TENDER NUMBER: E3373GXMPCAM

ADDENDUM NO. 2

DESCRIPTION: MAINTENANCE OF CAMDEN POWER STATION COOLING TOWERS FOR A PERIOD OF 4 YEARS.

This Addendum No. 2 serves to inform tenderers of the following amendments and updates pertaining to the above-mentioned enquiry:

1. The first addendum, which informed tenderers that a revised **Invitation to Tender (ITT) – Maintenance of Camden Power Station Cooling Towers Rev. 1** had been uploaded to reflect the correct preferential points system and specific goals applicable to this tender, has been retracted. This is due to an incorrect issue date reflected on the document, namely **08 September 2025** instead of **08 September 2026**.
2. A revised **Appendix H – Pricing Schedule or BOQ (REV 1)** has been uploaded in both **PDF and Excel** formats to correct the heading from “**QTY/36 MONTHS**” to “**QTY/48 MONTHS**”. Kindly note that the quantities remain unchanged.
3. The tender closing date has been extended from **09 October 2026** to **30 October 2026**.
4. The minutes of the clarification meeting have been uploaded.
5. The questions received from tenderers and the corresponding responses have been uploaded.

Yours sincerely
