Tender Specifications – Prepaid Vending

DETAIL SPECIFICATIONS AND REQUIREMENTS FOR THE MULTI-UTILITY ONLINE VENDING SYSTEM AND THIRD-PARTY VENDING

1. INTRODUCTION

Abaqulusi Municipality herewith invites proposals for a multi-utility pre-paid vending system / solution that will be fully integrated with the Abaqulusi Municipalities existing financial system and applications and function on the existing electronic infrastructure. The period of appointment will be for a period of 3 years.

Bids from suitable service providers will be evaluated according to the set criteria as set out in this document.

2. DESCRIPTION OF THE SERVICES REQUIRED

The scope of the contract as detailed in this specification is as follows:

- 2.1. The supply, delivery, installation, training and commissioning of the most optimal vending solution for Electricity STS meters, including a cloud based back-end, billing system integration and distributed 3rd party 24-hour vending, offered by the tenderer within the framework and performance specification as detailed in this document.
- 2.2. Stand-by and support required as detailed in this document.
- 2.3. Disaster recovery and business continuity as specified.

3. REQUIREMENTS

3.1. USE OF REASONABLE SKILL AND CARE

In applying the scope of work, it is expected of the service provider(s) to render services that commensurate with the highest expectations of professionals in the industry and to ensure that all legislative requirements are met.

It is expected of the service provider to take ownership of the project and to facilitate a process that commensurate with the integrity of the municipality as a public institution to ensure successful completion of project within budget estimates and time frames.

It will also be required of the service provider to report back at project management team meetings and to contribute to reports on the process progress and outcomes to the relevant officials and/or committees if need be.

It will be required of the service provider to prepare a detailed phased project program for the project within 2 weeks of appointment. This must include system testing and user acceptance. The Service Providers are required to acknowledge

the dynamics of proper planning for the practical completion of the project. The completion of the project will be within three (3) months after allocation of the tender.

4. NORMATIVE REFERENCES

The solution offered must be compliant with SABS 1524, the STS Specifications and SABS IEC 1036. The following standards contain provisions which through reference in the SABS 1524 constitute provisions of this specification.

SABS 1524-1:1994	Single-phase electricity dispensing systems, Part 1: Electricity Dispensers.
SABS IEC 1036:1990	Alternating-current static Watt-hour meters.
NRS 009-4-2:1994	National electricity meter cards and associated numbering standards section two national electricity meter number. (Replacing MCI57).
MC 115	National electricity meter card specification for ED's (will be replaced by a NRS spec in future)
IEC 62055-41/51/52	Standard transfer specification edition 2, STS600-8-6
ESKOM XMLVend 2.1	Eskom's specification for standardization of vending client/server protocols
NRS 009-1:1994	Electricity Sales Systems Part 1: Glossary system overview. Preferred requirements for applications in the electricity supply industry.

5. DETAILED SPECIFICATION OF VENDING SYSTEM

5.1 SYSTEM CONFIGURATION

- In making an assessment of the hardware, software, network infrastructure availability and requirements at each of the current vending offices, the tenderer shall keep in mind the system configuration required by Abaqulusi Municipality and utilize the current infrastructure belonging to Abaqulusi Municipality. It remains the responsibility of the tenderer to ensure compliance to the tenderer's minimum requirements.
- The vending system must be TCP/IP compliant and functional over Ethernet on a LAN/WAN environment. WIFI, GPRS, ADSL and Diginet lines must also be accommodated.
- The vending solution offered by the tenderer must be capable of managing and vending to Electricity STS meters from a common platform and user interface. A single consumer record must have the capacity to have Electricity meters linked to it.
- A hosted database configuration set is required with standby disaster recovery capability for business continuity.

- A disaster recovery plan shall be provided with all necessary hardware and infrastructure utilized.
- Assurance of business continuity in the event of a catastrophic systems and / or communications system breakdown in the Municipal environment must be provided. A description of associated redundancies built into the offered solution must also be provided
- The system should have the capacity provide for a monthly update of a local database copy in Abaqulusi Municipality premises if and when required.

5.2 PHYSICAL LOCATION OF SERVERS AND WORKSTATIONS

The configuration envisaged by the municipality is one where the management and vending server(s) will be located off-site in a high availability environment with redundant power and connectivity. Full disaster recovery and business continuity will be provided for.

Vending workstations (credit dispensing units) will be required at each of the vending offices. The system must not be limited to existing workstations and locations. Two offices operate without internet connections and use GPRS based handheld vending units at present. This must be accounted for in the offer. The tenderer is required to evaluate the existing hardware at each of the current offices and make an optimum solution recommendation to the municipality.

5.3 SYSTEM CAPACITY

The system shall be designed to ultimately accommodate a minimum of 25 000 consumers/meters. The system shall have the capacity to retain a five (5) year transaction history (estimated 15 million transactions a year) in the live database and older transactions in an archive database. Any system limitations shall be indicated by the tenderer.

6. PERFORMANCE SPECIFICATION

- A full and detailed functionality description of the system shall be provided by the tenderer.
- The tenderer shall not focus on provisioning of computer hardware since Abaqulusi Municipality will use existing infrastructure where possible. For this reason it is also imperative that tenderers should be quite clear on where Abaqulusi Municipality's hardware and/or networks lack the capability and/or capacity to function properly with

the system proposed by the tenderer and the tenderer should indicate the cost of additional or replacement infrastructure.

A detailed graphical drawing depicting the proposed network and system layout must be drafted to clarify and indicate solution functionality. Should changes be required, full specifications and pricing must be provided.

- The system proposed by the tenderer should at least make sure that:

Different servers are utilized for different applications such as:

- Database functions
- Management applications
- Transactions
- Encryption / Security
- Disaster recovery

The vending solution should be designed to use a relational database and run as a client server application on a LAN or a WAN. It should be able to run under the Windows Server 2003/2008 and at least Windows XP operating systems. The network for the vending solution is Ethernet. The network protocols shall be TCP/IP and be able to operate real-time over GPRS/3G/EDGE/HSDPA/GPRS/WIFI/ADSL/Diginet as available in certain areas in the on-line mode

- In order to simplify the third-party integration, process the system will comply with Eskom XMLVend 2.1 (or later). It would be preferred that the system is native XML i.e. that there is no translation interface between the system and an XML client and that all client/server interfaces are based on the XML standard.
- The system shall be a single database solution which from which both management functions and vending take place for all meter and utility types. All updates to customer data must be immediately available at vending terminals and all transactions made at all sales outlets must be immediately available for reporting on.
- The vending terminal solution shall be web based or a web application which automatically updates from the host server should updates be posted. Security and data encryption will be provided by mutually authenticated SSL between the vending terminal and the server.
- The solution should have the capability to provide pre-paid vending services over the internet/intranet. Customers should be able (should Abaqulusi Municipality wish to activate these options) to purchase prepaid electricity either via the Internet or a cell phone as follows:

- A registered service on the web where the customer registers for the service. This includes providing the required financial information and then simply authenticating on every transaction. Abaqulusi Municipality's vending and credit management rules must still be applicable and transactions must be made against Abaqulusi Municipality local vending system not an offline copy.
- The system should cater for integration to vending mechanisms such as automatic cash handling machines, self-service terminals and other third-party vending networks by providing an API specification to the alternate provider. The tenderer shall assist with integration testing.
- The solution shall be able to function on low-bandwidth requirement between remote vending points (credit dispensing units) and the central prepaid system (system master station) and optimized to run over networks (such as GPRS), with the maximum packet size being minimal and clearly indicated. GPRS/WIFI/ADSL/DIGINET connection points should be created on the George Local Municipal infrastructure to directly serve transactions on this type of networks.
- The vending system shall cater for integration with the systems / applications in use. Abaqulusi Municipality uses Munsoft as the financial system. The nature of the integration catered for must include periodic bulk export / import of arrears balances / collections to / from the billing system.

The service provider must indicate their approach to the requirements of mSCOA with respect to data exchange between systems.

