3. EVALUATION CRITERIA

National Museum (NM) promotes the concept of “best value” in the award of contracts, as opposed to merely looking for the cheapest price, which does not necessarily provide the best value. Best value incorporates the expertise, experience and technical proposal of the organisation and individuals who will be providing the service and the organisational capacity supporting the project team.

NM is committed to achieving the government's transformation objectives in terms of the Preferential Procurement Policy Framework Act.

The value of this bid is estimated not to exceed R50 000 000 and therefore the 80/20 system shall be applicable. The procedure for the evaluation of responsive tenders is Price, functionality (quality) and Preference method. The evaluation of the bids will be conducted in the following two stages:

- Firstly, the assessment of quality will be done in terms of the functionality matrix attached and the minimum threshold of 70 points explained. A bid will be disqualified if it fails to meet the minimum threshold for functionality as per the bid invitation.

FUNCTIONALITY CRITERIA	POINTS ALLOCATION

Please attach proof of physical address of workshop and or contract in place with another certified dealership.	40

The CV must clearly indicate the years of experience accumulated to date. Maximum points will be awarded to persons with more experience in handling and resolving technical queries.	10
TOTAL	100

Thereafter, only the qualifying bids are evaluated in terms of the 80/20 preference points systems, where the 80 points will be used for price only and the 20 points will be awarded to a bidder for attaining the BBBEE status level of contributor in accordance with the Table below;

Preference Point System

2.1.1 In terms of regulation 6 of the Preferential Procurement Regulations pertaining to the Preferential Procurement Policy Framework Act, 2007 (Act 5 of 2000), responsive bids will be adjusted by the State on the 80/20-preference point system in terms of which points are awarded to bidders on the basis of:

The bid price (maximum 80 points)

B-BBEE status level of contributor (maximum 20 points)

2.1.2 The following formula will be used to calculate the points for price:

$P_s = 80$

Were

P_s = Points scored for price of bid under consideration

P_t = Rand value of bid under consideration

P_{min} = Rand value of lowest acceptable bid

2.1.3 A maximum of 20 points may be awarded to a bidder for attaining their B-BBEE status level of contributor in accordance with the table below:

B-BBEE Status Level of Contributor	Number of Points 80/20 system
1	20
2	18
3	14
4	12
5	8
6	6
7	4
8	2
Non-compliant contributor	0

2.1.4 Bidders are required to complete the preference claim form (SBD 6.1), and submit their original and valid B-BBEE status level verification certificate at the closing date and time of the bid in order to claim the B-BBEE status level point.

2.1.6 Failure on the part of the bidder to comply with paragraphs 2.1.4 and 2.1.5 above will be deemed that preference points for B-BBEE status level of contribution are not claimed and will therefore be allocated a zero (0).

2.1.7 In the event that two or more bids have scored equal total points, the contract will be awarded to the bidder scoring the highest number of preference points for B-BBEE.

2.1.8 Should two or more bids equal in all respects; the award shall be decided by the drawing of lots.

CERTIFICATE OF INDEPENDENT BID DETERMINATION

- 1 This Standard Bidding Document (SBD) must form part of all bids¹ invited.
- 2 Section 4 (1) (b) (iii) of the Competition Act No. 89 of 1998, as amended, prohibits an agreement between, or concerted practice by, firms, or a decision by an association of firms, if it is between parties in a horizontal relationship and if it involves collusive bidding (or bid rigging).² Collusive bidding is a *pe se* prohibition meaning that it cannot be justified under any grounds.
- 3 Treasury Regulation 16A9 prescribes that accounting officers and accounting authorities must take all reasonable steps to prevent abuse of the supply chain management system and authorizes accounting officers and accounting authorities to:
 - a. disregard the bid of any bidder if that bidder, or any of its directors have abused the institution's supply chain management system and or committed fraud or any other improper conduct in relation to such system.
 - b. cancel a contract awarded to a supplier of goods and services if the supplier committed any corrupt or fraudulent act during the bidding process or the execution of that contract.
- 4 This SBD serves as a certificate of declaration that would be used by institutions to ensure that, when bids are considered, reasonable steps are taken to prevent any form of bid-rigging.
- 5 In order to give effect to the above, the attached Certificate of Bid Determination (SBD 9) must be completed and submitted with the bid:

¹ Includes price quotations, advertised competitive bids, limited bids and proposals.

² Bid rigging (or collusive bidding) occurs when businesses, that would otherwise be expected to compete, secretly conspire to raise prices or lower the quality of goods and / or services for purchasers who wish to acquire goods and / or services through a bidding process. Bid rigging is, therefore, an agreement between competitors not to compete.
