CONFIDENTIAL

RE: INVITATION TO TENDER WCKBG2456MS

Dear Sir/ Madam

Kindly refer to the above subject.

After careful deliberation, we regret to advise that Eskom Holdings SOC Limited would like to cancel and re-advertise the tender for Engineering, Procurement and Construction (EPC) for the design, supply, manufacture, delivery, installation and removal of the Seismic Monitoring System Replacement (KIS07072) Project at Koeberg Nuclear Power Station due to the following reason/s:

- During the post-tender Framework on Infrastructure Delivery and Procurement (FIDPM) review process, the review team picked up conflicting requirements between Technical Requirement Specification (TRS) and supporting documents.
- The scope of work has been amended in accordance with the revised TRS and NEC3 Engineering & Construction Contract to ensure clarity and reduce the potential for misinterpretation.

Eskom would like to take the opportunity to thank you for participation in the above.

Yours Faithfully

Mr. Pieter Le Roux
Senior Manager: Commercial
Procurement & Supply Chain Management

Date: 2024/01/24