- The system must cater for storage of all information to comply with financial services regulations (e.g. the storage of all sales/vending transactions).
- The vending system will provide a web-based interface to allow for management functionality and reporting over the Abaqulusi Municipal Intranet and internet. Connections will be secured by mutually authenticated SSL between the management terminals and the web server. The standard Microsoft Internet Explorer will be used for this. The system must ensure that the program supports the latest version of Microsoft Internet Explorer and always keep up with updates by Microsoft. The currently deployed version of Microsoft Internet Explorer is IE8.
- Tamper monitoring and specific technologies to effect notifications in this regard should be catered for in the solution.

-

7. SYSTEM / OPERATION REQUIREMENTS

7.1 GENERAL

The administrator(s) must have the option to link directly into the server from their offices for e.g. management, reports, etc. Maintenance staff must have the option to link into the system over a 3G data connection from remote locations to perform customer maintenance functions.

All licenses required must be clearly defined and a list provided with license cost. All limitations must clearly be indicated.

All current data on the current vending systems used by the municipality must be catered for on the supposed vending system. The last 3 years data must be migrated into the supposed vending system from the current vending system.

7.2 ACCESS

It must be possible to allocate access rights into the system into users and user groups. Access rights allocations shall be transferred during the data migration process and distributed throughout the system. The vending system must allow for activation of password ageing functionality. If this function is activated, the password of the particular user shall expire after a definable amount of time. Early password expiry warnings must be available. In addition, a concurrent log-in limit for log-in attempts is also required. User IDs not used or disabled permanently must not be able to be removed from transaction history data. A full audit trail on user IDs and movement must be kept. Access rights must be configured by Abaqulusi Municipality.

7.3 ARREARS

The vending system offered by tenderer shall make it possible for the municipality to deduct arrears from moneys tendered by consumers to purchase pre-paid electricity and / or water. The vending system must be able to define within the applicable arrears scheme and/or credit control policy of the municipality different arrears recovery categories/indexes. Within each category/index, the system shall allow for various recovery alternatives. This must be included and enforced in all electricity dispensing strategies and/or systems, inclusive of third-party vending systems.

The system shall allow for at least:

- Fixed percentage of transaction recovery
- Availability charge recovery on a monthly or daily basis
- Full arrear payment recovery
- Partial or percentage-based arrear recovery and limited sales

7.4 BLOCKING

The vending system offered by the tenderer will allow for profiled blocking of purchases by customers based on arrears balances in specific account types. Blocking will be configurable by account type and will allow for either no sales or limited monthly sales to customers with arrears balances.

Customers with shared service accounts will all be unblocked simultaneously when any one blocked account is paid in full.

7.5 mSCOA

The service provider must indicate their approach to the requirements of mSCOA with respect to data exchange between systems.

The service provider must provide proof of at least one on-line integration with a billing system where arrears balances are updated, and transactions are posted to the billing system real-time.

7.6 ENGINEERING

The system must make provision for the generation of all STS engineering vouchers directly from the management terminal and these vouchers can be printed, viewed (without printing) or sent via SMS.

An Android smart phone-based Engineering application must be provided. The application must allow for issuing of engineering tokens and for field meter replacements with an audit trail including GPS coordinates.

7.7 FREE ISSUES / REPLACEMENT TOKENS

The vending system should allow the issuing of vouchers free of charge with the requirement to add reasons and free text notes to each issue.

7.8 KEY MANAGEMENT

The vending system must support the upload of key management files (KMF) into the system database to configure and connect encryption devices, for STS encryption algorithms. This can be used to load details of new area keys into the encryption device.

STS certification is required, in the name of the bidding company, to a minimum of STS Edition2: IEC62055-41 Ed3, including Electricity and Water units and currency vending and Key Management and Engineering tokens, conforming to a minimum of Edition 1.9 of the STS standards. Security modules in use must be the Prism STS-6 type module.

7.9 VENDOR CREDIT MANAGEMENT

The vending system should allow a limit for the amount of credit that any individual terminal or group of terminals in the system can issue without re-authorization. This amount can be defined per terminal.

The credit update of a terminal must be done by a supervisor (or another user with appropriate access rights) updating the credit limit via the management interface. All updates will be recorded; the records will include the previous credit balance and the user identity, the date and time of the update and a reference field with free text entry. The update will automatically print for audit purposes.

Electricity token limits will be set at terminal group level. These limits may be exceeded by operators with the input of a password to confirm the transaction value.

7.10 MESSAGES

The vending system should allow the utility to define voucher messages that are printed at the bottom of the printed voucher. The municipality must have the option to change the messages according to requirements.

7.11 REGISTRATION

The vending system must be able to track any historical connections between the meter, point of connection and the consumer.

7.12 VENDING

Vending to a consumer shall only be possible when a point of connection and meter are linked to the consumer and a tariff has been selected. The customer must still be able to do payments although blocked for pre-paid electricity sales.

Should the information on the database differs from the information on the meter card, no token must be generated.

Free Basic Electricity must be issued to identified indigents based on the Municipalities Indigent policy. The indigent register is updated monthly and the system must accommodate these updates monthly or as requested.

Free Basic Electricity tokens must be SMS'ed to those indigents that have registered mobile numbers immediately the new register becomes available. The tokens must also be available to the Indigent customers at all points of sale on request. Additionally, a USSD based service request must be available for the customers to request their tokens from their mobile phones.

7.13 SEARCH AND FILTER

The vending system should support full search for the following items in registration:

- 7.13.1 Consumer surname, first names, ID number, postal address details, comments, blocking codes, account number, point of connection, meter serial number.

All of these searches can be incremental searches or full word searches. Once the search criteria are entered, the system must display the first record matching the search condition or the closest field at any one time for the search.

7.14 REPORTS

The vending system should support a set of standard reports and the capability to customize and / or create new Reports. The tenderer undertakes to add or alter reports according to the needs of the Municipality for at least the first six months free of charge.

Printer selection and formatting according to operating system availability must be supported. Exporting of all reports to at least Excel or PDF must be supported.

It should be noted that a Month Management Report is a mandatory requirement and samples of this must be submitted with the tender.

The standard reports required should include:

7.14.1 Standard operator reports

- Operator actions between dates grouped by date
- List of all users registered on the system
- List of all the user's groups and their functions
- List of all the groups and their respective functions

7.14.2 Standard consumer reports

- Number of consumers registered by town between dates
- List of POC'S grouped by system area code
- List of all STS meters registered on the system
- List of towns registered on the system
- List of disconnected meters by POC between dates
- List of disconnected meters by disconnect reason between dates
- Consumer information for POC'S
- Total new connections per town
- Total installed meters per town
- Meter replacements per town
- All consumers in alphabetic order

7.14.3 Standard transaction reports

- List of transactions grouped by date between dates
- Sum of transactions grouped by transaction type and tariff
- List of credit and debit card transactions between dates
- Total electricity bought between dates by consumer
- Free issues between dates per meter
- Cheque List between dates
- Low purchases of electricity over a specified period
- Total electricity bought in the last 30 and 90 days
- Breakdown of consumer's purchase times between dates
- Balancing report of credit amounts used against physical transactions

- Reversals between dates
- Summary of all end of shifts for a user between dates
- All transactions for a meter between custom dates
- Arrears owed by consumer
- Daily cash reconciliation report
- All transactions for a account between dates
- Low consumption report
- Indigent high purchase report
- Total sales by town
- Total sales by operator
- All transactions for one shift on one user
- Shift details for one user
- IBT customer purchase breakdown with graph
- IBT month sales analysis by Tariff Class

7.14.4 Engineering Reports

- Current power limit for a meter
- Current power limit for all meters
- Audit trail on Amperage changes
- Reports in the vending system must be able to be previewed before printing.

7.15 SOFTWARE

The vending system should be able to use/support the Windows 10, or earlier software/operating systems

7.16 TARIFFS

The vending system must support the use of vending based tariffs. The system must cater for pre-defined tariffs by date to be created in advance. Tariff structure of current vending systems must be accommodated.

