REQUEST FOR PROPOSAL: INDEPENDENT REVIEW OF ORSA FOR A PERIOD OF THREE YEARS

A. INTRODUCTION TO THE REQUEST FOR PROPOSAL (RFP)

1. Introduction

- 1.1. The Export Credit Insurance Corporation of South Africa (SOC) Limited (ECIC or Corporation)¹ is a self-sustained state-owned entity listed under Schedule 3B of the Public Finance Management Act 1 of 1999 (as amended) and established in terms of the Export Credit and Foreign Investments Insurance Act 78 of 1957 (as amended).
- 1.2. The mandate of ECIC is to facilitate and encourage South African export trade, by underwriting export credit loans and investments outside the country, to enable South African contractors to win capital goods and services contracts in countries outside South Africa. ECIC is a registered Financial Service Provider and is regulated by the Financial Sector Conduct Authority and Prudential Authority (FSP No: 30656). Currently exempted in terms of FAIS Notice 78 of 2019.
- 1.3. ECIC operates at the following address:

Byls Bridge Office Park
Building 9, Fourth Floor
11 Byls Bridge Boulevard
Highveld Extension 73
Centurion
0157

2. Purpose

- 2.1. The purpose of this Request for Proposal (RFP) is to appoint a service provider to perform an independent review of the Own Risk and Solvency Assessment (ORSA) maturity as per Governance and Operational Standards for Insurers (GOI 3.1) regulatory requirement for three years.

3. Background

- 3.1. The ORSA process is an integral element of ECIC's risk and governance system and strategic planning. Though subject to regulatory requirements, the ORSA is designed primarily to satisfy the internal need to manage all material risks that the Corporation is exposed to and ensure that there is enough capital to meet solvency and strategic business requirements. In order to achieve this, the ORSA aims to ensure the following:
 - 3.1.1. Processes and systems are in place that can adequately assess, monitor, measure and respond appropriately to the Corporation's risks and concomitant solvency requirements.
 - 3.1.2. The risk management system accurately assesses the Corporation's risk profile and the amount of capital required to cover the risks.
- 3.2. The results from the ORSA process are embedded into the Corporation's decision-making processes. The ORSA is a forward-looking risk-based governance and risk management system that aims to:
 - 3.2.1. Assess the resilience of an insurer's solvency.

¹ Further information on the ECIC can be found at www.ecic.co.za

REQUEST FOR PROPOSAL: INDEPENDENT REVIEW OF ORSA FOR A PERIOD OF THREE YEARS

Terms of Reference

- 3.2.2. Assess the overall solvency needs of the insurer, taking into account its own specific risk profile.
 - 3.2.3. Assess compliance with financial soundness requirements, and
 - 3.2.4. Assess the significance of deviation of its risk profile to financial soundness requirements.
 - 3.3. The ORSA process is defined as the entirety of the processes and procedures employed to identify, assess, monitor, manage, and report the short and long term risks an insurance undertaking faces or may face and to determine the own funds necessary to ensure that the overall solvency needs are met at all times and are sufficient to achieve its business strategy.
 - 3.4. ECIC's ORSA process is governed by the principles and guidance in its ORSA policy. The Policy aims to:
 - 3.4.1. Describe the principles underlying the ORSA process.
 - 3.4.2. Ensure the proper governance of the ORSA process by describing the requirements and minimum standards by which the ORSA should be performed.
 - 3.5. The ORSA report should evidence an effective level of enterprise risk management and provide a perspective on capital management.
 - 3.6. The Prudential Authority's Governance and Operational Standard for Insurers (GOI 3.1) require an insurer to ensure that an assessment and validation of the process whereby the ORSA has been performed is carried out. This should be done by an independent and appropriately qualified person who is operationally independent of the ORSA process. The independent person must also provide assurance to the board of directors that the ORSA policy has been complied with.
 - 3.7. ECIC achieved this required review through a combination of assurance providers, with a review cycle of three years (meaning that all components will be reviewed at least every three years even though some might be reviewed annually or even more frequent for out-of-cycle ORSAs).
 - 3.8. The Corporation's HAF (Head of Actuarial Function) is responsible for the independent review of and expressing an opinion on the reliability and adequacy of the Corporation's calculation of technical provisions and its minimum solvency capital requirements. The HAF's responsibilities include independent review of appropriate policies and providing an opinion to the board of directors on its independent review. The scope of the actuarial function is not included in the scope of the independent review of the ORSA because that work is undertaken internally as part of the second line of defence.
- 4. Preferential Procurement Regulations**
- 4.1. This bid is subject to the Preferential Procurement Policy Framework Act No. 5 of 2000 and the Preferential Procurement Regulations, 2022, the General Conditions of Contract (GCC) and, if applicable, any other special conditions of contract. Where, however, the special conditions of contract conflict with the general conditions of contract, the special conditions of contract prevail.
