

To whom it may concern	Date	04 August 2026
	Enquiries	E2994GXPOU
	E-mail address	hendrial@eskom.co.za

Dear Sir/Madam

Request for Enquiry Number	E2994GXPOU
Description / Project Title	Supply and Delivery of Pumps for 5 Years at Peaking Operating Unit
Tender Questions Closing Date	As per the published tender documentation and issued addenda

Item	Questions	Answers	Clarity Published Dates
1	Pump descriptions are not detailed enough. Can additional specs be provided?	No additional specifications are currently available. Tenderers shall utilize the information provided in the tender documents and issued addenda and clearly state any assumptions made in preparing their tender submissions. Any further information, if available, will be issued to all tenderers through a formal clarification notice.	23 Jul 2026
2	Can drawings, flange drilling, material specs, mounting orientation and mechanical seal details be provided?	No further technical information is currently available. Tenderers shall utilize the issued tender documentation and addenda and clearly state any assumptions made where details are unavailable. Any additional information, if obtained, will be communicated through a formal clarification notice.	23 Jul 2026 / updated
3	Where must items marked "Critical Spares" be delivered?	Site allocations advised: 0239820 - Gourikwa; 0239821 - Gourikwa; 0646932 - Ingula. Include delivery to the applicable site.	09 Jul 2026
4	Must bidders price all BOQ items or only items they can supply?	Tenderers may price all or selected items. Items not priced must be clearly indicated in the submission/pricing schedule.	23 Jul 2026
5	Can a bidder price only one identified item, e.g. item 0739173?	Yes. Selected items may be tendered for, provided the tenderer clearly identifies the item(s) and submits pricing in the required format.	23 Jul 2026

Item	Questions	Answers	Clarity Published Dates
6	Will extra pump information be shared on the Tender Bulletin/eTender portal?	Yes. Formal updates and addenda will be issued on the Eskom Tender Bulletin and National Treasury eTender. Tenderers must monitor the portals.	21/23 Jul 2026
7	Can site visits be arranged to identify pumps required?	No site visits are planned as part of this enquiry. Tenderers are requested to prepare their submissions based on the information contained in the tender documents, issued pump data schedules, and any formal addenda or clarification notices. Where specific technical information is not available, tenderers shall clearly state any assumptions made in their tender submissions.	Pending
8	Must pumps be OEM, and may alternatives/equivalents be offered?	Quote specified OEM pumps where OEM details are given. Alternatives are not evaluated unless OEM is obsolete/unavailable and formally approved through engineering change processes.	17 Jun 2026
9	Are performance tests required?	No laboratory performance tests are required. Submit data sheets and pump curves where applicable, as required by the technical criteria.	17 Jun 2026
10	Can longer lead times be proposed for imported/manufactured pumps?	Yes. Where standard delivery periods cannot be achieved due to manufacturing or import requirements, tenderers shall indicate the actual lead time applicable to each pump. Tenderers are encouraged to provide realistic and achievable delivery periods together with supporting information where applicable.	17 Jun 2026
11	Can missing serial/reference numbers, pumped fluid, seal type and scope be confirmed?	Tenderers shall use the issued pump data package, technical schedules, and any formal addenda or clarification notices issued through the Eskom Tender Bulletin and National Treasury eTender portal. Where serial numbers, reference numbers, pumped media, seal arrangements, mounting details, or other technical information are not available in the issued documentation, tenderers must clearly state all assumptions made in their tender submission. Any additional information that becomes available will be issued to all tenderers through a formal clarification process.	31 Jul 2026 / pending

		Effective Date	01 April 2023		
		Review Date	April 2031		

Item	Questions	Answers	Clarity Published Dates
12	Should quotes include pumps only or complete pump sets with baseplates/motors?	Recommended Answer: The scope comprises the supply and delivery of the items specifically listed in the BOQ/Price Schedule. These include complete pumps, pump assemblies, pump motors, accessory kits and other pump-related components where expressly identified. Tenderers shall quote against the exact catalogue items listed in the pricing schedule. Installation and commissioning services do not form part of the scope.	31 Jul 2026 / pending
