P_m =	the comparative offer of the most favourable tender offer.		
P =	the comparative offer of tender offer under consideration

2.3: BACKGROUND

PROJECT SCOPE

The cash and banking arrangements of the Municipality are done in compliance with the Cash Management and Investment of Surplus Cash Policy of Council with great care to prevent circumstances where the availability of funds in the main bank account might be insufficient for cash withdrawals.

The Municipality is currently operating two bank accounts of which the main account is used for normal Council activities and the secondary account is specifically earmarked for the Traffic transactions.

Situations might occur where large sums received / payments cross each other, resulting in the balances on the bank statement showing overdraft for a certain period.

Unless there is a specific bank arrangement for an overdraft facility with the bank, problems might arise should Council need to make use of such a facility without the necessary authorization from Council in terms of Section 45 (3) (b) of the Municipal Finance Management Act, therefore it is recommended that a small to moderate short-term credit facility by means of a bank overdraft be made available in terms of the Bank Act that might serve as a safety margin should such a situation occur.

Services which must be included in the presentation must include the following:

- EFT facilities (including detail of processes on audit trails)
- Cheque payment facilities
- Current account facilities
- Overdraft facilities
- Account verification for creditors payments (including match database/beneficiary lists)
- Fleet/Garage card facilities
- Provision of speedpoint facilities (including linkage to Municipality's financial system)
- Cash collection facilities (depositors)
- Auto downloading/submission of bank statements to the municipality

The Contract Price for the completed contract shall be computed from the actual quantities of work done, valued at the relevant unit rates and prices.
- e) The rates to be inserted in the Schedule of Fees are to be full inclusive for the work described under the several items. An item against which no rate is entered and a word or phrase such as “included” or “provided elsewhere” will be accepted as a rate of nil having been entered against such items and covered by the other prices or rates in the schedule. - k) All prices and rates entered in the Schedule of Fees must be inclusive of Value Added Tax (VAT).
