a. Evaluation Phases:

i. Phase 1: Functionality Evaluation

The service provider's proposal will be evaluated against the set criteria indicated below. A form will be used which will reflect the name of the service provider, the different criteria, with space provided to record the points awarded and motivation for points awarded. The allocation of points will not be affected on a basis of consensus.

The following scoring matrix will be used:

Unable to evaluate	Does not comply with the requirements	Partial compliance with requirements	Full compliance with requirements	Exceeds requirements	Exceptionally exceeds requirements
0	1	2	3	4	5

The following formula will be used to convert the points scored against the weight:

$$Ps = \left(\frac{So}{Ms} \right) \times 100$$

Where:

Ps = Percentage scored for functionality by proposal under consideration
So = Total score of proposal under consideration
Ms = Maximum possible score

Service providers will be expected to achieve a minimum threshold score of 60% in order to proceed to the due diligence process.

A due diligence process will be conducted in respect of all short-listed bidders to determine the capability and ability of short-listed bidders to execute this contract.

The CBE reserves the right to utilise any one or more of the below due diligence methods:

- Presentation by bidders with pre-determined questions being posed by the CBE
- An investigation by the CBE of the bidder's previous contracts carried out, availability of skills or knowledge, existing workload

- Confirmation of the authenticity and content of the reference letters submitted (bidders must provide a minimum of **two** signed reference letters of the same work undertaken even if this method is not selected for due diligence).
- Compulsory Site Inspection: Bidders will be evaluated in terms of compliance to the following criteria:

No.	Criteria	Comply (Yes/No)
1.	Size: Minimum 700m ²	
2.	Premises must be within 25km radius from the current CBE office located at 169 Corobay Avenue, Waterkloof Glen. Please provide the GPS coordinates	
3.	32 secure covered parking bays	
4.	Universal Access: • Wheelchair access ramps • Lifts (if applicable) • Ablution facilities	
5.	Back-up generator	
6.	Fibre Ready Internet provision i.e., fibre access port	

Should the service providers not meet all the Site inspection requirements on the table above their bid will be disqualified.

Should negative feedback be obtained from the aforementioned that will render the bidder unsuitable to execute the assignment, their proposal will be disregarded at this point, and they will not proceed for further evaluation.

Should a presentation be required, a set of pre-determined questions based on the submitted proposal will be posed. This will be evaluated based on a grading scheme of either consistent or not consistent with the proposal. Should more than 20% of the responses not be consistent to the bidder's proposal their proposal will be disregarded.

It must be noted that if a service provider has previously undertaken work for the CBE to which a positive report is on record, such report may be used for the purpose of due diligence in the event that the selected method(s) above is/are unsuccessful.

Should the bidder meet the requirements of due diligence, their proposal will proceed to Phase 2.

ii. Phase 2: Calculation of points

Please note that the proposals will be evaluated using the 80/20 preference point system.

- a) 80 points are allocated for price and 20 points are allocated for the service provider's B-BBEE Level of Contribution.
- b) Only the shortlisted bidders at this Phase will be requested to submit the original or originally certified copy (**it must be fresh ink and not a copy**) of the B-BBEE certificate OR valid original sworn affidavit (whichever is applicable) that was already submitted for pre-qualification purposes. Failure to submit the certificate or affidavit within the required timeframe will result in the disqualification of your bid.

During phase 2, points for price will be calculated for all shortlisted service providers in accordance with the following formula:

$$P_s = 80 \left(1 - \frac{P_t - P_{\min}}{P_{\min}} \right)$$

Where:

P_s = Points scored for price of bid under consideration
 P_t = Rand value of bid under consideration
 $P_{\min}$ = Rand value of lowest acceptable bid

iii. The final points will be calculated as follows:

Points for price:	80 points
B-BBEE Status Level of Contribution:	<u>20 points</u>
Final points:	<u>100 points</u>

In accordance with section 2(1)(f) of the Preferential Procurement Policy Framework Act, 2000, the CBE reserves the right to apply the following objective criteria, based on current case law, in determining the final outcome of the award irrespective of which bidder scores the highest final points:

- (1) the rotation of contracts amongst suppliers; following two (2) awards by the CBE to the same supplier within a period of 12 months
- (2) protection of the environment
- (3) the receipt of an abnormally low or high price i.e., more than 10% below the estimated price or more than 5% above the estimated price
