3. BACKGROUND

- 3.1 CSOS is a schedule 3A public entity in terms of the Public Finance Management Act (PFMA) which reports to the Minister for Human Settlement and therefore must comply with all the relevant Acts, Laws and Regulations, including but limited to the following.
 - 3.1.1 PFMA 50(1)(a) states that “the accounting authority for a public entity must exercise the duty of utmost care to ensure reasonable protection of the assets and records of the public entity.
 - 3.1.2 PFMA 51(1)(c) states that “an accounting authority for a public entity is responsible for the management, including the safeguarding of the assets and for the management of the revenue, expenditure, and liabilities of the public entity.
 - 3.1.3 PFMA 57(e) states the responsibilities of other officials in a public entity are to be responsible for the management, including the safeguarding, of the assets and the management of the liabilities within that official's area of responsibility
- 3.2 The objective of this bid is to appoint suitably qualified service providers (Insurer or services of a broker) for the provision of short-term insurance services to the CSOS to safeguard movable assets through a comprehensive insurance cover with a standard comprehensive business all-risk insurance for all assets of the CSOS for six (6) months s.
- 3.3 Businesses, properties, and assets are exposed to different types and levels of risks. These include risk of losses of assets, property, etc. While it is not always possible to prevent unwanted events from occurring, the financial world has developed products that protect individuals and businesses against such losses by compensating them with financial resources. Insurance is a financial product that reduces or eliminates the cost of loss, or the effect of loss caused by different types of risks.
- 3.4 The CSOS has in the past relied on the standard warranty offered by different Service Providers on goods/products purchased, mainly mobile devices and computer equipment. It then becomes important to

TERMS OF REFERENCE FOR THE APPOINTMENT OF A SHORT-TERM INSURANCE COMPANY FOR CSOS ASSETS FOR A PERIOD OF SIX MONTHS.

explain the difference between warranty against insurance cover to demonstrate the gap this often creates and the risk CSOS was exposed to such as going concern and loss of valuable assets.

- 3.5 A “warranty” is a legal statement that limits the liability of the issuer for any failure to perform of the issuer’s product or service. Thus, a warranty may state the product is warranted against any defects in material or workmanship for 90 days from the date of purchase. Compensation on account of any defect shall be limited to repair, replacement, or refund of the original purchase price at our sole discretion.
- 3.6 No warranty or guarantee is expressed or implied with respect to the product’s suitability for any particular purpose, nor consequential loss or damage arising from the use of this product.
- 3.7 Now as to insurance. Insurance is a kind of guarantee, in which the insurer guarantees to make a payment when certain circumstances occur, based on agreed terms and conditions and with certain requirements being met. Insurance refers specifically to risk, which is the uncertainty of loss.
- 3.8 By virtue of being a Schedule 3A public entity, CSOS is responsible for the safeguarding of all its movable assets in terms of the Public Finance Management Act (PFMA), Treasury Regulations, and other applicable legislation. CSOS would like to insure the following class of assets as per the Fixed Asset Register at market value, namely:
