Re: Sole Supplier Letter

The South African National Accreditation System (SANAS) is the only national body responsible for carrying out accreditations in respect of conformity assessment, as mandated through the Accreditation for Conformity Assessment, Calibration and Good Laboratory Practice Act (Act 19 of 2006).

This includes the accreditation of:

- a) Calibration laboratories;
- b) Proficiency testing service providers;
- c) Producers of certified reference materials;
- d) Testing laboratories, which includes Medical, Veterinary, Forensic, Pharmaceutical, Chemical and Microbiological, Physical and Mechanical laboratories;
- e) Blood transfusion services;
- f) Verification laboratories;
- g) Inspection bodies;
- h) Certification bodies;
- i) BBBEE rating agencies; and
- j) Any other type of body that may be added to SANAS' scope of activity.

SANAS is also recognized as the national body to monitor GLP / GCP compliance with the principles adopted by the OECD for GLP facilities or the VICH principles of GCP.

Accreditation means third-party attestation related to conformity assessment bodies conveying formal demonstration of their competence to carry out specific conformity assessment tasks.

Validity of this letter: expiry date 31 March 2027

Dear Taxpayer

TAX COMPLIANCE STATUS PIN ISSUED

The South African Revenue Service (SARS) has issued your tax compliance status (TCS) PIN as indicated below:

TCS Details:	
Taxpayer Name	South African National Accreditation System
Trading Name	SOUTH AFRICAN NATIONAL ACCREDITATION SYSTEM
Taxpayer Reference Number(s)	IT - 9911150150 PAYE - 7790732186
Purpose of Request	Good Standing
Request Reference Number	0020226709GS1609251342551
PIN	EF518D321P
PIN Expiry Date	16/09/2026

You may authorise a third party to view your TCS by providing them the PIN. The PIN only allows the third party access to your TCS. All your other tax information remains secure.

Your TCS displayed is based on your compliance as at the date and time the PIN is used.

You may cancel this PIN at any time before the expiry date reflected above. Once cancelled, a third party will not be able to verify your TCS.

SARS reserves the right to cancel the TCS application and associated PIN in the event that it was issued in error or provided on the basis of fraud, misrepresentation or non-disclosure of material facts.

More details regarding our channels, office hours, services, tailored information regarding tax as well as a comprehensive FAQ repository are available on the SARS website: www.sars.gov.za.

We value your support and contribution to our country's economy and prosperity. We strive to ensure that you clearly understand what is expected from you, as well as what your rights as a taxpayer are.

Sincerely

SUPPLIER BANK ACCOUNT

The "Bank Verification Status" field indicates that the bank account details submitted by the supplier exist at the bank and that the bank account details are valid. However, as this supplier does not have an identifying number (like a South African ID number, or Company Registration number, or NPO number or Trust number) linked to their bank account details at their respective bank, the CSD system cannot electronically verify that the bank account belongs to the specific supplier. The supply chain practitioner is therefore responsible to obtain supporting documentation to verify that this bank account belongs to this supplier.

BANK ACCOUNT 1

MARKET ANALYSIS REPORT- REQUEST FOR APPROVAL TO APPOINT SOUTH AFRICAN NATIONAL ACCREDITATION SERVICES AS A SOLE SUPPLIER TO RENDER METHOD ACCREDITATION SERVICES AND ASSESS TECHNICAL COMPETENCE (TECHNICAL SIGNATORY AT THE RESOURCE QUALITY INFORMATION SERVICES (RQIS) ROODEPLAAT

2026

water & sanitation

Department:
Water and Sanitation
REPUBLIC OF SOUTH AFRICA

MARKET ANALYSIS REPORT

1. PURPOSE

The aim of this exercise is to determine the number of suppliers available on the market to provide the listed services below.

The analysis is not taking into consideration the broadness of designated groups as per the Preferential Procurement Regulations 2022, but rather the broadness of the market for these specialised items, to determine whether there is a sole provider with exclusive distribution rights or if there are other suppliers available in the market.

2. BACKGROUND

The laboratories at the Directorate: Resource Quality Information System (RQIS) needs to ensure that the methods used for water analysis are ISO/IEC 17025:2017 accredited and comply to the South African National Accreditation Systems (SANAS) requirements.

The SANAS is mandated by the South African government to through accreditation conformity, assessment, calibration and Good Laboratory Practice aAt 19 of 2006 as the sole accreditation body in South Africa.

To have the RQIS laboratory fully compliant and functional, it is imperative that the requirements as dictated by the prescripts be complied with by the RQIS laboratories.

3. COMMODITY AND SUPPLIER ANALYSIS/ENGAGEMENT

The Sub Directorate: Demand Management undertook a desktop-based market analysis to determine the possible service providers on the various consumables required by the RQIS Laboratory. The normal cause would be to source for quotations of the different services or supplies required and undertake a process of appointment of the relevant service provider.

The laboratories at the Directorate: Resource Quality Information System: Roodeplaat Dam requires to appoint a service provider to render method accreditation for the laboratories.

MARKET ANALYSIS REPORT- REQUEST FOR APPROVAL TO APPOINT SOUTH AFRICAN NATIONAL ACCREDITATION SERVICES AS A SOLE SUPPLIER TO RENDER METHOD ACCREDITATION SERVICES AND ASSESS TECHNICAL COMPETENCE (TECHNICAL SIGNATORY AT THE RESOURCE QUALITY INFORMATION SERVICES (RQIS) ROODEPLAAT

2026

The method accreditation requirements:

Description	Quantity
Annual Accreditation fees	1
Assessing technical competence (technical signatory)	1

4. MOTIVATION FOR DEVIATION ON SOLE SUPPLIER APPROACH

In the normal cause, the appointment of a service provider is undertaken through the open bid invitation where bids will be submitted by the potential service providers, and the department will consider appointing a service provider for such services.

The RQIS Laboratory is a strategic service within the department as it renders a highly specialised scientific service and the continual consistent performance and functioning of the laboratories is imperative considering that water samples need to be analysed within specific timeframes and any non-functionality of the required laboratories on time may have dire impact in the laboratory meeting its results and thus affecting the accreditation of the laboratories.

As part of the departmental strategic sourcing procurement, the laboratory environment has been identified as a highly strategic environment and thus requires immediate procurement approach such as identifying those specialist service providers and or consideration of appointing sole service providers where required

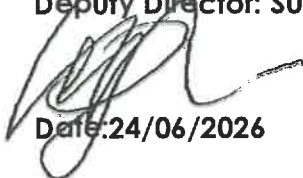

The department SCM policy paragraph 16.1.1 states that: "The required goods or service are available from a sole source only due to the unique nature of the requirements or where there is a requirement for compatibility or **continuity and alignment** or where goods, service or works are already in the DWS' value chain or employ were supplied by an OEM or by a licensed agent."

The above policy provision thus provides for consideration of deviation through appointment of sole supplier and in this case the recommended service provider being SANAS be considered as sole service provider. The confirmation letter of **SANAS** as the sole service provider is attached here for ease of reference.

5 RECOMMENDATION

It is recommended that SANAS be considered as the sole supplier for the rendering method accreditation services and assess technical competence for the laboratories at RQIS.

Deputy Director: Supply Chain Management

Date: 24/06/2026
