## **OHSC BID DESCRIPTION: SUPPLY OF VULNERABILITY ASSESSMENT SOLUTION TO THE OHSC**

### **1) BACKGROUND TO THE PROJECT**

The Office of Health Standards Compliance (OHSC) intends to acquire a vulnerability assessment solution for 24 months. This solution will support the organisation's ongoing efforts to identify, evaluate, and address potential security vulnerabilities within its IT infrastructure. By implementing such a solution, OHSC aims to enhance its security posture and ensure compliance with relevant standards throughout the contract period.

### **2) SCOPE OF WORK**

The vulnerability assessment solution must have the following functionality:

- 2.1. Unlimited IT vulnerability assessments
- 2.2 Configuration. compliance. and security audits 3.1. 3 Use anywhere.
- 2.3 Configurable reports
- 2.4 Community support
- 2.5 Advanced support
- 2.6 On-demand training
- 2.7 Web application scans (2 FQDNs)
- 2.8 Ability to add FQDNs.
- 2.9 External attack surface scans

2.10 Ability to add domains.

2.11 Cloud infrastructure scans

2.12. 500 prebuilt scanning policies

2.13. Software or Tool to produce monthly vulnerability reports by converting raw scan data into customisable, professional reports and enabling monthly comparison.

### 3) TECHNICAL REQUIREMENTS

The OHSC requires a Tenable Nessus Expert for 24 months.

| NO | DESCRIPTION                                                                               | QTY |
|----|-------------------------------------------------------------------------------------------|-----|
|    | Tenable Nessus Expert - On-premises 24 months subscription                                | 1   |
|    | Tenable Nessus Expert Pack of 5 Domains                                                   | 1   |
|    | Software tool for streamlining and consolidating vulnerability reporting in cybersecurity | 1   |

### 4) PRICING

| NO. | ITEM                                                                                                        | QTY | AMOUNT |
|-----|-------------------------------------------------------------------------------------------------------------|-----|--------|
| 1   | Tenable Nessus Expert (24 months)                                                                           | 1   |        |
| 2   | Tenable Nessus Expert Pack of 5 Domains                                                                     | 1   |        |
| 3   | Software tool for streamlining and consolidating vulnerability reporting (Provide the name of the Software) | 1   |        |
| 4   | Other (Specify)                                                                                             | 1   |        |
|     | Total Cost                                                                                                  |     |        |
|     | VAT 15 %                                                                                                    |     |        |
|     | Grand Total                                                                                                 |     |        |
