48. SCHEDULE 5 – BEE OBLIGATIONS

In this Schedule, Bidders should provide the following information, with supporting evidence wherever possible. Requirements for supporting evidence is described in Section 48.3.5.

48.1 SANParks will evaluate the Bidder's B-BBEE Proposal and will assess scores according to the methodology and weightings based on the *Amended Tourism B-BBEE Sector Code, 2015 Targets*.

48.1.1 Bidders that anticipate that the SPV will qualify as a Large Enterprise (SPV total annual revenue of R45 million or above), as defined by the *Amended Tourism B-BBEE Sector Code*, must complete the Large Enterprise Scorecard. Bidders that anticipate that the SPV will qualify as a Qualifying Small Enterprise ("QSE") (SPV total annual revenue of less than R45 million or above R5 million), as defined by the *Amended Tourism B-BBEE Sector Code*, must complete the QSE Scorecard.

Or;

48.1.2 Bidders that anticipate that the SPV will qualify as a Qualifying Small Enterprise ("QSE") (SPV total annual revenue of less than R45 million or above R5 million), as defined by the *Amended Tourism B-BBEE Sector Code*, must complete the QSE Scorecard. The minimum threshold for the QSE scorecard is 80 points, as determined by SANParks.

OR;

48.1.3 Bidders that anticipate that the SPV will qualify as an Exempted Micro Enterprise ("EME") (SPV total annual revenue of R5 million or below), as defined by the *Amended Tourism B-BBEE Sector Code*, are not required to complete the B-BBEE scorecard. As part of the bid, the Bidder must confirm that the anticipated total annual revenue of the SPV will be R5 million or below, as well as confirm the percentage black ownership in the SPV. The following wording should be used by the Bidder:

"[Name of Bidder] hereby confirms that the total annual revenue

anticipated for this PPP opportunity is R5 million or below, and will submit a sworn affidavit or certificate issued by the Companies and Intellectual Property Commission on an annual basis to confirm the total annual revenue of the SPV. In the case of total annual revenue exceeding R5 million, [Name of Bidder] will timeously notify SANParks and acknowledges that SANParks may require the SPV to complete the relevant B-BBEE Scorecard and meet the minimum threshold required by SANParks.

The SPV commits to xx% black ownership, which will be maintained as a minimum throughout the duration of the PPP Agreement.”

In terms of the B-BBEE Proposal, Bidders that anticipate that the SPV will qualify as an EME, will score as follows:

Black Ownership	B-BBEE Level	B-BBEE Proposal Score
100% Black Owned	Level One	100%
At least 51% Black Owned	Level Two	95%
Less than 51% Black Owned	Level Four	80%

- 48.1.4 Where the SPV’s annual revenue exceeds or falls short of the thresholds for a Large Enterprise, QSE or EME, SANParks may require the Private Party to submit a revised B-BBEE Proposal. In this case, a maximum transitional period of one year will be allowed for the SPV to achieve the new targets.

48.2 Commitments and Scoring

For Bidders anticipating that the SPV will qualify as a QSE or Large Enterprise, the relevant scorecard must be completed. The Bidder must make commitments in the ‘bid offered’ column and insert scores in the far right-hand column of the relevant B-BBEE scorecard below. If the percentage committed to by the Bidder is less than the target, then the score must be weighted accordingly; for example if the target is 1% and the maximum points to be scored are 5, and the Bidder’s commitment is 0.5%, then only 2.5 points will be scored. If the percentage committed to by the Bidder is equal or more than the target, the full points will be scored. These commitments will become binding in

the PPP Agreement. SANParks will confirm the scoring on the basis of supporting information provided, and may use an accredited B-BBEE rating agency for this purpose.

48.3 B-BBEE Scorecard Definitions and Measurements

48.3.1 All B-BBEE definitions used are consistent with those used in the Amended Tourism B-BBEE Sector Code, 2015.

48.3.2 All measurements of scores are calculated consistently with those used in the Amended Tourism B-BBEE Sector Code, 2015

50. SCHEDULE 7 – ENVIRONMENTAL SPECIFICATIONS FOR THE OPERATION OF KIOSK AND RETAIL CURIO SHOP FACILITY WITHIN THE PROTECTED AREAS

50.1 Introduction

50.1.1 This is an undertaking by the Private Party to conduct, manage and carry out the Project at all times in an Environmentally responsible way by adopting appropriate operating methods and practices for conducting such a Project in a proclaimed National Park.

