As discussed, we require emergency electrical repairs at the Kirstenbosch Research Centre.

On the passage of the north wing of the building, once the lights are switched on, there is a burning smell coming from roof and plugs keep tripping, currently this wing is switched off at the DB.

Can you please make arrangements with one our Maintenance Supervisors Mr. Wayne Peck (076 333 6718 / 021 799 8650) also copied into this email for an inspection on Monday 20 April 2026.