Meter Tariff Index and Customer Tariff Class must not be linked in the system in order to avoid key changes when tariffs are changed, for instance from an Indigent to Domestic tariff.

7.17 BLOCK TARIFFS

A block tariff module or stepped tariffs must be able to be defined.

7.18 VAT

The vending system shall support the use of vending based VAT where the VAT is calculated at the time of vending.

7.19 SECURITY

The vending system interconnections shall be secured with mutually authenticated SSL certificates. The tenderer must describe the process of issue and management of these certificates.

Passwords must meet the Auditor General's requirements in terms of complexity and expiry. An optional One Time Pin for system administrators must be provided for.

7.20 ACCOUNT PAYMENTS

In vending, it should be possible to pay off arrears amounts or portions thereof separately from the purchase of actual electricity.

The solution shall also allow for debtor payments and sundry payments if and when required by Abaqulusi Municipality. This functionality will allow and provide the municipality the capability of collecting account payments, arrear amounts as well as sell pre-paid services.

The business rules of the municipality will apply at all times. Current account amounts, arrear amounts, linked account amounts and blocking codes will be transferred from the financial system to the vending system.

The system must make provision for capturing of debit– and credit cards payments and cancellation of payments (not tokens). Cancellation options must be linked to access rights.

NOTE: The debit card and credit card options must be configurable for each workstation.

The system must work in such a manner that the pre-paid electricity sales as well as the account payment amount be deducted from the credit amount on the dispensing unit.

The system must make provision for account payments on conventional meter accounts and rates accounts.

The cashier must be warned before a transaction is finally accepted.

The system must allow the cashier different search options but at least the following:

- Swipe meter card
- Manually key in meter number
- Manually key in billing account number

7.21 VENDING AMOUNTS

For each workstation in a vending system, a list of predefined typical purchase amounts must be able to be setup individually.

7.22 THIRD PARTY VENDING

The service provider must be integrated with third party vending providers in order to provision the Municipality with a broad-based third-party footprint to sell prepaid electricity locally and nationally.

The footprint must include retail chain stores, banks, petrol stations web-based sales using credit card and/or EFT, and non-retail vendors. The service provider must indicate the process and cost, if any, of deploying additional footprint with non-retail (informal) vendors to areas where there is deemed to be insufficient coverage.

The service provider should indicate the policy and process that they use to deal with non-retail (informal) vendors that are over-charging customers.

The service provider must describe in detail their remittance process where monies collected are paid across to the municipality. This must include payment schedules and administration requirements.

A list of vending sites or proposed vending sites, retail stores and banks that will be made available must be provided. Only one level of aggregation is allowed; no sub-aggregators shall be enabled in order to control the vending footprint effectively.

Please note: the municipality will not allow voucher-based vending to its customers.

A supporting letter from the aggregator(s) is required.

7.23 TID ROLLOVER

The service provider must supply a detailed plan for the deployment of the STS TID rollover. Options for deploying the key changes and any challenges that may be faced during the process must be described. Additionally, letters from three municipalities where the service provider is actively updating meters must be supplied.

7.21 IMPLEMENTATION AND COMMISSIONING

The tenderer shall be responsible for the conversion of current Abaqulusi Municipal system data, static as well as historical transaction as well as all meter related data to the new system of which the cost must be included in the proposal.

7.22 SYSTEM CHANGES AND ENHANCEMENTS

The tenderer shall indicate corporate policy requirements on system enhancements and changes, including mSCOA compliance and the upcoming key rollover.

7.23 REVENUE PROTECTION

The Tenderer will provide an Android based audit application downloadable from the Google Play Store, which utilises the phone GPS and camera to record audit data, as well as referencing back to the vending system in order to validate customer and address details.

Data such as last purchase dates and averages shall be presented to the auditor in order for them to make informed decisions while they are carrying out the audit. The application allows for job card functionality, scheduling of audits and routes.

As well as recording audit data, the application must allow for meter replacements and for basic engineering tokens to be made, according to the user profile.

The application must also allow for offline audit operations as these are data intensive and must be synchronised when the user is in a Wi-Fi zone.

Audits must be reported on and reviewed from a web portal which shows the audit activity on a map and is able to present the GIS data to the municipality for loading to their GIS systems.

Further to this, the spatial data must be made available to be incorporated in the mainstream Vending solution once the audits have been completed.

The audit process must include data cleansing, with updates for account numbers and customer data as a minimum. Any fines or charges to be levied to the customer for tampering must be automatically calculated or must be recorded for approval and implementation at a later stage.

The tenderer must provide for revenue protection services including the TID rollover in their proposal.

Revenue protection staff must be accredited in Law Enforcement as required by the municipality in order to issue penalties to the public with respect to tampering.

8. SYSTEM SITE VISIT/DEMONSTRATION

Abaqulusi Municipality retains the right to request a full system demonstration and/or site visit. The tenderer undertakes to arrange as such. A full list of current system users with contact details should be supplied by the tenderer. The municipality reserves the right to contact any of these users and the tenderer undertakes to arrange a site visit to any user(s) as indicated by the Municipality within a specified timeframe as agreed on.

9. CUSTOMER REFERENCES

The tenderer must supply at least three reference letters from other Municipalities confirming that the tenderer provides them with prepayment hosted online-vending services, third party vending via a broad-based footprint and also arrears collection via data exchange with the Municipality billing system. The letter must confirm the period that the tenderer has been providing the service to the Municipality.

Abaqulusi Municipality may wish to contact one or more of the tenderer's reference clients during the tender evaluation period. Please provide contact names and details of the individuals who should be contacted in this regard.

Contact with reference clients will be arranged through the tenderer, but Abaqulusi Municipality reserves the right to conduct these information sharing sessions without representatives from the tenderer being present.

Live or real time updates for bill payments and arrears collections – dependent on Billing System (if the provider can connect real time) should be offered and proof in the form of a letter from the Municipality should be provided.

SCORECARD – Technical Bid Evaluation

Phase 1 – Technical Gatekeeper

Tenderers must comply to all points in order to proceed to phase 2

Item	Description	Comply

TAX CLEARANCE CERTIFICATE REQUIREMENTS

It is a condition of bid that the taxes of the successful bidder must be in order, or that satisfactory arrangements have been made with South African Revenue Service (SARS) to meet the bidder's tax obligations.

1 In order to meet this requirement bidders are required to complete in full the attached form TCC 001

"Application for a Tax Clearance Certificate" and submit it to any SARS branch office nationally. The Tax Clearance Certificate Requirements are also applicable to foreign bidders / individuals who wish to submit bids.

2 SARS will then furnish the bidder with a Tax Clearance Certificate that will be valid for a period of 1 (one) year from the date of approval.

3 The original Tax Clearance Certificate must be submitted together with the bid. Failure to submit the original and valid Tax Clearance Certificate will result in the invalidation of the bid. Certified copies of the Tax Clearance Certificate will not be acceptable.

4 In bids where Consortia / Joint Ventures / Sub-contractors are involved, each party must submit a separate Tax Clearance Certificate.

5 Copies of the TCC 001 "Application for a Tax Clearance Certificate" form are available from any SARS branch office nationally or on the website www.sars.gov.za.

6 Applications for the Tax Clearance Certificates may also be made via eFiling. In order to use this provision, taxpayers will need to register with SARS as eFilers through the website www.sars.gov.za.

PREFERENCE POINTS CLAIM FORM IN TERMS OF THE PREFERENTIAL PROCUREMENT REGULATIONS 2011

This preference form must form part of all bids invited. It contains general information and serves as a claim form for preference points for Broad-Based Black Economic Empowerment (B-BBEE) Status Level of Contribution

NB: BEFORE COMPLETING THIS FORM, BIDDERS MUST STUDY THE GENERAL CONDITIONS, DEFINITIONS AND DIRECTIVES APPLICABLE IN RESPECT OF B-BBEE, AS PRESCRIBED IN THE PREFERENTIAL PROCUREMENT REGULATIONS, 2011.

