

(5) PRICE SCHEDULE

Bid specifications may not make any reference to any particular trademark, name, patent, design, type, specific origin or producer, unless there is no other sufficiently precise or intelligible way of describing the characteristics of the work, in which case such reference must be accompanied by the words "or equivalent".

TENDERERS MUST NOTE THAT WHEREVER THIS DOCUMENT REFERS TO ANY PARTICULAR TRADEMARK, NAME, PATENT, DESIGN, TYPE, SPECIFIC ORIGIN OR PRODUCER, SUCH REFERENCE SHALL BE DEEMED TO BE ACCOMPANIED BY THE WORDS 'OR EQUIVALENT'

5.1. Pricing Instructions:

- 5.1.1. State the rates and prices in Rand unless instructed otherwise in the tender conditions.
- 5.1.2. Include in the rates, prices, and the tendered total of the prices (if any) all duties, taxes (except Value Added Tax (VAT), and other levies payable by the successful tenderer, such duties, taxes and levies being those applicable 14 days before the closing time stated in the General Tender Information.
- 5.1.3. All prices tendered must include all expenses, disbursements and costs (e.g. Wages, Provision of other HR related costs such as leave/UIF etc., Uniforms and Equipment, Relief Staff, Training, Staff Transport, pre- and post-shift administrative functions (including, but not limited to, in the case of cashiers, float check, cash-up and reconciliation), Travelling time, accommodation etc.) that may be required for the execution of the tenderer's obligations in terms of the Contract, and shall cover the cost of all general risks, liabilities and obligations set forth or implied in the Contract as well as overhead charges (in the event that the tender is successful) excluding those monthly overhead costs and management fee percentages which are reimbursed through separate line items (Refer to clause 5.1.8 and 5.1.10 below). All prices tendered will be final and binding.
- 5.1.4. All prices shall be tendered in accordance with the units specified in this schedule.
- 5.1.5. Where a value is given in the Quantity column, a Rate and Price (the product of the Quantity and Rate) is required to be inserted in the relevant columns.
- 5.1.6. The successful tenderer is required to perform all tasks listed against each item. The tenderer must therefore tender prices/rates on all items as per the section in the Price Schedule. **An item against which no rate is/are entered, or if anything other than a rate or a nil rate (for example, a zero, a dash or the word "included" or abbreviations thereof) is entered against an item, it will also be regarded as a nil rate having been entered against that item, i.e. that there is no charge for that item. The Tenderer may be requested to clarify nil rates, or items regarded as having nil rates; and the Employer may also perform a risk analysis with regard to the reasonableness of such rates.**
- 5.1.7. Provide fixed rates and prices for the duration of the contract that are not subject to adjustment except as otherwise provided for in Clause 17 of the Conditions of Contract and as amplified in the Special Conditions of Contract.
- 5.1.8. Overheads:

INITIALS OF CITY OFFICIALS		
1	2	3

- A) All overhead costs that will not be directly impacted by the addition or removal of Facilities and/or Services must be priced separately. These are costs that are typically incurred in execution of the Contract that will not change. Such overhead costs include but are not limited to:
- the cost of senior members of staff (Including all key personnel);
 - human resource functions;
 - financial management;
 - office rental; vehicles (Excluding self transport);
 - equipment;
 - telephone costs;
 - FM Contractor Call Facility ,
 - maintenance management software licences and hardware/software customisation; and
 - other similar disbursements.
- B) Overhead costs that are directly impacted by the addition or removal of facilities and/or services are to be included in the tendered hourly, monthly or percentage rate.

5.1.9. Management Fee Percentage: The Price Schedule makes provision for tenderers to tender a Management Fee Percentage as a separate line item.

5.1.10. The Price Schedule requires tenderers to tender different rates for the same service, for example, there are sixteen (16) different rates required for Ambassadors:

- Monthly Rate – 8 hr shift, Monday to Friday
- Monthly Rate – 8 hr shift, Monday to Saturday
- Monthly Rate – 8 hr shift, Monday to Sunday
- Weekly Rate – 8 hr shift, Monday to Friday
- Weekly Rate – 8 hr shift, Monday to Saturday
- Weekly Rate – 8 hr shift, Monday to Sunday
- Monthly Rate – 4 hr shift, Monday to Friday
- Monthly Rate – 4 hr shift, Monday to Saturday
- Monthly Rate – 4 hr shift, Monday to Sunday
- Weekly Rate – 4 hr shift, Monday to Friday
- Weekly Rate – 4 hr shift, Monday to Saturday
- Weekly Rate – 4 hr shift, Monday to Sunday
- Daily Rate – 8 hr shift
- Daily Rate – 4 hr shift
- Hourly Rate – per hour
- Overtime Rate – per hour

Rates shall always be applied in a cascading format starting with the most appropriate and stepping down to meet the specific requirements in such a way that the employer incurs the lowest cost for the services provided.

Example 1:

If a service posting is required to work a 10-hour shift, Monday to Friday, for one calendar month, the first 8 hours shall be billed at the Monthly Rate – 8-hour shift, Monday to Friday and the remaining 2 hours at the Overtime Rate. In a month with exactly 4 weeks, the costing for this posting will therefore comprise the Monthly Rate plus 40 hours overtime.

Example 2:

If a service posting is required to work a 12-hour shift, Monday to Friday, for one calendar month, 12 hours per day, Monday to Friday. The first 8 hours shall be billed at the Monthly Rate – 8-hour shift, Monday to Friday and the remaining 4 hours at the Monthly Rate – 4 hr shift, Monday to Friday.

In the event where additional daily hours are required over and above the normal shift hours (the 8 hours and 4 hours in Example 2), such hours shall be billed at the Hourly Rate. Where the additional

INITIALS OF CITY OFFICIALS		
1	2	3

hours are such that a monthly rate is more economical, the monthly rate shall be applied rather than the hourly rate.

- 5.1.11. It should be noted that this contract will be applied at the rates as determined by the applicable Service Notice and billing shall be in accordance with the relevant pricing line. If a service is required at an hourly rate, only the actual hours instructed and worked will be payable, if weekly, only the relevant number of weeks and so forth.
- 5.1.12. All works for which a labour rate is required in the Price Schedule shall be treated by the CCT as if performed in-house by the FM Contractor's own personnel and the following methodology shall be followed.
 - 5.1.12.1. It is expected that, where the FM Contractor does not provide the services directly, suitable sub-contractors will be sourced to provide the services at the rates as tendered. No price estimates or invoices at rates which differ from the tendered rates will be accepted.
 - 5.1.12.2. No-mark-up on tendered labour rates will be accepted as it is already included in the tendered rate.
 - 5.1.12.3. Mark-up on parts and materials shall be in accordance with the tendered mark-up rate.
