CLARIFICATION MEETING

26 FEBRUARY 2026 10:00am

CONSOLIDATED QUESTIONS AND ANSWERS

1. Question: Is there a designated site camp position?

Answer: No, there is no designated site camp, however, a suitable site camp location will be identified by the contractor prior to construction commencement.

2. Question: Is there a set sequence of events for the construction program?

Answer: No. The construction sequence shall be to the discretion of the contractor.

3. Question: Where will the CLO be sourced?

Answer: The CLO will be sourced from the Ward Councillor's office.

4. Question: Can we get the excel version of the Bill of Quantities for pricing purposes?

Answer: Yes, email your requests for the excel Bill of quantities to Njabulo Bhengu, details as contained in the tender document.

5. Question: What happens if pavers around the ICC crack/break during removal and storage?

Answer: Care must be taken when removing pavers. A provision of placing pavers supplied by the employer has been made where replacement is necessary.

6. Question: Is there an item for transportation of pavers from the Employer?

Answer: There is no separate item for the transportation of pavers from the Employer. The tenderer must include in his/her price the handling cost for placing pavers supplied by the employer from the ICC premises.

7. Question: Will working at night be permitted?

Answer: Yes, working at night for certain activities will be permitted subject to adequate notice being received. The contractor will be required to make arrangements with his/her supplier for any material required for execution of works at night.

8. Question: Is there an item for dewatering in the Bill of Quantities?

Answer: No, the tenderer is to refer to the standard eThekweni Municipality specifications
