PART 2 QUESTIONS AND ANSWERS

DATE: 12 OCTOBER 2026

LAST UPDATED: 12/10/2026

No.	Question	Answer
Post Briefing Session		
1.	Subcontracting Documents, clarify whether bidders are required to submit subcontracting documents at the tender submission stage. Alternatively, are bidders only required to provide the names of proposed subcontractors, where applicable? If supporting documents are required, please specify which documents must be submitted for each proposed subcontractor.	Bidders are required to submit subcontracting documents. Refer to page 34 of the RFP document on the evidence to be submitted by bidders in order to score points.
2.	Kindly clarify whether the Contract Compliance File Assessment Checklist and the Physical Site Checklist must be completed and submitted together with the tender documents, or whether these documents are provided as templates for completion at a later stage, should the bidder be successful.	The contract compliance file assessment checklist will be required only from the successful service provider after award. Bidders don't have to submit the physical site inspection checklist, this document was published so that bidders can see what the inspection will be based on.
3.	Kindly advise whether bidders are required to complete, sign and submit the Service Level Agreement (SLA) as part of the tender submission, or whether the agreement will be completed and signed by the successful bidder after the award of the contract.	Bidders are required to complete, sign and submit the Service Level Agreement (SLA) as part of the tender submission.
	NB: Please check the etender portals regularly for any updates.
