Dear Sir/Madam

Request for Enquiry Number	E3676GXPOU
Description / Project Title	Ankerlig 1 Power Station Fire Protection System
Tender Questions Closing Date	5 working days before tender closing

Item	Questions	Answers	Clarity Published Dates
1.	The preparation of these submissions requires a substantial amount of time and resources, particularly due to the extensive technical documentation, detailed equipment schedules, and supporting data sheets that must be compiled to ensure compliance with the tender requirements. In light of these circumstances, we respectfully request an extension of at least **17 working days** for the submission of all the above-mentioned tenders. This additional time will enable us to prepare and submit thorough, high-quality proposals that fully address the technical and commercial requirements of each tender.	The closing date for the tender has been extended from **05 November 2026** to **20 November 2026**. Due to the urgent nature of this requirement, bidders are requested to take note that **no further extension of the tender closing date will be granted.**	**2026-11-02**

2.	Clarification regarding local procurement through South African OEM representatives.	The designated requirement remains applicable where a designated item is not manufactured locally. This applies even if the tenderer procures the item from a local OEM or agent that sources the item internationally.	**2026-11-02**
