2. COMPANY OVERVIEW

South African Broadcasting Corporation (SABC) is a Public Entity founded in August 1936 and listed in terms of Schedule 2 of the Public Finance Management Act, Act No. 1 of 1999, as a public broadcaster in South Africa, and provides 19 radio stations as well as five television broadcasts to the general public.

3. PURPOSE

This scope of work establishes a field-based inspectorate' workforce, structured as registered Compliance Officers under the HR Internship Programme, to deliver national compliance verification, enforcement, and database enrichment activities. This sub-section sets out the additional, distinct requirement for a dedicated Programme Management Service Provider responsible for the day-to-day supervision, coordination, and reporting of that workforce.

The appointed service provider under this Stream is not responsible for conducting field inspections directly, but for ****managing the personnel who do**** — ensuring consistent deployment, performance, discipline, and reporting across all three provinces (Gauteng, KwaZulu-Natal, and Western Cape), and for maintaining a continuous, structured information flow between the field, the TV Licences department, and the SABC HR department (in its capacity as the administering body for the Internship Programme).

4. SCOPE OF DAY-TO-DAY MANAGEMENT

The service provider must, at a minimum:

4.1.1 Deployment and scheduling

- Develop and maintain daily and weekly deployment rosters allocating Compliance Officers Interns to specific provinces, regions, and target establishments (hospitality, eateries and pubs, retail/dealer sites, and businesses flagged for under-declaration).
- Coordinate travel, transport, and field logistics required for daily deployment.
- Maintain a live record of attendance, absenteeism, and reassignment of interns across the three provinces.

4.1.2 Supervision and quality assurance

- Provide direct day-to-day supervision of Compliance Officers Interns, including team leads or regional supervisors as required to manage field ratios.
- Conduct routine quality checks on completed inspection records, spot-penalty issuances, and database update entries to confirm accuracy and completeness before submission.
- Monitor adherence to the Broadcasting Act, TV Licence Regulations, and POPIA requirements during all field activities.
- Identify underperformance, non-adherence to protocol, or conduct concerns, and manage the corrective action process in liaison with HR.

4.1.3 Compliance Officers Internship programme coordination

- Track each Intern's progress against the requirements of the HR Compliance Officers Internship Programme, including attendance, competency development, and milestone completion.
- Flag Intern's that requires additional support, remediation, or escalation where performance or conduct places their continued participation in the Internship Programme at risk.
- Support the identification of the cohort recommended for retention into permanent or fixed-term TV Licences roles at programme conclusion

4.1.4 Escalation management

- Operate a defined escalation pathway for field incidents (safety issues, disputes with businesses, non-cooperation, or suspected fraud/misconduct) with same-day escalation to TV Licences management where warranted.
- Escalate intern conduct or disciplinary matters to HR in line with SABC policy and the terms of the Internship Programme agreement.

4.1.5 Daily Reporting Requirements

The service provider must submit a daily Compliance Officers Activity Report to both the TV Licences department and the HR department, structured to serve the distinct oversight needs of each.

To the TV Licences department, daily reporting must cover:

- Number of establishments visited per province/region against planned targets.
- Compliance outcomes: number verified, number identified as non-compliant, number of on-the-spot registrations, and spot penalties issued.
- Database enrichment activity — records created, updated, or corrected that day.
- Dealer/retailer onboarding and training activity conducted, where applicable.
- Any material findings from the compliance research and survey function requiring management attention.
- Escalated field incidents and their current status.

To the HR department, daily reporting must cover:

- Intern's attendance, absenteeism, and any deployment change.
- Conduct or disciplinary matters arising, and status of any corrective action in progress.
- Compliance Officer Intern milestone or competency-development updates
- Any health, safety, or wellbeing matters affecting learners in the field.

Reporting format and standards

- Reports must be submitted by a fixed daily cut-off time agreed with TV Licences and HR at contract commencement.
- Reports must draw directly from the TV license system, ensuring a single, auditable source of data supported by a parallel manual reporting.
- The service provider must additionally produce weekly consolidated reports (summarising the week's daily reports with trend analysis) and a monthly management report for EXCO level visibility, covering programme performance against the twelve-month contract targets described in this programme

- All reporting must be POPIA-compliant, particularly where reports contain personal information relating to learners or members of the public.
