

Responses to the queries raised

1. I need to know where the following will be working and for what it will be used:

4 x Walk behind scrubber

3 x Auto scrubber.

Ans. The above will be utilized inside terminal building in departure and arrival area, baggage hall and check-in point

2. The times on your Shift A and B does not seem correct. 18h30-8h00 and 18h30-18h00.

Please send the correct times for this line (Shift A and B)

Ans. The correct time is 06H30-18H00 from Monday to Friday for both Shift, however they will be shift pattern that will be utilized and will be proposed by the winning bidder

3. Lastly, we need the squares of the floors where the 4 x auto scrubbers must work. Are all 4 auto scrubbers walk behind or ride on auto scrubbers?

Ans. As mentioned above in question, square meter can be found in NEC 3 TSC under "C3 Service Information(Detailed scope of work: Areas to be covered)"

4. Green scrubs: Please give complete description of this item or what it will be used for.

Ans. Heavy duty scrubbing and deep cleaning of floors. Use with a cleaning solution to scrub hard floor surfaces. This pad will aggressively remove dirt and scuff marks from heavily soiled floors. It is also designed for light stripping.

5. 4 x Walk behind scrubbers: Which areas will the scrubbers be used at? Do you have the squares of these areas for us to determine what size scrubbers you need. Alternatively, please give us the description of the auto scrubbers needed.

Ans. Kindly see response for question 1 and 3

6. 3 x Auto scrubbers: What is the difference between the 3 auto scrubbers and the 4 walk behind scrubbers in point 2(**Ans. The differ in operation and size, Auto scrubbers the operator sits and drives the scrubber and the walk behind the operator walks behind and pushes or guides the machine**). As per the above point please either give us the square meters of the area where these scrubbers will be used alternatively give us the complete description of the scrubbers needed.

Ans. Kindly see response for question 1 and 3

7. As we please requesting the machinery list hygienic materials list and also pricing list
