

QUESTION AND ANSWER SESSION 1 – CLARIFICATION MEETING 17 OCTOBER 2024

For the supply, installation, and commissioning of two scraper chain mobile feeders and all auxiliaries at Hendrina Power Station. It is a once off project that can take up to 12 months to be completed.

	Questions from Suppliers	Response to the query
1	Can we come back again on site with our civil team? If so, what date?	The only date set for returning to the station will be Monday 21 October 2024 from 10:00 -11:00. Please ensure that you arrive at the gate atleast 45minutes before, so that you can allow time for the security procedure to take place.
2	The ITT says non-compulsory, however during the site clarification meeting you mentioned that is compulsory, please clarify?	The ITT is correct, the site clarification meeting is non-compulsory and even tenderers who did not attend the clarification session will be considered.
