Name of Tender as it should appear on the website:

RFQ-GSM011/2026 Request for Quotation for Free standing digital Screens at the airport for a period of 12 months.

5

Number of supporting documents:

Note: As Procurement require statistics for each time a document is downloaded, we have had to make modifications to the way a Tender is uploaded on flysaa.com

The pre-population of the tender number is being taken from the file name itself. So, with immediate effect, the files should be named in the following format:

The ' __ ' (double-underscore) separates the file name from the Tender number and it enables pre-population.

If this format is not followed in the file nomenclature, the Tender number will not be pre-populated.
