Although courtesy copies were made available to prospective bidders it remains their responsibility to ensure that their bid submissions contain all the applicable pages and returnables (if applicable) of the tender document.
- Preferably print the tender document single sided rather than double sided as it eases the bid assessment and evaluation processes.
- When preparing bid submissions (e.g. files containing the completed tender document and all supporting documentation) it is advisable NOT to split the tender document into different sections as this often leads to incomplete bid submissions in that certain pages of the tender document are omitted or that bidders fail to sign certain pages of the tender document. It is best to include the complete tender document at the top of the file followed by supporting documents.
- Prospective service providers are requested to write their company name on the cover page of the tender document – refer space provided for that purpose.
- The General Questionnaire provided on page twenty-five (25) of the tender is important and suppliers should focus on the requirements stipulated in the questionnaire once they have completed the entire tender document and prepared their detailed bid submission since it would assist them to ensure that they adhere to tender rules and comply with requirements.
- *General Tender Conditions* commencing on page five (5) of the tender document must be read carefully before the completion of the tender document.
- **ALL APPLICABLE PAGES OF THE TENDER DOCUMENT MUST BE SIGNED/INITIALLED IN ORIGINAL INK AND RETURNED AS PART OF YOUR BID SUBMISSION.** Failure to return a page (which constitutes an incomplete bid submission) or unsigned/un-initialled page/s of the tender document shall lead to bids being disqualified. It is suggested that more than one person signs/initials the tender document pages to ensure that it is done properly and that no page is skipped.
- **N.B There is a provision at the bottom of each and every page for a signature/initial.**
- **ALL CORRECTIONS AND/OR ALTERATIONS SHOULD BE SIGNED**, failure of which may lead to the disqualification of bid submissions.
- **EACH ALTERATION should have its own signature/initial.**
- **Any changes/alterations to pricing that is not signed/initialled are material and, therefore, not allowed.**

- **THE USE OF CORRECTION FLUID/TAPE TO AMEND/CHANGE PRICING MUST BE AVOIDED.** The tender rules specifically provide that if correction fluid, tapes or any other such method is used to alter pricing it shall lead to the disqualification of a bid submission. Note the caution expressed at the bottom of each page in the tender document in this regard.
- All potential service providers that wish to do business with the Electoral Commission must register on the Central Supplier Database (CSD). In particular, prospective bidders **MUST** register on the CSD prior to submitting their bids. Further detail and guidelines in this regard are available on the Electoral Commission's website as indicated above.
- Please include a printout of your Central Supplier Database (CSD) registration form in your bid submission and state your unique CSD registration number on page fourteen (14) of the tender document as required.
- A bid shall be disqualified if the bidder is not registered on the Central Supplier Database (CSD).
- National Treasury has placed an obligation on the Electoral Commission to ensure that persons conducting business with it are tax compliant.
 - Your entity's tax compliance status is indicated in the Central Supplier Database (CSD). The Electoral Commission will only contract service providers whose tax status is compliant. This means that if you were tax compliant during the bidding phase but become non-compliant before the bid adjudication is completed, your bid will be disqualified if your tax affairs remains non-compliant as per the provisions of *National Treasury Instruction No 9 of 2017/2018 Tax Compliance Status Verification*. It remains your responsibility to ensure that your taxes are in order, remain in order and that this is reflected on the CSD. You must also ensure that all sub-contractors (if applicable) are tax compliant.
- If preference points are claimed, an original or certified copy (not a copy of a certified copy) of the valid B-BBEE status level certificate from an accredited verification agency or affidavit, if applicable, must be submitted together with the bid.
- The 80/20 preference point system will be applied in accordance with the formula and applicable points as provided for in the respective status level contributor tables in the Preferential Procurement Regulations, 2017. Failure to submit the required B-BBEE status level certificates or affidavit will lead to a zero (0) status level for non-compliant service providers/contributors and no preference points will be given. Furthermore, it is important that correct information and documentation with regards to B-BBEE is submitted by bidders i.e., the B-BBEE certificate or affidavit must match/correspond with the annual turnover information submitted in the tender document and the annual financial statements. The tick box information in the tender document to be completed and should correspond with the B-BBEE documentation submitted.

- The thresholds applicable to B-BBEE are as follows:
 - All EMEs are required to submit a B-BBEE EME sworn affidavit or CIPC B-BBEE certificate. This applies to entities with an annual turnover below R10 million.
 - QSEs follow two paths dependent on the percentage black ownership. This applies to entities with an annual turnover above R10 million and below R50 million.