1. GENERAL CONDITIONS

1.1 The following preference point systems are applicable to all bids:

- the 80/20 system for requirements with a Rand value of up to R50 000 000 (all applicable taxes included); and
- the 90/10 system for requirements with a Rand value above R50 000 000 (all applicable taxes included).

1.2 The value of this bid is estimated to exceed/not exceed R50 000 000 (all applicable taxes included) and therefore the 90/ 10 system shall be applicable.

1.3 Preference points for this bid shall be awarded for:

- (a) Price; and
- (b) B-BBEE Status Level of Contribution.

1.3.1 The maximum points for this bid are allocated as follows:

	POINTS
1.3.1.1 PRICE	80
1.3.1.2 B-BBEE STATUS LEVEL OF CONTRIBUTION	20
Total points for Price and B-BBEE must not exceed	100

1.4 Failure on the part of a bidder to fill in and/or to sign this form and submit a B-BBEE Verification Certificate from a Verification Agency accredited by the South African Accreditation System (SANAS) or a Registered Auditor approved by the Independent Regulatory Board of Auditors (IRBA) or an Accounting Officer as contemplated in the Close Corporation Act (CCA) together with the bid, will be interpreted to mean that preference points for B-BBEE status level of contribution are not claimed.

1.5. The purchaser reserves the right to require of a bidder, either before a bid is adjudicated or at any time subsequently, to substantiate any claim in regard to preferences, in any manner required by the purchaser.

2. DEFINITIONS

2.1 “**all applicable taxes**” includes value-added tax, pay as you earn, income tax, unemployment insurance fund contributions and skills development levies;

2.2 “**B-BBEE**” means broad-based black economic empowerment as defined in section 1 of the Broad-Based Black Economic Empowerment Act;

2.3 “**B-BBEE status level of contributor**” means the B-BBEE status received by a measured entity based on its overall performance using the relevant scorecard contained in the Codes of Good Practice on Black Economic Empowerment, issued in terms of section 9(1) of the Broad-Based Black Economic Empowerment Act;

2.4 “**bid**” means a written offer in a prescribed or stipulated form in response to an invitation by an organ of state for the provision of services, works or goods, through price quotations, advertised

competitive bidding processes or proposals;

- 2.5 **“Broad-Based Black Economic Empowerment Act”** means the Broad-Based Black Economic Empowerment Act, 2003 (Act No. 53 of 2003);
- 2.6 **“comparative price”** means the price after the factors of a non-firm price and all unconditional discounts that can be utilized have been taken into consideration;
- 2.7 **“consortium or joint venture”** means an association of persons for the purpose of combining their expertise, property, capital, efforts, skill and knowledge in an activity for the execution of a contract;
- 2.8 **“contract”** means the agreement that results from the acceptance of a bid by an organ of state;
- 2.9 **“EME”** means any enterprise with annual total revenue of R5 million or less.
- 2.10 **“Firm price”** means the price that is only subject to adjustments in accordance with the actual increase or decrease resulting from the change, imposition, or abolition of customs or excise duty and any other duty, levy, or tax, which, in terms of the law or regulation, is binding on the contractor and demonstrably has an influence on the price of any supplies, or the rendering costs of any service, for the execution of the contract;
- 2.11 **“functionality”** means the measurement according to predetermined norms, as set out in the bid documents, of a service or commodity that is designed to be practical and useful, working or operating, taking into account, among other factors, the quality, reliability, viability and durability of a service and the technical capacity and ability of a bidder;
- 2.12 **“non-firm prices”** means all prices other than “firm” prices;
- 2.13 **“person”** includes a juristic person;
- 2.14 **“rand value”** means the total estimated value of a contract in South African currency, calculated at the time of bid invitations, and includes all applicable taxes and excise duties;
- 2.15 **“sub-contract”** means the primary contractor’s assigning, leasing, making out work to, or employing, another person to support such primary contractor in the execution of part of a project in terms of the contract;
- 2.16 **“total revenue”** bears the same meaning assigned to this expression in the Codes of Good Practice on Black Economic Empowerment, issued in terms of section 9(1) of the Broad-Based Black Economic Empowerment Act and promulgated in the *Government Gazette* on 9 February 2007;
- 2.17 **“trust”** means the arrangement through which the property of one person is made over or bequeathed to a trustee to administer such property for the benefit of another person; and
- 2.18 **“trustee”** means any person, including the founder of a trust, to whom property is bequeathed in order for such property to be administered for the benefit of another person.

3. ADJUDICATION USING A POINT SYSTEM

- 3.1 The bidder obtaining the highest number of total points will be awarded the contract.
- 3.2 Preference points shall be calculated after prices have been brought to a comparative basis taking into account all factors of non-firm prices and all unconditional discounts;.
- 3.3 Points scored must be rounded off to the nearest 2 decimal places.
- 3.4 In the event that two or more bids have scored equal total points, the successful bid must be the one scoring the highest number of preference points for B-BBEE.
- 3.5 However, when functionality is part of the evaluation process and two or more bids have scored equal points including equal preference points for B-BBEE, the successful bid must be the one scoring the highest score for functionality.

3.6 Should two or more bids be equal in all respects, the award shall be decided by the drawing of lots.

4. POINTS AWARDED FOR PRICE

4.1 THE 80/20 OR 90/10 PREFERENCE POINT SYSTEMS

A maximum of 80 or 90 points is allocated for price on the following basis:

80/20 or 90/10

$$P_s = 80 \left(1 - \frac{P_t - P_{\min}}{P_{\min}} \right) \quad \text{or} \quad P_s = 90 \left(1 - \frac{P_t - P_{\min}}{P_{\min}} \right)$$

Where

P_s = Points scored for comparative price of bid under consideration

P_t = Comparative price of bid under consideration

$P_{\min}$ = Comparative price of lowest acceptable bid

5. Points awarded for B-BBEE Status Level of Contribution

5.1 In terms of Regulation 5 (2) and 6 (2) of the Preferential Procurement Regulations, preference points must be awarded to a bidder for attaining the B-BBEE status level of contribution in accordance with the table below:

B-BBEE Status Level of Contributor	Number of points (90/10 system)	Number of points (80/20 system)
1	10	20
2	9	18
3	8	16
4	5	12
5	4	8
6	3	6
7	2	4
8	1	2
Non-compliant contributor	0	0

5.2 Bidders who qualify as EMEs in terms of the B-BBEE Act must submit a certificate issued by an Accounting Officer as contemplated in the CCA or a Verification Agency accredited by SANAS or a Registered Auditor. Registered auditors do not need to meet the prerequisite for IRBA's approval for the purpose of conducting verification and issuing EMEs with B-BBEE Status Level Certificates.

5.3 Bidders other than EMEs must submit their original and valid B-BBEE status level verification certificate or a certified copy thereof, substantiating their B-BBEE rating issued by a Registered Auditor approved by IRBA or a Verification Agency accredited by SANAS.

5.4 A trust, consortium or joint venture, will qualify for points for their B-BBEE status level as a legal entity, provided that the entity submits their B-BBEE status level certificate.

- 5.5 A trust, consortium or joint venture will qualify for points for their B-BBEE status level as an unincorporated entity, provided that the entity submits their consolidated B-BBEE scorecard as if they were a group structure and that such a consolidated B-BBEE scorecard is prepared for every separate bid.
- 5.6 Tertiary institutions and public entities will be required to submit their B-BBEE status level certificates in terms of the specialized scorecard contained in the B-BBEE Codes of Good Practice.
- 5.7 A person will not be awarded points for B-BBEE status level if it is indicated in the bid documents that such a bidder intends sub-contracting more than 25% of the value of the contract to any other enterprise that does not qualify for at least the points that such a bidder qualifies for, unless the intended sub-contractor is an EME that has the capability and ability to execute the sub-contract.
- 5.8 A person awarded a contract may not sub-contract more than 25% of the value of the contract to any other enterprise that does not have an equal or higher B-BBEE status level than the person concerned, unless the contract is sub-contracted to an EME that has the capability and ability to execute the sub-contract.

