

TENDER NOTICE/ERRATUM

TENDER IEC/LG-02/2025: EASTERN CAPE WAREHOUSE FACILITY

Please be advised that a minor correction has been made to **page 45, section 5.1** of the tender document, as outlined below. The original version omitted the concluding part of the sentence, which should have included the phrase: “**outside of the tolerance range,**” now correctly reflected and highlighted below for reference. A corrected version of the document has been uploaded on National Treasury eTender Portal and the Electoral Commission’s Votaquotes system.

Kindly note that this correction does not constitute a change to the tender specifications in any way and, as such, does not warrant an extension of the tender closing date.

The tender closing date therefore remains 23 July 2025 at 11:00, as stated in the original tender document.
