Procurement process briefing (Evaluation Methodology)

Transnet will utilise the following methodology and criteria in selecting a preferred bidder

Procurement process (Evaluation Methodology cont.)

Step 1: Test for Administrative Responsiveness

- Whether the Bid has been lodged on time
- Whether all Returnable Documents and/or schedules [where applicable] were completed and returned by the closing date and time
- Verify the validity of all returnable documents
- Verify if the Bid document has been duly signed by the authorised respondent

The test for Administrative Responsiveness [Stage One] must be passed for a Respondent's Proposal to progress to Stage Two for Substantive Responsiveness Check

Procurement process briefing (Evaluation Methodology cont.)

Step 2: Test for Substantive Responsiveness

2.1 Substantive Responsiveness

- Whether any general and legislation qualification criteria set by Transnet, have been
- Whether the Bid contains a priced 100% offer
- Whether the Bid materially complies with the scope and/or specification given

❖ ***The test for substantive responsiveness [Step Two] must be passed for a Respondent's proposal to progress to Step Three for further evaluation***

Procurement process briefing (Evaluation Methodology cont.)

Step 3: Minimum Threshold 100% points for Functional/Technical Criteria

- **Phase 1: Minimum Technical Pre-qualification** - The bidder must submit the below certificates and must indicate by ticking "Yes or No". Failure to submit the mandatory certificates will lead a bid to disqualification
 - Valid proof of the supplier's premises and service vehicles to be SANS 1475 approved and to be in possession of the required SANS 1475 certificate
 - Submit a proof of SANAS accreditation for hydrostatic pressure testing of carbon dioxide fire extinguishers (or an agreement letter with the service provider who will do pressure testing).
 - Proof of the supplier's technicians being in possession of the required SAQCC certificates.
- **Phase 2: Minimum Threshold 75% for Technical Criteria**
 - **Company previous experience** - • Provide company profile that clearly articulates the number of years the service provider has undertaken, with respect to supply, deliver, recondition, refurbishment and high-pressure test of portable fire equipment and accessories/consumables
 - **Reference & previous experience** - • The Supplier must submit 3 references letters (with the company letter head, contact details of the contact person and signature) of similar services rendered during the last three years
 - **Project plan** - Detailed Project Plan with the required Services and Timeline
- ❖ **Failure to achieve 75% requirement will lead to disqualification of this section.**
- ❖ **The minimum threshold for technical/functionality [Step three] must be met or exceeded for a Respondent's Proposal to progress to final evaluation.**

Procurement process briefing (Evaluation Methodology cont.)

Step 4: Price and B-BBEE

- Only bidders who have met the predetermined threshold will proceed to stage 4
- Points will be allocated as follows:
- Price (80); and
- B-BBEE (20)
- Please refer to "RFQ, Section 4 " for further notes to pricing

A thick red diagonal line starts from the bottom left and extends towards the top right, passing behind the word 'QUESTIONS'.