DECLARATION CERTIFICATE FOR LOCAL PRODUCTION AND CONTENT FOR DESIGNATED SECTORS

This Municipal Bidding Document (MBD) must form part of all bids invited. It contains general information and serves as a declaration form for local content (local production and local content are used interchangeably).

Before completing this declaration, bidders must study the General Conditions, Definitions, Directives applicable in respect of Local Content as prescribed in the Preferential Procurement Regulations, 2011 and the South African Bureau of Standards (SABS) approved technical specification number SATS 1286:2011 (Edition 1) and the Guidance on the Calculation of Local Content together with the Local Content Declaration Templates [Annex C (Local Content Declaration: Summary Schedule), D (Imported Content Declaration: Supporting Schedule to Annex C) and E (Local Content Declaration: Supporting Schedule to Annex C)].

1. General Conditions

- 1.1. Preferential Procurement Regulations, 2011 (Regulation 9) makes provision for the promotion of local production and content.
- 1.2. Regulation 9.(1) prescribes that in the case of designated sectors, where in the award of bids local production and content is of critical importance, such bids must be advertised with the specific bidding condition that only locally produced goods, services or works or locally manufactured goods, with a stipulated minimum threshold for local production and content will be considered.
- 1.3. Where necessary, for bids referred to in paragraph 1.2 above, a two stage bidding process may be followed, where the first stage involves a minimum threshold for local production and content and the second stage price and B-BBEE.
- 1.4. A person awarded a contract in relation to a designated sector, may not sub-contract in such a manner that the local production and content of the overall value of the contract is reduced to below the stipulated minimum threshold.
- 1.5. The local content (LC) expressed as a percentage of the bid price must be calculated in accordance with the SABS approved technical specification number SATS 1286: 2011 as follows:

$$LC = [1 - x / y] * 100$$

Where

x is the imported content in Rand

y is the bid price in Rand excluding value added tax (VAT)

Prices referred to in the determination of x must be converted to Rand (ZAR) by using the exchange rate published by the South African Reserve Bank (SARB) at 12:00 on the date of advertisement of the bid as required in paragraph 4.1 below.

The SABS approved technical specification number SATS 1286:2011 is accessible on http://www.thedti.gov.za/industrial_development/ip.jsp at no cost.

- 1.6. A bid may be disqualified if –

- (a) this Declaration Certificate and the Annex C (Local Content Declaration: Summary Schedule) are not submitted as part of the bid documentation; and
- (b) the bidder fails to declare that the Local Content Declaration Templates (Annex C, D and E) have been audited and certified as correct.

2. Definitions

- 2.1. **“bid”** includes written price quotations, advertised competitive bids or proposals;
- 2.2. **“bid price”** price offered by the bidder, excluding value added tax (VAT);
- 2.3. **“contract”** means the agreement that results from the acceptance of a bid by an organ of state;
- 2.4. **“designated sector”** means a sector, sub-sector or industry that has been designated by the Department of Trade and Industry in line with national development and industrial policies for local production, where only locally produced services, works or goods or locally manufactured goods meet the stipulated minimum threshold for local production and content;
- 2.5. **“duly sign”** means a Declaration Certificate for Local Content that has been signed by the Chief Financial Officer or other legally responsible person nominated in writing by the Chief Executive, or senior member / person with management responsibility (close corporation, partnership or individual).
- 2.6. **“imported content”** means that portion of the bid price represented by the cost of components, parts or materials which have been or are still to be imported (whether by the supplier or its subcontractors) and which costs are inclusive of the costs abroad (this includes labour and intellectual property costs), plus freight and other direct importation costs, such as landing costs, dock duties, import duty, sales duty or other similar tax or duty at the South African port of entry;
- 2.7. **“local content”** means that portion of the bid price which is not included in the imported content, provided that local manufacture does take place;
- 2.8. **“stipulated minimum threshold”** means that portion of local production and content as determined by the Department of Trade and Industry; and
- 2.9. **“sub-contract”** means the primary contractor’s assigning, leasing, making out work to, or employing another person to support such primary contractor in the execution of part of a project in terms of the contract.

3. The stipulated minimum threshold(s) for local production and content (refer to Annex A of SATS 1286:2011) for this bid is/are as follows:

<u>Description of services, works or goods</u>	<u>Stipulated minimum threshold</u>
_____	_____ %
_____	_____ %
_____	_____ %

4. Does any portion of the services, works or goods offered have any imported content?

(Tick applicable box)

YES	☐	NO	☐
-----	--------------------------	----	--------------------------

4.1 If yes, the rate(s) of exchange to be used in this bid to calculate the local content as prescribed in paragraph 1.5 of the general conditions must be the rate(s) published by the SARB for the specific currency at 12:00 on the date of advertisement of the bid.

The relevant rates of exchange information is accessible on **www.reservebank.co.za**.

Indicate the rate(s) of exchange against the appropriate currency in the table below (refer to Annex A of SATS 1286:2011):

NB

1 The obligation to complete, duly sign and submit this declaration cannot be transferred to an external authorized representative, auditor or any other third party acting on behalf of the bidder.

2 Guidance on the Calculation of Local Content together with Local Content Declaration Templates (Annex C, D and E) is accessible on <http://www.thedti.gov.za/industrialdevelopment/ip.jsp>. Bidders should first complete Declaration D. After completing Declaration D, bidders should complete Declaration E and then consolidate the information on Declaration C. **Declaration C should be submitted with the bid documentation at the closing date and time of the bid in order to substantiate the declaration made in**

paragraph (c) below. Declarations D and E should be kept by the bidders for verification purposes for a period of at least 5 years. The successful bidder is required to continuously update Declarations C, D and E with the actual values for the duration of the contract.

I, the undersigned, (full names),
do hereby declare, in my capacity as
of(name of bidder
entity), the following:

(a) The facts contained herein are within my own personal knowledge.

(b) I have satisfied myself that

- (i) the goods/services/works to be delivered in terms of the above-specified bid comply with the minimum local content requirements as specified in the bid, and as measured in terms of SATS 1286:2011; and
- (ii) the declaration templates have been audited and certified to be correct.

(c)The local content percentages (%) indicated below has been calculated using the formula given in clause 3 of SATS 1286:2011, the rates of exchange indicated in paragraph 4.1 above and the information contained in Declaration D and E which has been consolidated in Declaration C;

Bid price, excluding VAT (y)	R
Imported content (x), as calculated in terms of SATS 1286:2011	R
Stipulated minimum threshold for local content (paragraph 3 above)	
Local content %, as calculated in terms of SATS 1286:2011	

If the bid is for more than one product, the local content percentages for each product contained in Declaration C shall be used instead of the table above. The local content percentages for each product has been calculated using the formula given in clause 3 of SATS 1286:2011, the rates of exchange indicated in paragraph 4.1 above and the information contained in Declaration D and E.

(d) I accept that the Municipality has the right to request that the local content be verified in terms of the requirements of SATS 1286:2011.

(e) I understand that the awarding of the bid is dependent on the accuracy of the information furnished in this application. I also understand that the submission of incorrect data, or data that are not verifiable as described in SATS 1286:2011, may result in the Municipal imposing any or all of the remedies as provided for in Regulation 13 of the Preferential Procurement Regulations, 2011 promulgated under the Preferential Policy Framework Act (PPPFA), 2000 (Act No. 5 of 2000).

PART 2 (TO BE FILLED IN BY THE PURCHASER)

By signing this part of this Form of Offer and Acceptance, the Employer identified below accepts the Tenderer's offer. In consideration thereof, the Employer shall pay the Contractor the amount due in accordance with the Conditions of Contract identified in the Contract Data. Acceptance of the tenderer's offer shall form an Agreement between the Employer and the Tendered upon the terms and conditions contained in this Agreement and in the Contract that is the subject of this Agreement.

Deviations from and amendments to the documents listed in the Tender Data and any addenda thereto as listed in the Returnable Documents as well as any changes to the terms of the Offer agreed by the Tenderer and the Employer during this process of offer and acceptance, are contained in the Schedule of Deviations attached to and forming part of this Agreement. No amendments to or deviations from said documents are valid unless contained in this schedule which must be duly signed by the authorised representative(s) of both parties.

