#### **REQUEST FOR INFORMATION (RFI) FOR THE PROVISION OF PRICE BENCHMARKING TOOLS AND RELATED SOLUTIONS TCC/2024/07/0001/72152/RFI**

| <b>No:</b> | <b>CLARIFICATION QUESTIONS</b>                                                                                           | <b>TRANSNET RESPONSE</b>                                                                                                                                   |
|------------|--------------------------------------------------------------------------------------------------------------------------|------------------------------------------------------------------------------------------------------------------------------------------------------------|
| 1.         | How many ERP systems are currently present within TCC and intended to be linked to the proposed Price Benchmarking Tool? | Kindly note that the information requested is not relevant for the purpose of Price Benchmarking tools and related solutions at this stage.                |
| 2.         | What is TCC's annual spend, this will help with understanding spend volumes and solution pricing and subscription?       | Bidders to provide the standard subscription/pricing model(s) on offer for the services including several cost-effective options for Transnet to consider. |
| 3.         | If you have a number of users intended to access the solution, please also provide us with such an indication.           | The price benchmarking tool is envisioned to be used by all Transnet Procurement and end-users' employees.                                                 |
