Bidder's Question

Bid No: 2565S

No.	Questions from bidders	City Power response
1.	I am seeking clarification on a few specific areas of the bid document for the supply of services for City Power Johannesburg (SOC) Ltd, Bid number 2565S. To ensure our submission is accurate and fully compliant, could you kindly provide guidance on the following points: Regarding ORHVS modules 1–10, which have been replaced by HVO modules 1–4, will the HVO modules be acceptable as a substitute? Your clarification on these matters will be invaluable in supporting a comprehensive and aligned submission from our side.	1. City Power will not accept any HVO modules, including HVO modules 1-4.
2.	May you confirm if indeed CVs are NOT REQUIRED for : Stream 1 the entire Team : Stream 2 Electricians only	2. Stream 1, No CV is required Stream 2, A CV is required for the Technician only.
3.	Good afternoon, I hope this email finds you well. With reference to the above-mentioned tender, may I kindly request clarification on the following requirements: Project Team for different streams: please advise if we can use one resource (team member) for more than one stream (eg. can we use some of the electricians submitted under stream for stream 2 as well) ? Vehicles and equipment: Please advise if it would suffice if some of the vehicles and equipment proposed for this project can be leased? Audited financial statements: Please confirm if independently review (by accountants/auditors) will suffice given that we are not by law required to submit audited	3. Please see our responses below: - As long as the resource meet the requirement for the relevant stream - No, the bid requires owned vehicles only and not leased vehicles - Please adhere to MBD 5 as per the bid document

Non-Executive Directors: M Kharodi (Chairperson of the Board), M Kekana, N Kgope, W Mathamela, M Mbuli, S Mlauzi, P Mokhele, N Mtembu, S Nkwanyana, M Seopela, M Qhomane

Executive Directors: T Mashava (Chief Executive Officer), R Sadiki (Chief Financial Officer) - Company Secretary: M Smith

Registration number: 2000/030051/30 - **VAT number:** 4710191182

	financial statements? Your response will be highly appreciated.	
4.	We refer to page 79 and the evaluation criteria of the above-mentioned document. In the event where a bidder wishes to submit bids for multiple streams, could you please clarify whether the duplication of personnel, tools, and vehicles is permitted across the different streams being bid for?"	4. Yes
5.	I would like to enquire about the software for the different streams of this tender. For Streams 1-3, do we have to use software provided by City Power, or should we add our own software costs into the quote? For Stream 4 (Smart Office)- Will software be provided, or should we use our own software and add pricing per user/per contractor to use the software?	5. For Stream 1-3, City Power software will be used For Stream 4, City Power has got a software that is using and thus it is not included in the BoQ. If bidders prefer to use their own software, they can propose the software and price it separately.
6.	Would like to ask the following questions : 1. MBD 3.1 , PLEASE EXPLAIN WHAT YOU MEAN BY COST PER UNIT, as we are tendering for STREAM 3 with 4 pricing requirements. 2. What is the contract number/order number on page 46/100 3. In Stream 3 the quantity for meter audit is 1, so we must quote on 1 meter ?	6. Please see our responses below: 1. MBD 3.1 specifies firm pricing requirements. 2. The contract number will be provided at the time of signing the contract with the appointed bidders. 3. Yes
7.	Please clarify the below for bid named in subject line, Stream 1(Revenue Protection and Collection) Item 4 of the second stage of Evaluation bullet number one arrow number two, Digital camera(GPS Enabled) Required, is smart cellphones allowed ?	7. The requirement is for a GPS-enabled digital camera. Smart cellphones are not permitted.

8.	Regarding the above-mentioned Bid document, whose closing date has been extended to 10 December 2024, we refer to page 79 and the evaluation criteria. We have two clarification questions: 1. For bidders submitting bids for multiple streams, is the duplication of personnel, tools, and vehicles permitted across the different streams being bid for? 2. Will a National Diploma N6 certificate for Technicians be acceptable, given the requirement states "National Diploma/S4/T3"?	8. Please see our responses below: 1. Yes 2. For technicians, the requirement is a minimum certified copy of National Diploma Electrical Engineering-NQF Level 6