The tenderer shall within two weeks of receiving a completed copy of this Agreement, including the Schedule of Deviations (if any), or when or just after this Agreement comes into effect, contact the employer's agent (whose details are given in the Contract Data) to arrange the delivery of any bonds, guarantees, proof of insurance and any other documentation to be provided in terms of the Conditions of Contract identified in the Contract Data. Failure to fulfil any of these obligations in accordance with those terms shall constitute a repudiation of this agreement.

Notwithstanding anything contained herein, this Agreement comes into effect on the date when the tenderer receives one fully completed original copy of this document, including the Schedule of Deviations (if any). Unless the tenderer (now Contractor) within five days of the date of such receipt notifies the Employer in writing of any reason why he cannot accept the contents of this Agreement, this Agreement shall constitute a binding contract between the parties.

CERTIFICATE OF INDEPENDENT BID DETERMINATION

- 1 This Municipal Bidding Document (MBD) must form part of all bids¹ invited.

- 2 Section 4 (1) (b) (iii) of the Competition Act No. 89 of 1998, as amended, prohibits an agreement between, or concerted practice by, firms, or a decision by an association of firms, if it is between parties in a horizontal relationship and if it involves collusive bidding (or bid rigging).² Collusive bidding is a *pe se* prohibition meaning that it cannot be justified under any grounds.

- 3 Municipal Supply Regulation 38 (1) prescribes that a supply chain management policy must provide measures for the combating of abuse of the supply chain management system, and must enable the accounting officer, among others, to:
 - a. take all reasonable steps to prevent such abuse;
 - b. reject the bid of any bidder if that bidder or any of its directors has abused the supply chain management system of the municipality or municipal entity or has committed any improper conduct in relation to such system; and
 - c. cancel a contract awarded to a person if the person committed any corrupt or fraudulent act during the bidding process or the execution of the contract.

- 4 This MBD serves as a certificate of declaration that would be used by institutions to ensure that, when bids are considered, reasonable steps are taken to prevent any form of bid-rigging.

- 5 In order to give effect to the above, the attached Certificate of Bid Determination (MBD 9) must be completed and submitted with the bid:

¹ Includes price quotations, advertised competitive bids, limited bids and proposals.² Bid rigging (or collusive bidding) occurs when businesses, that would otherwise be expected to compete, secretly conspire to raise prices or lower the quality of goods and / or services for purchasers who wish to acquire goods and / or services through a bidding process. Bid rigging is, therefore, an agreement between competitors not to compete.

CERTIFICATE OF INDEPENDENT BID DETERMINATION

I, the undersigned, in submitting the accompanying bid:

(Bid Number and Description)

in response to the invitation for the bid made by:

(Name of Municipality / Municipal Entity)

do hereby make the following statements that I certify to be true and complete in every respect:

I certify, on behalf of:_____that:

(Name of Bidder)

1. I have read and I understand the contents of this Certificate;
2. I understand that the accompanying bid will be disqualified if this Certificate is found not to be true and complete in every respect;
3. I am authorized by the bidder to sign this Certificate, and to submit the accompanying bid, on behalf of the bidder;
4. Each person whose signature appears on the accompanying bid has been authorized by the bidder to determine the terms of, and to sign, the bid, on behalf of the bidder;
5. For the purposes of this Certificate and the accompanying bid, I understand that the word "competitor" shall include any individual or organization, other than the bidder, whether or not affiliated with the bidder, who:
 - (a) has been requested to submit a bid in response to this bid invitation;
 - (b) could potentially submit a bid in response to this bid invitation, based on their qualifications, abilities or experience; and
 - (c) provides the same goods and services as the bidder and/or is in the same line of business as the bidder

6. The bidder has arrived at the accompanying bid independently from, and without consultation, communication, agreement or arrangement with any competitor. However communication between partners in a joint venture or consortium³ will not be construed as collusive bidding.
7. In particular, without limiting the generality of paragraphs 6 above, there has been no consultation, communication, agreement or arrangement with any competitor regarding:
 - (a) prices;
 - (b) geographical area where product or service will be rendered (market allocation)
 - (c) methods, factors or formulas used to calculate prices;
 - (d) the intention or decision to submit or not to submit, a bid;
 - (e) the submission of a bid which does not meet the specifications and conditions of the bid; or
 - (f) bidding with the intention not to win the bid.
8. In addition, there have been no consultations, communications, agreements or arrangements with any competitor regarding the quality, quantity, specifications and conditions or delivery particulars of the products or services to which this bid invitation relates.
9. The terms of the accompanying bid have not been, and will not be, disclosed by the bidder, directly or indirectly, to any competitor, prior to the date and time of the official bid opening or of the awarding of the contract.

³ Joint venture or Consortium means an association of persons for the purpose of combining their expertise, property, capital, efforts, skill and knowledge in an activity for the execution of a contract.

10. I am aware that, in addition and without prejudice to any other remedy provided to combat any restrictive practices related to bids and contracts, bids that are suspicious will be reported to the Competition Commission for investigation and possible imposition of administrative penalties in terms of section 59 of the Competition Act No 89 of 1998 and or may be reported to the National Prosecuting Authority (NPA) for criminal investigation and or may be restricted from conducting business with the public sector for a period not exceeding ten (10) years in terms of the Prevention and Combating of Corrupt Activities Act No 12 of 2004 or any other applicable legislation.

GENERAL CONDITIONS OF CONTRACT

1. Definitions:	The following terms shall be interpreted as indicated:	
	1.1	"Closing time" means the date and hour specified in the bidding advertisement for the receipt of bids.
	1.2	"Contract" means the written agreement entered into between the purchaser and the supplier, as recorded in the contract form signed by the parties, including all attachments and appendices thereto and all documents incorporated by reference therein.
	1.3	"Contract price" means the price payable to the supplier under the contract for the full and proper performance of his contractual obligations.
	1.4	"Corrupt practice" means the offering, giving, receiving, or soliciting of any thing of value to influence the action of a public official in the procurement process or in contract execution.
	1.5	"Countervailing duties" are imposed in cases where an enterprise abroad is subsidized by its government and encouraged to market its products internationally.
	1.6	"Country of origin" means the place where the goods were mined, grown or produced or from which the services are supplied. Goods are produced when, through manufacturing, processing or substantial and major assembly of components, a commercially recognized new product results that is substantially different in basic characteristics or in purpose or utility from its components.
	1.7	"Day" means calendar day.
	1.8	"Delivery" means delivery in compliance of the conditions of the contract or order.
	1.9	"Delivery ex stock" means immediate delivery directly from stock actually on hand.
	1.10	"Delivery into consignees store or to his site" means delivered and unloaded in the specified store or depot or on the specified site in compliance with the conditions of the contract or order, the supplier bearing all risks and charges involved until the goods are so delivered and a valid receipt is obtained.
	1.11	"Dumping" occurs when a private enterprise abroad market its goods on own initiative in the RSA at lower prices than that of the country of origin and which have the potential to harm the local industries in the RSA.
	1.12	"Force majeure" means an event beyond the control of the supplier and not involving the supplier's fault or negligence and not foreseeable. Such events may include, but is not restricted to, acts of the purchaser in its sovereign capacity, wars or revolutions, fires, floods, epidemics, quarantine restrictions and freight embargoes.
	1.13	"Fraudulent practice" means a misrepresentation of facts in order to influence a procurement process or the execution of a contract to the detriment of any bidder, and includes collusive practice among bidders (prior to or after bid submission) designed to establish bid prices at artificial non-competitive levels and to deprive the bidder of the benefits of free and open competition.
	1.14	"GCC" means the General Conditions of Contract.
	1.15	"Goods" means all of the equipment, machinery, and/or other materials that the supplier is required to supply to the purchaser under the contract.