50.1.2 The Private Party undertakes to take all reasonable steps in conducting of the Project to prevent and limit the occurrence of any Environmental or health hazards and to ensure the health and safety of the Private Parties and the general public.

50.2 Legislative Basis for these Guidelines

SANParks is bound by a number of statutes with relevance to environmental management of parks, including (without limitation) the National Environmental Management: Protected Areas Act, 2003 (Act No. 57 of 2003) (NEMPAA); the National Water Act 36 of 1998; the Water Services Act, 108 of 1997; the National Environmental Management Act, 107 of 1998 (NEMA); the National Environmental Management: Air Quality Act; the Hazardous Substances Act, 15 of 1973; and the National Heritage Resources Act.

Authorization of any development in a Protected Area is governed by the NEMA and the NEMPAA, and regulations. Any changes to infrastructure or operations require written approval from SANParks and are subject to the prescribed policies and procedures.

The process for upgrading or refurbishment of Kiosk and Retail Curio Shop Facility will be undertaken as per SANParks internal policies and procedures, and authorizations given by the Department of Environmental Affairs and Tourism where relevant and SANParks.

The EIA laws and Regulations do not specifically require an EIA for a

development such as the refurbishment and/or expansion of a Facility. However, given that the development is taking place within a protected area such as a National Park, SANParks requires environmental scoping to be conducted on any proposal to expand or modify the existing Facility that is being bid for. Modifications include both structural changes to the facility and additions to the facility or its environs, including signage. The scoping report must be submitted to DEA, the "relevant environmental authority" as defined in the EIA Guideline documents.¹

Private Party proposing significant expansions or structural modifications should anticipate that an EIA will be required, and should factor the cost of carrying out the EIA into their financial projections.

SANParks will have a role in the EIA process, both as an Interested and Affected Party (IAP), and as the regulatory authority with jurisdiction over the Protected Area. It will be DEA's responsibility to determine whether, on the basis of information provided in the scoping report, a detailed EIA needs to be carried out.

In addition to the environmental laws the Private Party will also be bound by any laws pertaining to operation on a railway line as determined by the Rail Safety Regulator.

50.3 Guidelines Based on SANParks Internal Requirements

Some of the Guidelines contained herein flow from internal SANParks management documents, such as the Park Management Plan. In some instances, however, these documents were neither sufficiently comprehensive nor sufficiently detailed as to the allowable parameters for development by commercial operators. Where this occurred, SANParks undertook an internal effort to develop the necessary Guidelines.

A series of workshops were held with SANParks conservation staff, and specifically from Park, who assisted in establishing standards to be applied to commercial tourism developments within the Park. Draft standards were reviewed by a wide range of professionals within SANParks, including the Manager, Environmental Management, and park rangers and staff from

Scientific Services, Conservation Services, Park Planning and Technical Services. The Guidelines contained herein are the result of these efforts.

The Environmental Guidelines set out and referred to in this document must be regarded as a first step in SANParks' efforts to compile a comprehensive Environmental Management System (EMS) for the entire parks. Once in place, the EMS will likely be modified and refined over time, as and when needed to take into account new information, standards and conditions. Private Parties must therefore be aware that the terms and conditions set forth in these Guidelines are subject to amendment. Private Parties will be expected to comply at all times with the provisions of the Environmental Guidelines as they may change from time to time.

The remainder of this document presents the specific standards or parameters that the Private Party will be expected to apply to activities in its Project Site.

50.4 Precautionary Principle

Ecological and natural resource processes are not always clearly understood, nor are the interactions among such processes. SANParks recognises that issues may arise suddenly, or circumstances change, due to limitations in current knowledge. SANParks has endeavoured to identify these limitations wherever possible, and to design the concession process in a way that minimises the environmental risk to the national assets under its control. However, situations may arise where changes which have not been anticipated may cause SANParks to require adaptations to the management of the area.

50.5 Code of Conduct
