information mentioned in GCC clause 5.1 except for purposes of performing the contract.

5.3 Any document, other than the contract itself mentioned in GCC clause 5.1 shall remain the property of the purchaser and shall be returned (all copies) to the purchaser on completion of the supplier's performance under the contract if so required by the purchaser.

5.4 The supplier shall permit the purchaser to inspect the supplier's records relating to the performance of the supplier and to have them audited by auditors appointed by the purchaser, if so required by the purchaser.

6. Patent rights

6.1 The supplier shall indemnify the purchaser against all third-party claims of infringement of patent, trademark, or industrial design rights arising from use of the goods or any part thereof by the purchaser.

Performance 7.1 Within thirty (30) days of receipt of the notification of contract award, **security** the successful bidder shall furnish to the purchaser the performance security of the amount specified in SCC.

The proceeds of the performance security shall be payable to the purchaser as compensation for any loss resulting from the supplier's failure to complete his obligations under the contract.

The performance security shall be denominated in the currency of the contract, or in a freely convertible currency acceptable to the purchaser and shall be in one of the following forms:

a bank guarantee or an irrevocable letter of credit issued by a reputable bank located in the purchaser's country or abroad, acceptable to the purchaser, in the form provided in the bidding documents or another form acceptable to the purchaser; or
a cashier's or certified cheque

obligations under the contract, including any warranty obligations, unless otherwise specified in SCC.

Inspections,

8.1 All pre-bidding testing will be for the account of the bidder.
tests and analyses

8.2 If it is a bid condition that supplies to be produced or services to be rendered should at any stage during production or execution or on completion be subject to inspection, the premises of the bidder or contractor shall be open, at all reasonable hours, for inspection by a representative of the Department or an organization acting on behalf of the Department.

8.3 If there are no inspection requirements indicated in the bidding documents and no mention is made in the contract, but during the contract period it is decided that inspections shall be carried out, the purchaser shall itself make the necessary arrangements, including payment arrangements with the testing authority concerned.

8.4 If the inspections, tests and analyses referred to in clauses 8.2 and 8.3 show the supplies to be in accordance with the contract requirements, the cost of the inspections, tests and analyses shall be defrayed by the purchaser.

8.5 Where the supplies or services referred to in clauses 8.2 and 8.3 do not comply with the contract requirements, irrespective of whether such supplies or services are accepted or not, the cost in connection with these inspections, tests or analyses shall be defrayed by the supplier.

8.6 Supplies and services which are referred to in clauses 8.2 and 8.3 and which do not comply with the contract requirements may be rejected.

8.7 Any contract supplies may on or after delivery be inspected, tested or analysed and may be rejected if found not to comply with the requirements of the contract. Such rejected supplies shall be held at the cost and risk of the supplier who shall, when called upon, remove them immediately at his own cost and forthwith substitute them with supplies which do comply with the requirements of the contract. Failing such removal, the rejected supplies shall be returned at the suppliers cost and risk. Should the supplier fail to provide the substitute supplies forthwith, the purchaser may, without giving the supplier further opportunity to substitute the rejected supplies, purchase such supplies as may be necessary at the expense of the supplier.

8.8 The provisions of clauses 8.4 to 8.7 shall not prejudice the right of the purchaser to cancel the contract on account of a breach of the conditions thereof, or to act in terms of Clause 23 of GCC.

9. Packing

9.1 The supplier shall provide such packing of the goods as is required to prevent their damage or deterioration during transit to their final destination, as indicated in the contract. The packing shall be sufficient to withstand, without limitation, rough handling during transit and exposure to extreme temperatures, salt and precipitation during transit, and open storage. Packing, case size and weights shall take into consideration, where appropriate, the

remoteness of the goods' final destination and the absence of heavy handling facilities at all points in transit.

9.2 The packing, marking, and documentation within and outside the packages shall comply strictly with such special requirements as shall be expressly provided for in the contract, including additional requirements, if any, specified in SCC, and in any subsequent instructions ordered by the purchaser.

10. Delivery

10.1 Delivery of the goods shall be made by the supplier in accordance with **and documents the** terms specified in the contract. The details of shipping and/or other documents to be furnished by the supplier are specified in SCC.

