Supplier Registration

- The Supplier would either create a new SAP Business Network (SNB) account (if registering afresh on SAP Ariba Network), or link their existing SAP Business Network account to PRASA (if they already have an SAP Ariba Network account).
- Once a Supplier has created an account on SAP Business Network, they will be able to respond to any of PRASA's RFQ's/RFP's.
- Once a Supplier has registered with PRASA, they will be able to manage and update their Supplier data as required by PRASA's processes.

Prerequisites must be completed prior to participation in the event.

In consideration of the opportunity to participate in on-line events ("On-Line Events") held and conducted by the company sponsoring this On-Line Event ("Sponsor") on the web site (this "Site") hosted by Ariba, Inc. ("Site Owner"), your company ("Participant" or "You") agrees to the following terms and conditions ("Bidder Agreement"):

1. Bids. If you are invited to participate in the On-Line Event, Sponsor reserves the right to amend, modify or withdraw this On-Line Event. Sponsor reserves the right to accept or reject all or part of your proposal. Submission of a bid does not create a contract or any expectation by Participant of a future business relationship. Rather, by submitting a bid, you are making a firm offer which Sponsor may accept to form a contract, subject to section 2 below. Sponsor is not liable for any costs incurred by Participant in the preparation, presentation, or any other aspect of Participant's bid.

2. Price Quotes. Except to the extent Sponsor allows a non-binding bid, all Bids which Participant submits through the On-Line Events are legally valid quotations without qualification, except for data entry errors.

3. Procedures and Rules. Participant further agrees to be bound by the procedures and rules established by the Site and Sponsor.

4. Confidentiality. Participant shall keep all user names and passwords, the On-Line Event content, other confidential materials provided by the Site and/or Sponsor, and all bids provided by You or another participating organization in confidence and shall not disclose the foregoing to any third party.

5. Bids through Site only. Participant agrees to submit bids only through the on-line bidding mechanism supplied by the Site and not to submit bids via any other mechanism including, but not limited to, post, courier, fax, E-mail, or orally unless specifically requested by Sponsor.

6. Ethical Conduct. All parties will prohibit unethical behavior and are expected to notify the Site Owner by contacting the appropriate project team if they witness practices that are counter-productive to the fair operation of the On-Line Event. If Participant experiences any difficulties during a live On-Line Event, Participant must notify Site Owner immediately.

7. Export Control. All parties who use this Site hosted by Ariba, Inc. agree to comply with all applicable export control and sanctions laws, including the laws of the US, EU and Germany.

8. Survival. The terms and conditions of this Bidder Agreement shall survive completion of the On-Line Event.

The screenshot displays the SAP Ariba Event Messages interface for the event 'Doc3089944368 - PRASA RFP 6000020111 Content Update'. The sidebar on the left contains a 'Checklist' with four items: '1. Review Event Details', '2. Review and Accept Prerequisites', '3. Select Lots/Line Items', and '4. Submit Response'. Below the checklist is the 'Event Contents' section, which includes 'All Content', '1. Technical / Function...', and '2. Pricing'. The main content area shows the 'Event Messages - PRASA RFP 6000020111 Content Update' screen. It features a 'Messages' table with columns: 'Id', 'Reply Sent', 'Sent Date', 'From', 'Contact Name', 'To', and 'Subject'. The table is currently empty, displaying 'No items'. Below the table, there is a 'Compose Message' button circled in red, and a 'Download all attachments' button. The top of the screen shows the event details, a 'Time remaining' of 10:34:25, and a 'Review Prerequisites' button.

Suppliers will use the Message Board to communicate directly with the Buyer/Sourcing Specialist during an RFP/RFQ event.