	1.16	“Imported content” means that portion of the bidding price represented by the cost of components, parts or materials which have been or are still to be imported (whether by the supplier or his subcontractors) and which costs are inclusive of the costs abroad, plus freight and other direct importation costs such as landing costs, dock dues, import duty, sales duty or other similar tax or duty at the South African place of entry as well as transportation and handling charges to the factory in the Republic where the goods covered by the bid will be manufactured.
	1.17	“Local content” means that portion of the bidding price, which is not included in the imported content provided that local manufacture does take place.
	1.18	“Manufacture” means the production of products in a factory using labour, materials, components and machinery and includes other related value-adding activities.
	1.19	“Order” means an official written order issued for the supply of goods or works or the rendering of a service.
	1.20	“Project site,” where applicable, means the place indicated in bidding documents.
	1.21	“Purchaser” means the organization purchasing the goods.
	1.22	“Republic” means the Republic of South Africa.
	1.23	“SCC” means the Special Conditions of Contract.
	1.24	“Services” means those functional services ancillary to the supply of the goods, such as transportation and any other incidental services, such as installation, commissioning, provision of technical assistance, training, catering, gardening, security, maintenance and other such obligations of the supplier covered under the contract.
	1.25	“Supplier” means the successful bidder who is awarded the contract to maintain and administer the required and specified service(s) to the State.
	1.26	“Tort” means in breach of contract.
	1.27	“Turnkey” means a procurement process where one service provider assumes total responsibility for all aspects of the project and delivers the full end product / service required by the contract.
	1.28	“Written” or “in writing” means hand-written in ink or any form of electronic or mechanical writing.
2. Application	2.1	These general conditions are applicable to all bids, contracts and orders including bids for functional and professional services (excluding professional services related to the building and construction industry), sales, hiring, letting and the granting or acquiring of rights, but excluding immovable property, unless otherwise indicated in the bidding documents.
	2.2	Where applicable, special conditions of contract are also laid down to cover specific goods, services or works.
	2.3	Where such special conditions of contract are in conflict with these general conditions, the special conditions shall apply.
3. General	3.1	Unless otherwise indicated in the bidding documents, the purchaser shall not be liable for any expense incurred in the preparation and submission of a bid. Where applicable a nonrefundable fee for documents may be charged
	3.2	Invitations to bid are usually published in locally distributed news media and on the municipality/municipal entity website.
4. Standards	4.1	The goods supplied shall conform to the standards mentioned in the bidding documents and specifications.

5. Use of contract documents and information inspection	5.1	The supplier shall not, without the purchaser's prior written consent, disclose the contract, or any provision thereof, or any specification, plan, drawing, pattern, sample, or information furnished by or on behalf of the purchaser in connection therewith, to any person other than a person employed by the supplier in the performance of the contract. Disclosure to any such employed person shall be made in confidence and shall extend only as far as may be necessary for purposes of such performance.
	5.2	The supplier shall not, without the purchaser's prior written consent, make use of any document or information mentioned in GCC clause 5.1 except for purposes of performing the contract.
	5.3	Any document, other than the contract itself mentioned in GCC clause 5.1 shall remain the property of the purchaser and shall be returned (all copies) to the purchaser on completion of the supplier's performance under the contract if so required by the purchaser.
	5.4	The supplier shall permit the purchaser to inspect the supplier's records relating to the performance of the supplier and to have them audited by auditors appointed by the purchaser, if so required by the purchaser.
6. Patent Rights	6.1	The supplier shall indemnify the purchaser against all third-party claims of infringement of patent, trademark, or industrial design rights arising from use of the goods or any part thereof by the purchaser.
	6.2	When a supplier developed documentation / projects for the municipality / municipal entity, the intellectual, copy and patent rights or ownership of such documents or projects will vest in the municipality / municipal entity.
7. Performance security	7.1	Within thirty (30) days of receipt of the notification of contract award, the successful bidder shall furnish to the purchaser the performance security of the amount specified in SCC.
	7.2	The proceeds of the performance security shall be payable to the purchaser as compensation for any loss resulting from the supplier's failure to complete his obligations under the contract.
	7.3	The performance security shall be denominated in the currency of the contract or in a freely convertible currency acceptable to the purchaser and shall be in one of the following forms: (a) a bank guarantee or an irrevocable letter of credit issued by a reputable bank located in the purchaser's country or abroad, acceptable to the purchaser, in the form provided in the bidding documents or another form acceptable to the purchaser; or (b) a cashier's or certified cheque
	7.4	The performance security will be discharged by the purchaser and returned to the supplier not later than thirty (30) days following the date of completion of the supplier's performance obligations under the contract, including any warranty obligations, unless otherwise specified.
8. Inspections, tests and	8.1	All pre-bidding testing will be for the account of the bidder.

analyses	8.2	If it is a bid condition that goods to be produced or services to be rendered should at any stage be subject to inspections, tests and analyses, the bidder or contractor's premises shall be open, at all reasonable hours, for inspection by a representative of the purchaser or organization acting on behalf of the purchaser.
	8.3	If there are no inspection requirements indicated in the bidding documents and no mention is made in the contract, but during the contract period it is decided that inspections shall be carried out, the purchaser shall itself make the necessary arrangements, including payment arrangements with the testing authority concerned.
	8.4	If the inspections, tests and analyses referred to in clauses 8.2 and 8.3 show the goods to be in accordance with the contract requirements, the cost of the inspections, tests and analyses shall be defrayed by the purchaser.
	8.5	Where the goods or services referred to in clauses 8.2 and 8.3 do not comply with the contract requirements, irrespective of whether such goods or services are accepted or not, the cost in connection with these inspections, tests or analyses shall be defrayed by the supplier.
	8.6	Goods and services which are referred to in clauses 8.2 and 8.3 and which do not comply with the contract requirements may be rejected.
	8.7	Any contract goods may on or after delivery be inspected, tested or analyzed and may be rejected if found not to comply with the requirements of the contract. Such rejected goods shall be held at the cost and risk of the supplier who shall, when called upon, remove them immediately at his own cost and forthwith substitute them with goods, which do comply with the requirements of the contract. Failing such removal the rejected goods shall be returned at the suppliers cost and risk. Should the supplier fail to provide the substitute goods forthwith, the purchaser may, without giving the supplier further opportunity to substitute the rejected goods, purchase such goods as may be necessary at the expense of the supplier.
	8.8	The provisions of clauses 8.4 to 8.7 shall not prejudice the right of the purchaser to cancel the contract on account of a breach of the conditions thereof, or to act in terms of Clause 22 of GCC.
9. Packing	9.1	The supplier shall provide such packing of the goods as is required to prevent their damage or deterioration during transit to their final destination, as indicated in the contract. The packing shall be sufficient to withstand, without limitation, rough handling during transit and exposure to extreme temperatures, salt and precipitation during transit, and open storage. Packing, case size and weights shall take into consideration, where appropriate, the remoteness of the goods' final destination and the absence of heavy handling facilities at all points in transit.
	9.2	The packing, marking, and documentation within and outside the packages shall comply strictly with such special requirements as shall be expressly provided for in the contract, including additional requirements, if any, and in any subsequent instructions ordered by the purchaser.
10. Delivery and documents	10.1	Delivery of the goods and arrangements for shipping and clearance obligations shall be made by the supplier in accordance with the terms specified in the contract.
11. Insurance	11.1	The goods supplied under the contract shall be fully insured in a freely convertible currency against loss or damage incidental to manufacture or acquisition, transportation, storage and delivery in the manner specified.

