

TRANSFORMER AND SWITCHGEAR SERVICES

Scope of work – Supply and delivery of Transformer & Switchgear Electrical Spares

The scope of work covers the supply and delivery of electrical spares to the Purchaser's premises in Rosherville for a period of three years by a panel of service providers. The contract does not guarantee that any specific quantity of components will be bought over the period of the contract. The items will be purchased for transformer and switchgear repair projects on an "as-and-when-required" basis.

All specifications, drawings and or samples will be supplied by the purchaser to the successful bidders upon contract award.

Components.

- Cables and wires: Bare, insulated, armoured, panel flex, foil,
- Fasteners, Lock washers, lock nuts, special fasteners and hot dipped galvanized fasteners
- Connectors: Lugs, ferrules, clamps
