

RFP Number: T22/07/25

Description: REQUEST FOR PROPOSAL FOR THE PROVISION OF GARDEN MAINTENANCE SERVICES FOR THE IDC HEAD OFFICE IN SANDTON

Question and Answers Version 1

No.	Question	Type	Answer
1	My question is regarding the below scope of work in 3.1 Weekly Cleaning of roof and floor gutters, driveways and building exterior floor surfaces; driveway grids/open drains. Weekly cleaning of roof tops, gutters and down pipes (3 times a week). My question is, will the garden and maintenance staff be responsible for cleaning the actual building roofs? As this generally would be under the high access cleaning. Is the paragraph referring to gutters and roof of the carports and ladder reaching areas?	Technical	The garden and maintenance staff will be responsible for cleaning the actual building roofs and gutters at low access and high access, including gutters and roof of the carports, top roof slaps and ladder reaching areas.
2	Next question, how are we able to submit CV of staff you would be employed on site as there are many factors that could change. They might have received new employment by the time the company is awarded. Can we give CV's of staff we currently have on sites as an example of what we would be able provide for IDC?	Procurement	Yes, you may provide CVs of staff that you currently have.
