The HDA also undertakes the programme and project management for development of housing and human settlements. The HDA carries out its functions in partnership with a range of stakeholders including national, provincial and local government and municipalities, as well as with communities, developers and financiers. Established in 2009, the HDA was established by an Act of Parliament in 2008 and is accountable through its Board to the Minister of Human Settlements. For more information about the HDA, please visit our website: www.thehda.co.za.

2. The Department of Human Settlements Mandate Framework for the National Housing Policy: a Vision for Housing In South Africa

The housing vision is the establishment of viable, socially and economically integrated communities, situated in areas allowing convenient access to economic opportunities, as well as to health, educational and social amenities in which all South Africans will, on a progressive basis, have access to:

The housing vision is underpinned by principles of sustainability, viability, integration, equality, re-construction, holistic development and good governance. South Africa's housing policy and strategy must contribute to a non-racial, non-sexist, democratic integrated society. The goal is to improve the quality of living of all South Africans with an emphasis on the poor and those who cannot independently satisfy their basic housing and shelter needs.

3. Background