- Please note that all joint ventures must submit a combined B-BBEE document assessed for the applicable bid.
- The *B-BBEE status level information* on page fifteen (15) of the tender document needs to be completed carefully and accurately. The information is used for purposes prescribed in the Preferential Procurement Policy Framework Act and its Regulations and for the final adjudication of the tender. It is advisable to take note of the latest developments concerning the Preferential Procurement Regulations, 2017 from National Treasury, especially in respect of consortia, joint ventures, *et cetera* and eligibility for preference points.
- The Employment Equity Act (EEA) requirements are also important. Bidders must ensure that correct information is submitted together with the bid. As an example, bidders must not claim to be an EEA designated employer if they are not. It is important for bidders to ascertain the latest developments around the EEA from the Department of Labour and to ensure that they are fully compliant. Enactment of the Employment Equity Amendment Bill is of particular importance as Section 53 of the Act will provide that State contracts may only be issued to employers that have been certified as being in compliance with their obligations under the Act. For that, bidders will be required to obtain a certificate from the Minister of Employment and Labour to certify that they are compliant.
- **Do not RETYPE tender documents or any part thereof.** If there is insufficient space, the pages of the tender document in question may be photocopied and attached to the original document.
- Copies may be made of relevant pages of the tender document. It is suggested that copies of applicable pages of the tender document, for example the pricing schedules, be used as rough drafts and then to submit the original completed document for tendering purposes. Although photocopies of the tender pages could be submitted if necessary, all

pages must be completed and signed/initialled in original ink. Photocopied detail and/or signatures/initials will invalidate the bid submission.

- The *Tender Questionnaire* (including all declarations) on pages fourteen to nineteen (14–19) must be completed by the service provider. In the case of a consortium, joint venture, partnership or a subcontractor, the forms should be completed for each and every member in order for the Electoral Commission to be able to determine the necessary information and declarations. Separate forms must be used for each entity – do not combine information for multiple parties on a single form. Failure to do so may invalidate a bid submission.
- The unique National Treasury Central Supplier Database (CSD) registration number on page fourteen (14) must be stipulated as the Electoral Commission will use this information to draw supplier reports on the CSD to verify information such tax compliance status, banking details, *et cetera*.
- As such, the unique CSD registration number will be used to capture your company details as a vendor to the Electoral Commission in the event that your bid succeeds. The Electoral Commission will draw your registration detail from the CSD and any changes (including banking details) you effect to your registration on the CSD will automatically update your registration as a vendor to the Electoral Commission. Detail provided on invoices issued to the Electoral Commission must correspond to the detail of your company as registered on the CSD. It remains your responsibility to ensure that details are correct to enable the Electoral Commission to effect any payments due to you.
- The *Financial Information* on page eighteen (18) should be completed.
- The *Delivery and Guarantees* section on page nineteen (19) should be completed.
- The *Bidder's Disclosure and Declaration* from page twenty (20) to page twenty-three (23) of the tender document is important and must be completed by the service provider and in the case of a consortium, joint venture or a subcontractor, by each and every member. Failure to do so may invalidate a bid submission. The information provided will *inter alia* be used in order to address possible conflict of interest that may arise.
- In the case of a consortium, joint venture or partnership being formed, relevant documents should be submitted for all parties concerned. This is also applicable to the use of subcontractors where 25% or more of the work is being done by another party. Separate forms must be used for each entity.
- It is important to complete all pricing schedules included in the tender document. Failure to complete any pricing schedule that is required to be completed shall invalidate a bid submission. Where additional information is required, for example detailed costing schedules, such information must be submitted as part of the required written submission (where applicable). The mandatory pricing schedule/s in the tender document must not, however, be substituted by the service provider's own pricing schedule/s as it will lead to disqualification.

- Bidders should note the provisions and evaluation criteria provided on page twenty-three (24) as well as the bid evaluation schedule included at the end of the tender document, with specific reference to matters that will lead to the disqualification of bids received due to non-compliance. Bidders are advised to use the evaluation criteria as a guide and checklist to ensure full compliance with all requirements and that all the necessary information and detail are provided in their written submission.
- A due diligence audit will be performed on a shortlisted bidder in order to confirm details and information, capacity, capability and ability to execute the contract. The due diligence audit process is not aimed at creating any expectations or commitments as it is merely part of the overall bid assessment process. In order to mitigate risks, the Electoral Commission may not consider bidders that do not have the necessary capacity, capability and ability which includes financial liquidity to execute the requirements set out in the tender.
- A contract/service level agreement (SLA) may be entered into.
- The Electoral Commission's payment terms are within thirty (30) days after the receipt of a valid tax invoice, provided that such invoice is not disputed.
- To avoid unnecessary delays in payment, it remains the service provider's responsibility to ensure that their banking details are correct and validated on the Central Supplier Database (CSD). The Electoral Commission will not be liable for interest accrued on overdue accounts where the service provider has not resolved their incorrect banking detail on the CSD.
- The award of the tender will be published in the Tender Bulletin (when available again) and the National Treasury eTender Portal as well as the Electoral Commission's website as may be applicable. Bidders should note the award of the tender as published and that no general notices to unsuccessful bidders will be issued.
- A successful bidder may be required to sign a service level agreement (SLA). In the event that the Electoral Commission fails to negotiate a contract/service level agreement with a bidder their bid may be set aside.

General – Bidders must at all times scrutinise the tender document and bid specifications carefully in order to ensure that they provide all the necessary information in their written responses as well as take care that copies of all relevant documentation that is required is submitted as part of their bid.

Written submissions are critical and must contain all the required and relevant information in order to enable proper evaluation of bids. Failure to ensure that the written proposal is complete may result in the bid not meeting all the requirements

stipulated in the bid evaluation criteria. Bids not meeting the requirements will not be acceptable and shall be disqualified.
