TENDER BULLETIN NO.1

Date: 23 September 2026

ENQUIRY NO: CTT27002

ENQUIRY: PROVISION OF A DIVE VESSEL FOR PetroSA IN MOSSEL BAY

Subject: Technical Clarifications

Please note the below technical requirements for the preferred vessel:

1). Deck Space:

Expected deck space required after satellite system has been installed is +/- 450 sqm as minimum. The minimum cargo deck space remaining will be determined by the optimum dive system layout adopted. Provisionally, bidders should consider using the attached past dive system layout.

2). Crane Requirements:

A crane will be required for subsea lifting operation and should be able to lift items from 165m depth with sufficient slack for diver to pick and hook/unhook the load.

Enquiries