10.2 Documents to be submitted by the supplier are specified in SCC.

11. Insurance

11.1 The goods supplied under the contract shall be fully insured in a freely convertible currency against loss or damage incidental to manufacture or acquisition, transportation, storage and delivery in the manner specified in the SCC.

Transportation 12.1 Should a price other than an all-inclusive delivered price be required, this shall be specified in the SCC.

Incidental 13.1 The supplier may be required to provide any or all of the following **services**, including additional services, if any, specified in SCC:

performance or supervision of on-site assembly and/or commissioning of the supplied goods.
furnishing of tools required for assembly and/or maintenance of the supplied goods.
furnishing of a detailed operations and maintenance manual for each appropriate unit of the supplied goods.

performance or supervision or maintenance and/or repair of the supplied goods, for a period of time agreed by the parties, provided that this service shall not relieve the supplier of any warranty obligations under this contract; and

training of the purchaser's personnel, at the supplier's plant and/or on-site, in assembly, start-up, operation, maintenance, and/or repair of the supplied goods.

13.2 Prices charged by the supplier for incidental services, if not included in the contract price for the goods, shall be agreed upon in advance by the parties and shall not exceed the prevailing rates charged to other parties by the supplier for similar services.

14. Spare parts

14.1 As specified in SCC, the supplier may be required to provide any or all of the following materials, notifications, and information pertaining to spare parts manufactured or distributed by the supplier:

such spare parts as the purchaser may elect to purchase from the supplier, provided that this election shall not relieve the supplier of any warranty obligations under the contract; and
in the event of termination of production of the spare parts:

Advance notification to the purchaser of the pending termination, in sufficient time to permit the purchaser to procure needed requirements; and

following such termination, furnishing at no cost to the purchaser, the blueprints, drawings, and specifications of the spare parts, if requested.

15. Warranty

15.1 The supplier warrants that the goods supplied under the contract are new, unused, of the most recent or current models, and that they incorporate all recent improvements in design and materials unless provided otherwise in the contract. The supplier further warrants that all goods supplied under this contract shall have no defect, arising from design, materials, or workmanship (except when the design and/or material is required by the purchaser's specifications) or from any act or omission of the supplier, that may develop under normal use of the supplied goods in the conditions prevailing in the country of final destination.

15.2 This warranty shall remain valid for twelve (12) months after the goods, or any portion thereof as the case may be, have been delivered to and accepted at the final destination indicated in the contract, or for eighteen (18) months after the date of shipment from the port or place of loading in the source country, whichever period concludes earlier, unless specified otherwise in SCC.

15.3 The purchaser shall promptly notify the supplier in writing of any claims arising under this warranty.

15.4 Upon receipt of such notice, the supplier shall, within the period specified in SCC and with all reasonable speed, repair or replace the defective goods or parts thereof, without costs to the purchaser.

15.5 If the supplier, having been notified, fails to remedy the defect(s) within the period specified in SCC, the purchaser may proceed to take such remedial action as may be necessary, at the supplier's risk and expense and without prejudice to any other rights which the purchaser may have against the supplier under the contract.

16. Payment

16.1 The method and conditions of payment to be made to the supplier under this contract shall be specified in SCC.

16.2 The supplier shall furnish the purchaser with an invoice accompanied by a copy of the delivery note and upon fulfilment of other obligations stipulated in the contract.

16.3 Payments shall be made promptly by the purchaser, but in no case later than thirty (30) days after submission of an invoice or claim by the supplier.

16.4 Payment will be made in Rand unless otherwise stipulated in SCC.

17. Prices

17.1 Prices charged by the supplier for goods delivered and services performed under the contract shall not vary from the prices quoted by the supplier in his bid, with the exception of any price adjustments authorized in SCC or in the purchaser's request for bid validity extension, as the case may be.

18. Contract

18.1 No variation in or modification of the terms of the contract shall be **amendments** made except by written amendment signed by the parties concerned.

19. Assignment

19.1 The supplier shall not assign, in whole or in part, its obligations to perform under the contract, except with the purchaser's prior written consent.

20. Subcontracts

20.1 The supplier shall notify the purchaser in writing of all subcontracts awarded under this contract if not already specified in the bid. Such notification, in the original bid or later, shall not relieve the supplier from any liability or obligation under the contract.

