The application of contract price adjustment (CPA) to tender submissions

Note: This Section will not be applicable to Professional services contracts (See relevant section hereunder for guidelines on this).

1. Application of CPA

- CPA conditions may apply if the contractual duration is to be longer than 12 months.
- If the contractual duration will be less than or equal to 12 months, a fixed priced offer must be submitted.
- For contracts with a duration more than twelve (12) months, CPA will not be applicable for the first year. CPA will then only be applied from year two (2) onwards.
- Failure to propose contract price adjustment, or submit a CPA formula with the tender submission, will result in the pricing being considered fixed.
- Eskom will not accept Rate of Exchange adjustment to be included in any CPA formula.
- Local indices may not be used for CPA purposes for any imported component.
- There must be separate CPA formulae for local and foreign CPA. Local and foreign escalation may not be combined into one formula.

2. Tender Submissions

- Note that for contracts exceeding a duration of 12 months if there is no CPA catered for by the tenderer; then prices will be deemed to be fixed and firm.
- A minimum of 15% of the total agreement value is to be fixed when a CPA formula is applied,
- Each CPA formula must add up to a final total of 100.
- Only official published CPA indices that are in the public domain must be used.
- No in-house indices may be used for CPA.
- There may be more than 1 CPA formula (Formula A, B, C etc) or a combination of all the cost components into 1 Formula (depending on how the pricing is to be submitted).
