2. INTRODUCTION

- 2.1. The Community Schemes Ombud Service (CSOS) is established in terms of the Community Scheme Ombud Service Act, 2011 [Act 9 of 2011) to regulate the conduct of parties within community schemes and to ensure their good governance. CSOS reports to the Minister of Human Settlement and is accountable to Parliament.
- 2.2. In order for CSOS to deliver on its mandate, key amongst other priorities of the organization is:
 - 2.2.1. To regulate all community schemes in South Africa and part of our regulatory function entails the provision of dispute resolution services.
 - 2.2.2. To promote good governance of community schemes by developing and implementing appropriate guidelines to enhance stability and harmonious relations amongst the parties
 - 2.2.3. To roll-out massive educational campaigns to educate and train stakeholders within community schemes and the public at large.
 - 2.2.4. To enhance community schemes tenure as alternative tenure option.
 - 2.2.5. To develop and implement appropriate organisational systems, controls, and measures to enhance financial, economic, and organisational efficiency.

3. BACKGROUND

- 3.1 The CSOS is a schedule 3A of the PFMA entity that is required to adhere to the Generally Recognised Accounting Practice, which requires accounting for financial transactions on an accrual basis.
- 3.2 The CSOS was established in terms of the CSOS Act No.9 of 2011. Regulations to the CSOS Act were also passed to enable the Act.

TERMS OF REFERENCE FOR THE APPOINTMENT OF A SERVICE PROVIDER TO REVIEW THE CURRENT CSOS LEVY MODEL.

The mandate of the CSOS is to regulate the conduct of parties in community schemes; to regulate, control and quality assure all scheme governance documentation; to provide a dispute resolution service; to provide stakeholder training, consumer education and awareness for property owners, occupiers and other stakeholders and; to ensure that the organisation is managed in an efficient and sustainable manner.

3.3 The CSOS collects levies from community schemes to sustain itself financially

The following are provisions from the CSOS Act and its Regulations that are presenting challenges as far as accounting for the CSOS levies is concerned.

1. Section 59 of the CSOS Act, 2011 states that **every** community scheme must pay to the service a levy in the amount as prescribed, subject to such discounts and waivers as CSOS may grant. However, the CSOS is still in the process of creating a complete community schemes database, and it is therefore not able to account for all the levies due based on the almost impossible standard of collecting from “**every**” community scheme.
2. Section 59(b) of the CSOS Act states that every community scheme must, with effect from the commencement date of the Act, in each calendar year and at such times as may be prescribed—
file with the Service—
 - (i) an annual return in the prescribed form;
 - (ii) a copy of its annual financial statements; and
 - (iii) any other prescribed document or information.
3. Regulation 11(3) of the Regulations on CSOS prescribes a levy formula as the lesser of R40.00 or 2% of the amount by which the monthly levy charged by the Scheme exceeds R500.00. This is based on the administrative levy that is charged for each unit within the community scheme.
4. Regulation 18(1) of the Regulations to the CSOS Act provides that the documents referred to in section 59(b) of the Act must be filed with the Service

TERMS OF REFERENCE FOR THE APPOINTMENT OF A SERVICE PROVIDER TO REVIEW THE CURRENT CSOS LEVY MODEL.

within 4 (four) months after the end of the community scheme's financial year, by filing in the prescribed Form CS 2.

5. In terms of regulation 18(3) to the CSOS Act, a community scheme must file the registration in Form CS 1, within 30 (thirty) days of –
 - a. coming into effect of this Regulation; or
 - b. its date of incorporation in terms of applicable laws.
6. As a result of the above, the CSOS is not able to satisfy the following audit criteria (assertions) to be able to obtain an unqualified opinion:
 - a. Accuracy of Levies Revenue and Receivables – the levy model as per regulation 11(3) is highly dependent on information provided by the community schemes to the CSOS to enable the CSOS to bill.
 - b. The model requires the CSOS to base its billing on the administrative levy charged by the community scheme and the number of units within the scheme – which in some cases may change.
7. Furthermore, the Annual Return filing process as provided for in Regulation 18(1) has a timing disadvantage, as community schemes are required to file their annual returns within 4 months of the end of their financial year, furnishing the CSOS with the minutes from their AGM, which should provide the CSOS with information on the community schemes administrative levy, ie. whether there is an increase, decrease or no adjustment. This will necessitate the CSOS to go back four months into the billing of the community scheme to adjust the billing.
8. This is also an emphasis on the dependency on the community schemes to provide the CSOS with information that enables billing – currently not all community schemes file the annual returns and there are no enforcement powers - , and further raises concerns on the reliability of the information.

4. PROJECT PURPOSE

- 4.1. The CSOS seeks to procure the services of a reputable and experienced service provider to review the current CSOS levy model.
- 4.2. Enable CSOS to determine billable levy to community schemes without relying on community schemes to submit information

5. SCOPE OF WORK

- 5.1. The scope for this project is for the service provider to review the current CSOS levy model.
- 5.2. Recommend a new levy model or if the current model is still applicable
- 5.3. The CSOS should be able to reach a conclusion on the levy model that is not dependent on community schemes providing information to the CSOS, it should rather be a levy model that will place CSOS in control of the tariff charged,
- 5.4. The effect of any tariff reviews and a less cumbersome levy model in terms of applying the GRAP principles.
- 5.5. The impact on the levy collection when applying alternative levy models, taking into account the number of community schemes, the growing trends of community schemes and other provisions of the CSOS Act and its Regulation.

6. PROJECT TIME FRAME

- 6.1. The appointment will be for an initial period of 3 months.

CERTIFICATE OF INDEPENDENT BID DETERMINATION

- 1 This Standard Bidding Document (SBD) must form part of all bids¹ invited.
- 2 Section 4 (1) (b) (iii) of the Competition Act No. 89 of 1998, as amended, prohibits an agreement between, or concerted practice by, firms, or a decision by an association of firms, if it is between parties in a horizontal relationship and if it involves collusive bidding (or bid rigging).² Collusive bidding is a *pe se* prohibition meaning that it cannot be justified under any grounds.
- 3 Treasury Regulation 16A9 prescribes that accounting officers and accounting authorities must take all reasonable steps to prevent abuse of the supply chain management system and authorizes accounting officers and accounting authorities to:
 - a. disregard the bid of any bidder if that bidder, or any of its directors have abused the institution's supply chain management system and or committed fraud or any other improper conduct in relation to such system.
 - b. cancel a contract awarded to a supplier of goods and services if the supplier committed any corrupt or fraudulent act during the bidding process or the execution of that contract.
- 4 This SBD serves as a certificate of declaration that would be used by institutions to ensure that, when bids are considered, reasonable steps are taken to prevent any form of bid-rigging.
- 5 In order to give effect to the above, the attached Certificate of Bid Determination (SBD 9) must be completed and submitted with the bid:

¹ Includes price quotations, advertised competitive bids, limited bids and proposals.

² Bid rigging (or collusive bidding) occurs when businesses, that would otherwise be expected to compete, secretly conspire to raise prices or lower the quality of goods and / or services for purchasers who wish to acquire goods and / or services through a bidding process. Bid rigging is, therefore, an agreement between competitors not to compete.
