Please put a check next to the applicable reason for deviating from three quotation system:	
Emergency cases: An emergency procurement may occur when there is a serious and unexpected situation that poses an immediate risk to health, life, property or environment which call an institution to action and there is insufficient time to invite suppliers to submit three quotations.(Treasury Regulation 16A6.4)	
Sole Supplier: Sole source procurement may occur when there is evidence that only one supplier possesses the unique and singularly available capacity to meet the requirements of the institution. (Treasury Regulation 16A6.4).	
Please include a short narrative on the reason for the motivation for single sourcing:	
The purpose of this deviation memo is to request approval for training the permanent and ad-hoc bid committee members who could not attend to attend the initial two - previous Public Sector Bid Committee as provided by the National School of Government (NSG). Participation in this training represents a strategic investment in the organization's procurement function. The knowledge and skills acquired continues to drive strategic operational excellence and support broader business objectives. The training will ensure that the affected officials have continuous updates and training are therefore required to keep up to date with legislative and industry changes. The single source is required on basis of continuity to ensure that the bids committee training is offered is aligned across the organisation. The initial award was made to the NSG through a single source process as the NSG is mandated with the responsibility of ensuring that public servants comply with the provisions of established legislation, regulations and systems, and can exercise proper discretion and innovation in solving routine and complex delivery problems. To this end, the NSG is tasked with ensuring that all public servants' participate and complete education, training and development initiatives, as per relevant legislation and Cabinet directives. The learning material and outcome offered by NSG have been developed in collaboration with National Treasury.
