		Sourcing	

ADDENDUM NOTICE:

This addendum is issued to all prospective tenderers to provide clarification and notify bidders of amendments to the Tender Enquiry documentation. Tenderers are requested to take careful note of the changes outlined below and ensure that their submissions are prepared in accordance with the updated information.

1. Clarification Meeting Details

It has come to Eskom's attention that the Invitation to Tender document contains two different clarification meeting dates. To avoid any confusion, tenderers are hereby advised that the **correct clarification meeting details are as follows:**

Non-Compulsory Clarification Meeting

- **Date:** 14 September 2026
- **Time:** 10:30 AM
- **Venue:** Microsoft Teams
- **Meeting Link:**
<https://teams.microsoft.com/meet/385632051801113?p=VBVW4FOTda6lyxGfb>
- **Meeting ID:** 385 632 051 801 113
- **Passcode:** BU7gR3fE

Tenderers wishing to attend the clarification meeting are requested to confirm their intention to attend with the Eskom Representative. The confirmation must clearly indicate the following details for each proposed attendee:

- Full Name

	ADDENDUM NO: 1 SUPPLY AND DELIVERY OF DIESEL GENERATOR SPARES, BULK DIESEL FUEL SUPPLY SYSTEM SPARES, AND USED OIL SYSTEM SPARES FOR MEDUPI POWER STATION GENERATION.	Unique Identifier	240-56996347
		Revision	0
		Effective Date	
		Page	
		Sourcing	

- Designation/Position
- Company Name
- Contact Number
- Email Address

A valid email address must be provided to enable the issuing of the Microsoft Teams meeting invitation and any subsequent communication relating to the clarification meeting.

2. Amendment to Contract Price Adjustment (CPA) Formula

Tenderers are advised that an error was identified in the Contract Price Adjustment (CPA) formula reflected in the Invitation to Tender. The CPA structure originally communicated was as follows:

Proportion	Linked to Index for	Index Prepared By
10%	CPI	SEIFSA Table D-4
60%	Mechanical Engineering	SEIFSA Table G-1
15%	Transport	SEIFSA Table L2B
15%	Fixed	N/A
100%		

The correct CPA formula applicable to this contract, as provided for in the NEC contract, is as follows:

Proportion	Linked to Index for	Index Prepared By
70%	Mechanical Engineering	SEIFSA Table G-1
15%	Transport	SEIFSA Table L2B

	ADDENDUM NO: 1 SUPPLY AND DELIVERY OF DIESEL GENERATOR SPARES, BULK DIESEL FUEL SUPPLY SYSTEM SPARES, AND USED OIL SYSTEM SPARES FOR MEDUPI POWER STATION GENERATION.	Unique Identifier	240-56996347
		Revision	0
		Effective Date	
		Page	
		Sourcing	

15%	Fixed	N/A
100%		

This revised CPA formula shall be the basis for any contract price adjustments applicable under the resulting contract.

Important Note

Tenderers who submit their tenders using the CPA structure reflected in the original tender documentation **will not be disqualified**. However, should a tenderer be appointed as the successful bidder, the amended CPA formula contained in this Addendum Notice shall take precedence and will form the basis of contract negotiations and subsequent contract implementation.

3. Bill of Quantities (BOQ)

The Bill of Quantities (BOQ) in the NEC contract document has been updated to allow tenderers to submit their pricing more effectively. In addition, the Excel BOQ and the revised CPA schedule have been uploaded as supporting documents to facilitate the completion of pricing schedules.

Tenderers are encouraged to utilize the BOQ contained within the NEC contract document when submitting their prices. However, Eskom will also accept pricing submitted through the uploaded Excel BOQ template.

Accordingly, tenderers may submit their pricing in any of the following formats:

- Completed BOQ within the NEC contract document (PDF format);
- Completed Excel BOQ;
- Both the completed NEC BOQ and Excel BOQ.

	ADDENDUM NO: 1 SUPPLY AND DELIVERY OF DIESEL GENERATOR SPARES, BULK DIESEL FUEL SUPPLY SYSTEM SPARES, AND USED OIL SYSTEM SPARES FOR MEDUPI POWER STATION GENERATION.	Unique Identifier	240-56996347
		Revision	0
		Effective Date	
		Page	
		Sourcing	

Tenderers will not be disqualified if they submit only the Excel BOQ, only the NEC BOQ, or both versions, provided that the pricing schedule is fully completed and submitted by the tender closing date and time.

As a result, the following statement is hereby withdrawn and will no longer apply:

"Completed pricing schedule (if not already submitted in the NEC or other Contract). For e-tendering, the price schedule needs to be submitted in PDF format."

The revised requirement is therefore as follows:

Tenderers must submit a completed pricing schedule. The pricing schedule may be submitted in either PDF format, Excel format, or both. Any of these submission methods will be considered acceptable, provided that the pricing information is complete and submitted within the prescribed tender closing period.

4. Other Tender Requirements

Except for the amendments and clarifications contained in this Addendum Notice, all other terms, conditions, specifications, requirements, and provisions of the Invitation to Tender remain unchanged and in full force and effect.

Tenderers are requested to acknowledge receipt of this Addendum and ensure that their tender submissions take account of the changes outlined above.

Eskom thanks all prospective tenderers for their continued interest and cooperation.