12. Transportation	12.1	Should a price other than an all-inclusive delivered price be required, this shall be specified.
13. Incidental Services	13.1	The supplier may be required to provide any or all of the following services, including additional services, if any: (a) performance or supervision of on-site assembly and/or commissioning of the supplied goods; (b) furnishing of tools required for assembly and/or maintenance of the supplied goods; (c) furnishing of a detailed operations and maintenance manual for each appropriate unit of the supplied goods; (d) performance or supervision or maintenance and/or repair of the supplied goods, for a period of time agreed by the parties, provided that this service shall not relieve the supplier of any warranty obligations under this contract; and (e) training of the purchaser's personnel, at the supplier's plant and/or on site, in assembly, start-up, operation, maintenance, and/or repair of the supplied goods.
	13.2	Prices charged by the supplier for incidental services, if not included in the contract price for the goods, shall be agreed upon in advance by the parties and shall not exceed the prevailing rates charged to other parties by the supplier for similar services.
14. Spare parts	14.1	As specified, the supplier may be required to provide any or all of the following materials, notifications, and information pertaining to spare parts manufactured or distributed by the supplier: (a) such spare parts as the purchaser may elect to purchase from the supplier, provided that this election shall not relieve the supplier of any warranty obligations under the contract; and (b) in the event of termination of production of the spare parts: (i) advance notification to the purchaser of the pending termination, in sufficient time to permit the purchaser to procure needed requirements; and (ii) following such termination, furnishing at no cost to the purchaser, the blueprints, drawings, and specifications of the spare parts, if requested.
15. Warranty	15.1	The supplier warrants that the goods supplied under the contract are new, unused, of the most recent or current models, and that they incorporate all recent improvements in design and materials unless provided otherwise in the contract. The supplier further warrants that all goods supplied under this contract shall have no defect, arising from design, materials, or workmanship (except when the design and/or material is required by the purchaser's specifications) or from any act or omission of the supplier, that may develop under normal use of the supplied goods in the conditions prevailing in the country of final destination.

	15.2	This warranty shall remain valid for twelve (12) months after the goods, or any portion thereof as the case may be, have been delivered to and accepted at the final destination indicated in the contract, or for eighteen (18) months after the date of shipment from the port or place of loading in the source country, whichever period concludes earlier, unless specified otherwise.
	15.3	The purchaser shall promptly notify the supplier in writing of any claims arising under this warranty.
	15.4	Upon receipt of such notice, the supplier shall, within the period specified and with all reasonable speed, repair or replace the defective goods or parts thereof, without costs to the purchaser.
	15.5	If the supplier, having been notified, fails to remedy the defect(s) within the period specified, the purchaser may proceed to take such remedial action as may be necessary, at the supplier's risk and expense and without prejudice to any other rights which the purchaser may have against the supplier under the contract.
16. Payment	16.1	The method and conditions of payment to be made to the supplier under this contract shall be specified.
	16.2	The supplier shall furnish the purchaser with an invoice accompanied by a copy of the delivery note and upon fulfillment of other obligations stipulated in the contract.
	16.3	Payments shall be made promptly by the purchaser, but in no case later than thirty (30) days after submission of an invoice or claim by the supplier.
	16.4	Payment will be made in Rand unless otherwise stipulated.
17. Prices	17.1	Prices charged by the supplier for goods delivered and services performed under the contract shall not vary from the prices quoted by the supplier in his bid, with the exception of any price adjustments authorized or in the purchaser's request for bid validity extension, as the case may be.
18. Variation orders	18.1	In cases where the estimated value of the envisaged changes in purchase does not vary more than 15% of the total value of the original contract, the contractor may be instructed to deliver the goods or render the services as such. In cases of measurable quantities, the contractor may be approached to reduce the unit price, and such offers may be accepted provided that there is no escalation in price.
19. Assignment	19.1	The supplier shall not assign, in whole or in part, its obligations to perform under the contract, except with the purchaser's prior written consent.
20. Subcontracts	20.1	The supplier shall notify the purchaser in writing of all subcontracts awarded under this contracts if not already specified in the bid. Such notification, in the original bid or later, shall not relieve the supplier from any liability or obligation under the contract.
21. Delays in the supplier's performance	21.1	Delivery of the goods and performance of services shall be made the supplier in accordance with the time schedule prescribed by the purchaser in the contract.
	21.2	If at any time during performance of the contract, the supplier or its subcontractor(s) should encounter conditions impeding timely delivery of the goods and performance of services, the supplier shall promptly notify the purchaser in writing of the fact of the delay, its likely duration and its cause(s). As soon as practicable after receipt of the supplier's notice, the purchaser shall evaluate the situation and may at his discretion extend the supplier's time for performance, with or without the imposition of penalties, in which case the extension shall be ratified by the parties by amendment of contract.

	21.3	The right is reserved to procure outside of the contract small quantities or to have minor essential services executed if an emergency arises, the supplier's point of supply is not situated at or near the place where the goods are required, or the supplier's services are not readily available.
	21.4	Except as provided under GCC Clause 25, a delay by the supplier in the performance of its delivery obligations shall render the supplier liable to the imposition of penalties, pursuant to GCC Clause 22, unless an extension of time is agreed upon pursuant to GCC Clause 22.2 without the application of penalties.
	21.5	Upon any delay beyond the delivery period in the case of a goods contract, the purchaser shall, without canceling the contract, be entitled to purchase goods of a similar quality and up to the same quantity in substitution of the goods not supplied in conformity with the contract and to return any goods delivered later at the supplier's expense and risk, or to cancel the contract and buy such goods as may be required to complete the contract and without prejudice to his other rights, be entitled to claim damages from the supplier.
22. Penalties	22.1	Subject to GCC Clause 25, if the supplier fails to deliver any or all of the goods or to perform the services within the period(s) specified in the contract, the purchaser shall, without prejudice to its other remedies under the contract, deduct from the contract price, as a penalty, a sum calculated on the delivered price of the delayed goods or unperformed services using the current prime interest rate calculated for each day of the delay until actual delivery or performance. The purchaser may also consider termination of the contract pursuant to GCC Clause 23.
23. Termination for default	23.1	The purchaser, without prejudice to any other remedy for breach of contract, by written notice of default sent to the supplier, may terminate this contract in whole or in part: (a) if the supplier fails to deliver any or all of the goods within the period(s) specified in the contract, or within any extension thereof granted by the purchaser pursuant to GCC Clause 21.2; (b) if the supplier fails to perform any other obligation(s) under the contract; or (c) if the supplier, in the judgment of the purchaser, has engaged in corrupt or fraudulent practices in competing for or in executing the contract.

	23.2 In the event the purchaser terminates the contract in whole or in part, the purchaser may procure, upon such terms and in such manner, as it deems appropriate, goods, works or services similar to those undelivered, and the supplier shall be liable to the purchaser for any excess costs for such similar goods, works or services. However, the supplier shall continue performance of the contract to the extent not terminated. 23.3 Where the purchaser terminates the contract in whole or in part, the purchaser may decide to impose a restriction penalty on the supplier by prohibiting such supplier from doing business with the public sector for a period not exceeding 10 years. 23.4 If a purchaser intends imposing a restriction on a supplier or any person associated with the supplier, the supplier will be allowed a time period of not more than fourteen (14) days to provide reasons why the envisaged restriction should not be imposed. Should the supplier fail to respond within the stipulated fourteen (14) days the purchaser may regard the supplier as having no objection and proceed with the restriction. 23.5 Any restriction imposed on any person by the purchaser will, at the discretion of the purchaser, also be applicable to any other enterprises or any partner, manager, director or other person who wholly or partly exercises or exercised or may exercise control over the enterprise of the first – mentioned person, and with which enterprise or person the first – mentioned person, is or was in the opinion of the purchaser actively associate. 23.6 If a restriction is imposed, the purchaser must, within five (5) working days of such imposition, furnish the National Treasury, with the following information: i. the name and address of the supplier and / or person restricted by the purchaser; ii. the date of commencement of the restriction iii. the period of restriction; and iv. the reasons for the restriction. These details will be loaded in the National Treasury's central database of suppliers or persons prohibited from doing business with the public sector 23.7 If a court of law convicts a person of an offence as contemplated in section 12 or 13 of the Prevention and Combating of Corrupt Activities Act, No. 12 of 2004, the court may also rule that such person's name be endorsed on the Register for Tender Defaulters. When a person's name has been endorsed on the Register, the person will be prohibited from doing business with the public sector for a period not less than five years and not more than 10 years. The National Treasury is empowered to determine the period of restriction and each case will be dealt with on its own merits. According to section 32 of the Act the Register must be open to the public. The Register can be perused on the National Treasury website.
