NWHC 02/2021: APPOINTMENT OF A SERVICE PROVIDER TO CONDUCT FEASIBILITY STUDY FOR THE DEVELOPMENT OF MINING CITIES / MEGA CITIES / SMART CITIES AND STUDENT ACCOMODATION AS IDENTIFIED BY NORTH WEST HOUSING CORPORATION

1. PURPOSE

To request Supply Chain for procurement of Professionals to conduct a **Feasibility Study for the Development of Mining Cities/ Mega Cities/ Smart Cities and Students Accommodation, as identified by North West Housing Corporation (NWHC).**

- Forms of Tenure
- Health status

- Socio-Economic and Demographic context of the areas

2. BACKGROUND

The North-West Housing Corporation (NWHC) is a Schedule 3(c) entity established in accordance with the Public Finance Management Act, no 1 of 1999 (PFMA) as amended. It is a Housing development arm of the NW Department of Human Settlements and has in recent period identified specific zones within the province where the demand for adequate housing has remained high; despite the delivery of subsidised housing in these areas, population growth has not kept pace with housing demand and new household formation.

As a result, households live in inadequate housing as epitomised in the growth of informal settlements and overcrowding in established townships.

The growth of the student population has aggravated the situation; in the absence of student housing provided by the tertiary institutions, students have been forced to seek alternative accommodation. Although scanty or no evidence exists that students live in unsafe and risk averse informal settlements and backyard shacks, this cannot be ruled out in the absence of decent adequate student accommodation.

It is within this context that the NWHC makes this call for a Feasibility Study to be conducted to contribute to evidence-based planning and the implementation of human settlements that address the existing demand among students and households in specific areas of the North-West.

The Feasibility Study for the development of Mining Towns/ Mega Cities/ Smart Cities as identified by the North-West Housing Corporation, includes areas selected from the 14 (North-West) Gazetted Priority Human Settlement development areas (PHSDA) by Minister Sisulu (Gazette no: 43316 of 15 May 2020).

The focus of the Feasibility Study is on specific areas for the purpose of township establishment and registration to promote legal ownership through title deeds. The areas currently belonging to traditional authorities around Mahikeng City and developed/ upmarket housing built without basic infrastructural services.

These settlements are marred with challenges such as the sinking of unregulated boreholes and septic tanks built without engineering designs, leading to long-term problems of the contamination of underground water. Affected in this regard includes Mosiane View, Airport View, Setumo Park and similar areas.

In addition to the PHSDA, the demand for student accommodation in the North-West province remains high yet not much has been done to address this growing demand.

As part of its expanded mandate, the NWHC seeks to address student demand for accommodation to address housing poverty and provide suitable accommodation that address the current and growing demand for this type of accommodation. Estimating the demand for student accommodation requires determining the accommodation needs, transportation studies and masterplans.

3. OBJECTIVES

To determine the Socio-Economic and Demographic profile of the residents in the selected areas (*See Section 4.2 below*)

To determine the Demand for Low-Cost Housing for the Gap Market (*R3 501 - R15 000 Income earners*) usually excluded by banks and the BNG subsidy, viz: Public & Private Sector Servants, Soldiers, Nurses, Teachers, etc.

CERTIFICATE OF INDEPENDENT BID DETERMINATION

- 1 This Standard Bidding Document (SBD) must form part of all bids¹ invited.
- 2 Section 4 (1) (b) (iii) of the Competition Act No. 89 of 1998, as amended, prohibits an agreement between, or concerted practice by, firms, or a decision by an association of firms, if it is between parties in a horizontal relationship and if it involves collusive bidding (or bid rigging).² Collusive bidding is a *pe se* prohibition meaning that it cannot be justified under any grounds.
- 3 Treasury Regulation 16A9 prescribes that accounting officers and accounting authorities must take all reasonable steps to prevent abuse of the supply chain management system and authorizes accounting officers and accounting authorities to:
 - a. disregard the bid of any bidder if that bidder, or any of its directors have abused the institution's supply chain management system and or committed fraud or any other improper conduct in relation to such system.
 - b. cancel a contract awarded to a supplier of goods and services if the supplier committed any corrupt or fraudulent act during the bidding process or the execution of that contract.
- 4 This SBD serves as a certificate of declaration that would be used by institutions to ensure that, when bids are considered, reasonable steps are taken to prevent any form of bid-rigging.
- 5 In order to give effect to the above, the attached Certificate of Bid Determination (SBD 9) must be completed and submitted with the bid:

¹ Includes price quotations, advertised competitive bids, limited bids and proposals.

² Bid rigging (or collusive bidding) occurs when businesses, that would otherwise be expected to compete, secretly conspire to raise prices or lower the quality of goods and / or services for purchasers who wish to acquire goods and / or services through a bidding process. Bid rigging is, therefore, an agreement between competitors not to compete.
