- Q3. Who is Incumbent in this account. Who is looking into LAN Infrastructure.
A3. *This question is irrelevant to the Tender.*
- Q4. It's seemed we must provide WAN Links as well. Who is incumbent WAN provider there?
A4. *This question is irrelevant to the Tender.*
- Q5. Will devices and Links be owned by PetroSA?
A5. No the device would be supplied, maintained and supported by the awarded Service Provider.
- Q6. What APN size is required ?
A6. The APN size would be 10GB per USB LTE Dongle.
- Q7. There is a request for a 1000Mb centralised Internet breakout (Page 5) and then a request to provide local breakout (Page 8-J), do you require both?
A7. The internet breakout is separate and the 1GB is the Express route to our Microsoft Azure Platform.
- Q8. If staying on Mimecast please indicate the package and quantity required?
A8. Mimecast Security to Migrate to Microsoft Security platform for mail security.
- Q9. There is mention that no broadband links are to be implemented (Page 5) and later mentions Broadband links on page 10?
A9. Where there is no fibre an option for broadband would be entertained in particular to the remote locations like the Tzaneen depot.
- Q10. Is the only PBX solution going forward going to be MS Teams?
A10. That's correct.
