Dear Sir/Madam

Request for Enquiry Number	<u>E3383NTCSATPEG</u>
Description / Project Title	The supply and delivery of trench covers for Pegasus Sub Station
Tender Questions Closing Date	<u>03 SEPTEMBER 2026</u>

Item	Questions	Answers	Clarity Published Dates
1.	Please confirm how many trench covers to supply at Pegasus Substation.	3000 as stipulated on page 14 of the NEC	25 August 2026
2.	I do not see the BOQ in the tender documents, only a section in the NEC pricing section so I wanted to know if we use the pricing section in the NEC only ?	Yes please insert your prices on the NEC	25 August 2026
3.	I am writing to kindly request confirmation regarding the scope of the tender, specifically whether it is limited to the supply and delivery of trench covers only, and if it explicitly excludes installation. I would appreciate your clarification to ensure full alignment and avoid any misunderstanding during the tender process	The scope is supply and delivery ONLY. The delivery will include the use of a crane to offload of which an offloading procedure must be in place for safety.	01 September 2026

4.	NEC specifies that the delivery of the trench covers will be as and when but the price schedule indicates a once of for transport, please clarify	Please note that it's a once off delivery, revised NEC has been uploaded.	08 September 2026
5.	As per the SDLI and SBD 6.2 the designated local content is cement and steel but how your price schedule is set up, it will not allow the contractor to fill in annexure C/D/E, please clarify as there is one line item for the trench cover as an item	As the two components (cement and steel) are moulded together to form a single finished product, the supplier should declare the item as a Trench Cover rather than as separate components	08 September 2026
