ERM CVS **IRMA** **Sibanye Stillwater**

ERM CVS to Conduct On-site IRMA Assessment of Sibanye-Stillwater Rustenburg

ERM CVS Seeks Input from Local Community and Other Stakeholders

Today, 5 October 2024, ERM CVS announces that on November 4 – November 12, 2024 it will visit the Sibanye-Stillwater Rustenburg mining operations in the Rustenburg local municipality, South Africa to conduct the on-site phase of its independent, third-party Initiative for Responsible Mining Assurance (IRMA) assessment of the operation.

When finished, an IRMA assessment results in a public audit report released locally and on the internet. This report will describe how ERM CVS scored Sibanye-Stillwater Rustenburg against each of the 400+ requirements of the IRMA Standard for Responsible Mining, and why ERM CVS gave Sibanye-Stillwater Rustenburg that score. The report will also assign an overall achievement level: IRMA Transparency, IRMA 50, IRMA 75, or IRMA 100.

Sibanye-Stillwater can use this information about the environmental and social impacts of the Rustenburg mining operation to improve its practices. Other stakeholders, particularly affected communities, may use this audit report to engage with Sibanye-Stillwater and others on a more equal footing to improve the operation in the ways that matter most to them.

During ERM CVS's time at Sibanye-Stillwater Rustenburg, they will collect feedback from local stakeholders – anyone directly or indirectly affected by the mine – including community members, mine workers, and government officials. The ERM CVS team will also inspect the operation and its associated facilities.

November 4 – November 12, 2024

ERM CVS invites you to sign-up for an interview while we are in the area, and/or submit written comments about Sibanye-Stillwater Rustenburg using the contact details below.
