3.17 Evaluation of Specific Goals – BBEE status level	BBEE will be scored out of 20 points in accordance with PPPFA. If a tenderer fails to meet BBEE status level and does not submit proof, the tenderer will not be disqualified. However, they will be awarded 80 points for price and will score 0 points for BBEE status level (out of 20). <table border="1" data-bbox="738 1435 1525 1821"> <thead> <tr> <th>B-BBEE Status Level of Contributor</th><th>Number of Points (80/20 system)</th></tr> </thead> <tbody> <tr><td>1</td><td>20</td></tr> <tr><td>2</td><td>18</td></tr> <tr><td>3</td><td>14</td></tr> <tr><td>4</td><td>12</td></tr> <tr><td>5</td><td>8</td></tr> <tr><td>6</td><td>6</td></tr> <tr><td>7</td><td>4</td></tr> <tr><td>8</td><td>2</td></tr> <tr><td>Non-compliant contributor</td><td>0</td></tr> </tbody> </table> Note: Failure on the part of the supplier to submit supporting documents/proof of B-BBEE status level for purposes of evaluation and scoring by RFQ closing will not result in	B-BBEE Status Level of Contributor	Number of Points (80/20 system)	1	20	2	18	3	14	4	12	5	8	6	6	7	4	8	2	Non-compliant contributor	0

1.3 Tender Returnable – Specific Goals (B-BBEE status level)	Failure on the part of the supplier to submit “ proof of B-BBEE for purposes of evaluation and scoring by the tender closing will not result in disqualification (if tenderer is otherwise deemed to be responsive/acceptable in all other aspects). The tenderer will, however, be scored zero for B-BBEE status level for purposes of PPPFA scoring and ranking.
Can we use a provide orders as a form of reference? Or are you specifically looking for Reference Letters only?	Only a signed reference letter from the tenderer’s customer is acceptable.
Do you need 102 SAN certificates, or do you need 12 Multi Domain certificates of which the SAN domain quantity totals 102?	Additional SANs are required because Eskom consist of various environments that have different requirements that require more than one domain secured.
This is an OV SSL, same as the “Standard” SSL listed above. Please clarify how it differs, if it does, from item one.	An Advantage certificate secures 2 Domain names in the environment and has an option of adding additional SAN’s if need be whereas a Standard certificate doesn’t have this option.
Do you need 12 Multi Domain certificates along with 102 SAN domains relating to this?	No. Not all the Multi Domain certificates require SAN’s. It depends on the requirements for the environment. A Multi Domain certificate secures 4 domain names and only in an instance where more domain names need to be secured then one or more SAN’s will be added to the Multi Domain certificate.
In the technical evaluation criteria, point 12 is missing. Is there criteria point missing or is there 15 points instead of 16	There are 15 requirements (points) in the technical evaluation criteria. It is only an error in the numbering of points and it does not affect or change the weighting scores.
The pricing schedule, I’m filling the form, but the numbers are not matching, is there clearer instruction of filling the form as the numbers aren’t providing accurate data	For year 1 pricing amounts, the tenderers must populate Cells J36, J40, J44, J48, and J52. This will ensure that the numbers are matching and accurate.
