

ORTIA7279/2023/RFP – Queries**CONTRACTOR APPOINTMENT FOR SUBSTATION 2B LV SWITCHGEAR REPLACEMENT AT O R TAMBO INTERNATIONAL AIRPORT FOR A PERIOD OF TWELVE (12) MONTHS.**

Questions	Answers
1. Bidder's Experience: In an event where the client has only issued one document as a Completion Certificates and Reference Letter for one Project, with all information covered as required in this tender(as per T1.2 page 10 & Form A5 Page 33) – will submission of such document Once on FORM A6 and again on FORM A7 be sufficient to earn us max point per letter?	1.1 The document from the client must be clear that its a Reference letter and Completion certificate. These are two separate documents it cant be combined into two because the completion certificates certifies that the work was done as per scope to the satisfaction of the client contractually. The reference letter is just to confirm that the bidder was awarded a project with details scope, amounts, completion, or ongoing, etc. 1.2 Form A5 is for the bidder to list acquired company experience in the last 5 years as per the form. 1.3 Form A6 is where the completion certificates are attached 1.4 Form A7 is where the reference letters are attached 1.5 Reference letters on A7 must have completion certificates on A6.
2. Please confirm clarification meeting date, time, location, grading and closing date are correct per tender advert	2. Only tenderers who are a CIDB contractor grading of 4EB or 4EP or higher as stated on the Tender Data may submit tender offers