21. Delays in the

21.1 Delivery of the goods and performance of services shall be made by **supplier's** the supplier in accordance with the time schedule prescribed by the **performance** purchaser in the contract.

21.2 If at any time during performance of the contract, the supplier or its subcontractor(s) should encounter conditions impeding timely delivery of the goods and performance of services, the supplier shall promptly notify the purchaser in writing of the fact of the delay, its likely duration and its cause(s). As soon as practicable after receipt of the supplier's notice, the purchaser shall evaluate the situation and may at his discretion extend the supplier's time for performance, with or without the imposition of penalties, in which case the extension shall be ratified by the parties by amendment of contract.

21.3 No provision in a contract shall be deemed to prohibit the obtaining of supplies or services from a national department, provincial department, or a local authority.

21.4 The right is reserved to procure outside of the contract small quantities or to have minor essential services executed if an emergency arises, the supplier's point of supply is not situated at or near the place where the supplies are required, or the supplier's services are not readily available.

21.5 Except as provided under GCC Clause 25, a delay by the supplier in the performance of its delivery obligations shall render the supplier liable to the imposition of penalties, pursuant to GCC Clause 22, unless an extension of time is agreed upon pursuant to GCC Clause 21.2 without the application of penalties.

21.6 Upon any delay beyond the delivery period in the case of a supplies contract, the purchaser shall, without cancelling the contract, be entitled to purchase supplies of a similar quality and up to the same quantity in substitution of the goods not supplied in conformity with the contract and to return any goods delivered later at the supplier's expense and risk, or to cancel the contract and buy such goods as may be required to complete the contract and without prejudice to his other rights, be entitled to claim damages from the supplier.

22. Penalties

22.1 Subject to GCC Clause 25, if the supplier fails to deliver any or all of the goods or to perform the services within the period(s) specified in the contract, the purchaser shall, without prejudice to its other remedies under the contract, deduct from the contract price, as a

penalty, a sum calculated on the delivered price of the delayed goods or unperformed services using the current prime interest rate calculated for each day of the delay until actual delivery or performance. The purchaser may also consider termination of the contract pursuant to GCC Clause 23.

23. Termination

23.1 The purchaser, without prejudice to any other remedy for breach of **for default** contract, by written notice of default sent to the supplier, may terminate this contract in whole or in part:

if the supplier fails to deliver any or all of the goods within the period(s) specified in the contract, or within any extension thereof granted by the purchaser pursuant to GCC Clause 21.2;

if the Supplier fails to perform any other obligation(s) under the contract; or

if the supplier, in the judgment of the purchaser, has engaged in corrupt or fraudulent practices in competing for or in executing the contract.

In the event the purchaser terminates the contract in whole or in part, the purchaser may procure, upon such terms and in such manner as it deems appropriate, goods, works or services similar to those undelivered, and the supplier shall be liable to the purchaser for any excess costs for such similar goods, works or services. However, the supplier shall continue performance of the contract to the extent not terminated.

Where the purchaser terminates the contract in whole or in part, the purchaser may decide to impose a restriction penalty on the supplier by prohibiting such supplier from doing business with the public sector for a period not exceeding 10 years.

If a purchaser intends imposing a restriction on a supplier or any person associated with the supplier, the supplier will be allowed a time period of not more than fourteen (14) days to provide reasons why the envisaged restriction should not be imposed. Should the supplier fail to respond within the stipulated fourteen (14) days the purchaser may regard the intended penalty as not objected against and may impose it on the supplier.

Any restriction imposed on any person by the Accounting Officer / Authority will, at the discretion of the Accounting Officer / Authority, also be applicable to any other enterprise or any partner, manager, director or other person who wholly or partly exercises or exercised or may exercise control over the enterprise of the first-mentioned person, and with which enterprise or person the first-mentioned person, is or was in the opinion of the Accounting Officer / Authority actively associated.

If a restriction is imposed, the purchaser must, within five (5) working days of such imposition, furnish the National Treasury, with the following information:

the name and address of the supplier and / or person restricted by the purchaser.

the date of commencement of the restriction

the period of restriction; and (iv) the reasons for the restriction.

These details will be loaded in the National Treasury's central database of suppliers or persons prohibited from doing business with the public sector.

1.2 TERMS OF REFERENCE

INVITATION FOR PROPOSALS TO PROVIDE PROFESSIONAL ENGINEERING SERVICES AND CONSTRUCTION OF WARD 23 COMMUNITY HALL (TURNKEY CONTRACT)

1. PURPOSE

The Moretele Local Municipality intends to appoint a suitably qualified and experienced Turnkey Service Provider to undertake the full design, construction, and professional supervision of a new community hall facility in Ward 23. The service provider may be a single entity or a joint venture between a professional services firm and a CIDB-registered Service Provider. The appointed party will be responsible for delivering a comprehensive turnkey solution that includes both professional engineering services and construction works.

In line with the Municipal Finance Management Act, 2003 and the Municipal Supply Chain Management Regulations, 2005, these services shall be procured through a competitive bidding process. The purpose of this document is to formally invite tenders for the provision of a turnkey solution for the design and construction of the Ward 23 Community Hall. Tenders will be evaluated in accordance with the criteria set out in the tender data, based on financial offer and preference.

2. BACKGROUND

The Municipality recognizes the need for improved community infrastructure and seeks to construct a 545 m² community hall that will serve as a central facility for social, administrative, and cultural activities. The hall will include essential functional spaces such as an entrance lobby, ablution facilities, office space, storage rooms, and a kitchen or catering area, and must comply with all relevant South African building codes, municipal by-laws, and applicable professional standards.

In addition to the main structure, the scope of work includes external infrastructure such as a parking area for approximately 20 vehicles, paved walkways, basic landscaping, a secure perimeter fence wall, and a guardhouse at the entrance. The Turnkey Service Provider will also be responsible for the provision and installation of all required municipal services, including water supply, sanitation, electricity, and stormwater management systems, ensuring full compliance with health, safety, and environmental regulations.

Professional services are to be provided across all six project stages, in accordance with the guidelines and scope defined by the South African Council for the Architectural Profession (SACAP), the Engineering Council of South Africa (ECSA), and other relevant statutory bodies. The service provider will be expected to manage statutory approvals, quality control, construction supervision, and all related project management tasks as part of an integrated delivery approach.

3. AIMS AND OBJECTIVES

The objective of Moretele Local Municipality is to appoint a Turnkey Service Provider capable of delivering the project in a manner that ensures quality, cost-efficiency, compliance, and long-term sustainability. The Municipality requires a solution that integrates design and construction under one contractual arrangement to streamline implementation, accountability, and coordination.

The selected service provider must manage the full project lifecycle, including obtaining all necessary municipal and regulatory approvals prior to and during construction. This includes the preparation and submission of a comprehensive technical report in accordance with the requirements of the Municipal Infrastructure Grant (MIG) programme. The technical report must align with MIG guidelines and support the successful registration of the project for MIG funding.

Given that this is a greenfield development and the final site selection is yet to be confirmed, the service provider will be required to provide professional input into site identification, suitability assessments, and preliminary planning. All planning activities must account for future statutory approvals, environmental considerations, service connections, and land use compliance.

The Municipality further expects the service provider to strictly comply with all applicable legislation, including the Municipal Finance Management Act, occupational health and safety regulations, environmental and land development regulations, and relevant SANS quality standards throughout project implementation.

The Municipality seeks a capable and professional turnkey partner to deliver infrastructure that addresses the functional needs of the community, satisfies regulatory and funding requirements, and achieves long-term value through sustainable and compliant development.

4. SCOPE OF WORK/ DELIVERABLES

Construction of 545 m² community hall that will serve as a central facility for social, administrative, and cultural activities. The hall will include essential functional spaces such as an entrance lobby, ablution facilities, office space, storage rooms, and a kitchen or catering area, and must comply with all relevant South African building codes, municipal by-laws, and applicable professional standards.

In addition to the main structure, the scope of work includes external infrastructure such as a parking area for approximately 20 vehicles, paved walkways, basic landscaping, a secure perimeter fence wall, and a guardhouse at the entrance. The Turnkey Service Provider will also be responsible for the provision and installation of all required municipal services, including water supply, sanitation, electricity, and stormwater management systems, ensuring full compliance with health, safety, and environmental regulations.
